

HINTS FOR THE GARDEN

Edited by David H. Stevenson,
Director National Home Gardeners'
Association

GREEN ONIONS

Everybody likes to eat the first new little green onions of spring. These are among the first vegetables that any home gardener can raise. In order to have these onions at the earliest date plant onion sets which are sold at seed stores in three varieties: white, red and yellow. Many prefer the white variety as they are milder to the taste. These onion sets vary in size from three quarters of an inch to the size of a pea. Those the size of a pea are just as good and will grow just as large an onion as the larger ones.

A 20-foot row planted every two weeks will supply an abundance of green onions for all purposes until onions grown from seed mature. Plant the sets as soon as the ground can be dug in the spring. Frost cannot hurt them. They will grow in any garden loam.

Plant the sets in rows 12 inches apart and the sets 3 inches apart in the row. Push each one down into the ground 2 or 3 inches and completely cover with soil. You may expect green onions ready to eat in 3 to 4 weeks after planting.

ANNOUNCEMENT

Boys and girls of this village are invited to enter an interesting contest announced this week by the National Home Gardeners' association, in which No. 2 Brownie Kodaks are to be given to school children who send to the offices of the association subscriptions of ten persons to the association. The children are to collect no money but merely send in the names of prospective subscribers to the offices of the association at 306 S. Wabash avenue, Chicago. Blanks are to be obtained by writing the association offices.

The National Home Gardeners' association is a civic organization formed by public spirited men and women of Chicago and vicinity to encourage and make home gardening successful. Benefits to members are listed as follows: 1. The Home Garden, a monthly magazine. 2. Question and Answer department. 3. Landscape department, free plans to members. 4. Home Economics department. 5. Poultry department.

Memberships are one dollar per year. The subscription price is to be mailed directly to the offices on the National Home Gardeners' association, 306 S. Wabash avenue, Chicago. The solicitors are not to collect the subscription money. A Kodak is to be sent to the solicitors as soon as the ten subscriptions have been paid.

REALTORS LAY PLANS FOR NATIONAL MEET

North Shore Real Estate Board To Have Active Part in Chicago Convention; Vote New Members

Every north shore suburb was represented at the regular May meeting of the North Shore Real Estate board held Monday evening of this week at the offices of president C. T. Northrop, in Winnetka. Five new members were voted into the organization, representing important interests in north shore real estate circles.

Walton S. Bell, Harry L. Lyons, and George A. Engelhart, managers of the Wilmette, Kenilworth and Glencoe offices respectively of McGuire and Orr, were received into membership, together with Leonard H. Roach and George F. Gonsalves, Winnetka builders and brokers.

More Applications

Two new membership applications were announced upon which report will be made at the June session of the board.

Following the regular business meeting attention of the members of the board was directed to the approaching convention of the National Association of Real Estate boards to be held in Chicago early in July. It is the expectation of the North Shore board to assume an active part in the proceedings of that important gathering.

The North Shore Real Estate board is affiliated with both the national and the state associations.

NORTHERN LIGHTS GOOD TO LOOK AT, DISTURB WIRES

One of the most strikingly beautiful displays of the Aurora Borealis of Northern lights was seen in the village Saturday night. The play of the flashes of light brought many residents from their homes and "rubber-neck" parties were held on many a street corner as the rainbow-hued streamers of light blazed and flickered across the heavens.

According to reports coming in from all parts of the country, however, this electrical display caused much damage to the telegraph, and power lines.

