"White wings, outside and police up," was the familiar command given by former service men at Chillicothe, Ohio. More than 100 members of the Ross County post, of the American Legion responded, shouldering shovels and brooms to give the city a thorough cleansing. Twenty teams of horses and fifteen dumping trucks were borrowed for the work, which was undertaken by the Legion members because of the city's depleted finances. The clean-up saved Chillicothe \$2,000.

Majestic Underground Garbage Receiver

Sanitary garbage disposal—underground—is accomplished with the Majestic Underground Garbage Receiver. Dogs can't upset it as they do the ordinary unsightly garbage can. Flies and vermin can not get to it. It is sanitary and odor-proof.

This underground receiver is more convenient, too. Stepping on a bandy trip opens the can. It is economical because it will outlast the ordinary can.

The Grolier Society of New York cordially invites you to attend the opening of the Book of Knowledge Exposition at the Children's Shop in the North Shore Hotel, Evanston, Monday afternoon, May 9. This exposition is especially planned for the convenience of the parents of school children on the North Shore. Many parents have heard of the Book of Knowledge but have not had a chance to examine a set. As a result they have purchased something else believing they were getting the Book of Knowledge and they have been disappointed. The Book of Knowledge comes in twenty volumes and no abridgment has ever been made. During the exposition parents may arrange to buy the set if they wish, at the rate of one volume per month. If you have the good fortune to be a parent you cannot afford to miss this opportunity to see the set complete, make comparisons, and ask questions
