

### FINANCIAL COUNSELOR

Where Individuals May Have Their Money Problems Solved.

By EDGAR TAYLOR WHELOCK. (Copyright, 1921, American Press League.)  
 Would you like to own your home? Go to your community banker and learn how to open an account that will prove to be the first step toward freedom from rent-paying.  
 Are you thinking of making an effort to accumulate capital for investment in a paying business? Your banker will explain how this can be accomplished.

**Invest Savings With Care.**  
 Have you been solicited to invest your savings in the stock or bonds of some industrial enterprise? Before doing so ask your banker to look up the character and financial standing of the company offering the securities for sale.

Are you in the market for a mortgage, or is it necessary for you to mortgage your property to meet pressing obligations? Go to your banker with the problem and he will explain how you can solve it to the best advantage.

Do you want to discount your bills in order to take advantage of the opportunity thus afforded to make a substantial saving? Your banker will tell you how you can make the turn.

**Bankers Are Human Beings.**  
 Thousands of persons who should take their financial problems to the banker are prevented from following that course by the mistaken notion that the banker is something of a business aristocrat, a sort of super-businessman with about as much warm blood in him as a cash register, a comptometer or the multiplication table.

As a matter of fact bankers are human, precisely like the rest of us. In money matters they are forced to be cautious because every smooth swindler in the land is out to get the better of them. They are handling other people's money and dare not take chances. This makes them safe counselors.

It is the banker's business to furnish financial counsel to individuals who may have enough common sense to appeal to him when occasion requires. The merchant who wants to borrow money to discount his bills; the farmer who is thinking of buying a new reaper or a registered bull; a professional man or wage earner looking for a safe investment for his savings; the man who is determined to cut out some foolishly extravagant habit and open a savings account—all these people, natural clients of the community banker, should cultivate intimate relations with him.

**Revival of the Thrift Spirit.**  
 We are told that the industries of this country must be reorganized and restored to a normal basis before future prosperity can be assured. This can be accomplished only by a revival of the Thrift Spirit which enabled us to finance the great war and, to the end that the greatest measure of success may be attained, the banks must be made the center of the movement.

**PREVENTION BEST REMEDY**  
 Prevalence of an epidemic of "private stock burglaries" in Kenilworth has led the village officials to appoint four policemen to help Capt. Patrick J. Murray in fighting this peculiar departure in crime. Captain Murray has been successful in rounding up the culprits in several instances but a situation developed too big for one man to handle with the result that officials augmented the police force in the determination to stamp out the evil practice.

Rangers in the government service in the Yosemite national park are among the former service men to receive charters for posts of the American Legion. The post, which will be known as Yosemite No. 258, is the first to be organized in the National Park. The next state convention of the California Legion will be held in Yosemite valley.

### Kenilworth Happenings

The Kenilworth Branch of the Evanston Hospital Guild will have a sale of fancy articles at the home of Mrs. Rufus B. Stolp on Saturday, May 21, at 2:30 o'clock in the afternoon. Tea will be served. The sale is being given to raise money to help furnish rooms in the new addition of the Evanston hospital. Those in charge of the sale earnestly hope that everyone will attend, as Kenilworth wishes to furnish two of the rooms. It will cost \$50,000 to furnish all of the rooms at the hospital and all the suburbs are doing their share in helping raise the funds. Wilmette gave a charity bridge for the benefit last Tuesday evening at the Country club, and has already raised enough funds for the complete furnishing of one room.

On Sunday Miss Harriette Ridgway left for Boston, where she will visit school friends until commencement time at Bradford academy, when she will go there to attend her class reunion. Later Miss Ridgway will go on to Philadelphia to be a member of the bridal party at the marriage of Miss Doris Miller and Mr. Wendell Clark, son of Mr. and Mrs. L. A. Clark of Wilmette, which is to take place on June 16. Mr. Samuel Clark, Miss Ridgway's fiancée, will go east at that time to serve his brother as best man.

Mrs. George Shipman entertained a few tables of bridge on Wednesday afternoon, in honor of Mrs. Frederic A. Willis.

At the annual meeting of the Vil-week Mr. William F. Freudenreich, was elected president, and Mr. Otto Owen, vice president.

Mrs. Otto C. Owen entertained at bridge last Friday evening in her home. There were six tables.

Mrs. George Shipman has returned home after a month's visit in Lincoln, Neb.