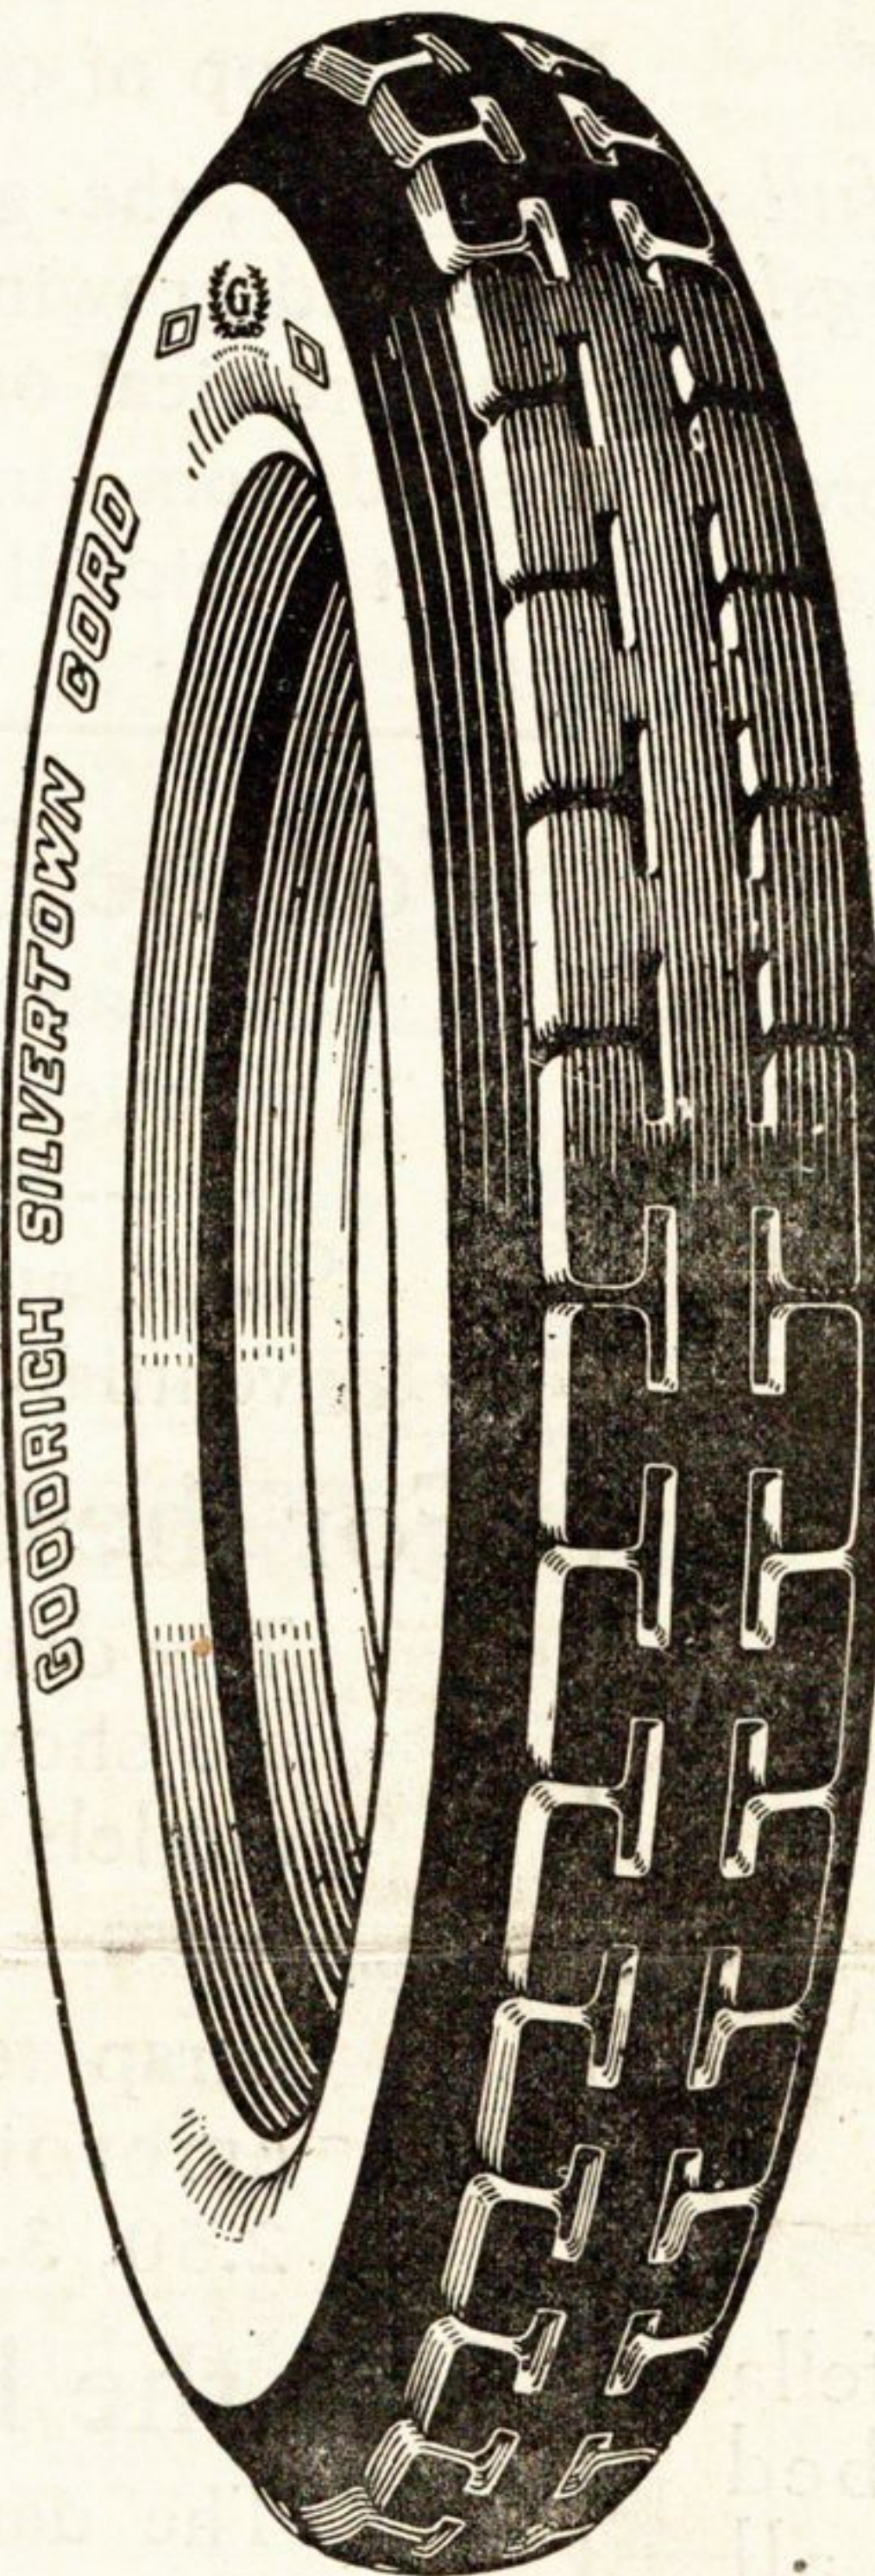

Telegraph communication with many parts of the country was completely cut off for several hours and in many places the earth currents were so strong that telegraph instruments were burned out. The aurora borealis is prevalent at this time of the year.

"Sages tell us that the best way to get the most out of life is to fall in love with a great problem or a beautiful woman." Why not choose the latter and get both?—Amherst Lord Jeff.

Photographs of the cemeteries in France where their sons lie buried will be supplied to gold star parents of Lynchburg, Va., by the American Legion post there in conjunction with the Kiwanis Club.

Housing conditions are as perplexing in West Seattle, Wash., as in the rest of the country. Hence the local post of the American Legion has bought a church which will be remodeled into a clubhouse.

Yes Silvertown Cords are included in the **20% Goodrich Tire Price Reduction**

"Best in the Long Run"

Among tires SILVERTOWN is the name that instantly conveys the thought of the highest known quality. Their genuine value has given them first place in the esteem of motorists.

Motor car manufacturers and dealers are quick to emphasize to their prospects that their cars are equipped with Silvertowns—knowing that neither explanation nor argument is necessary.

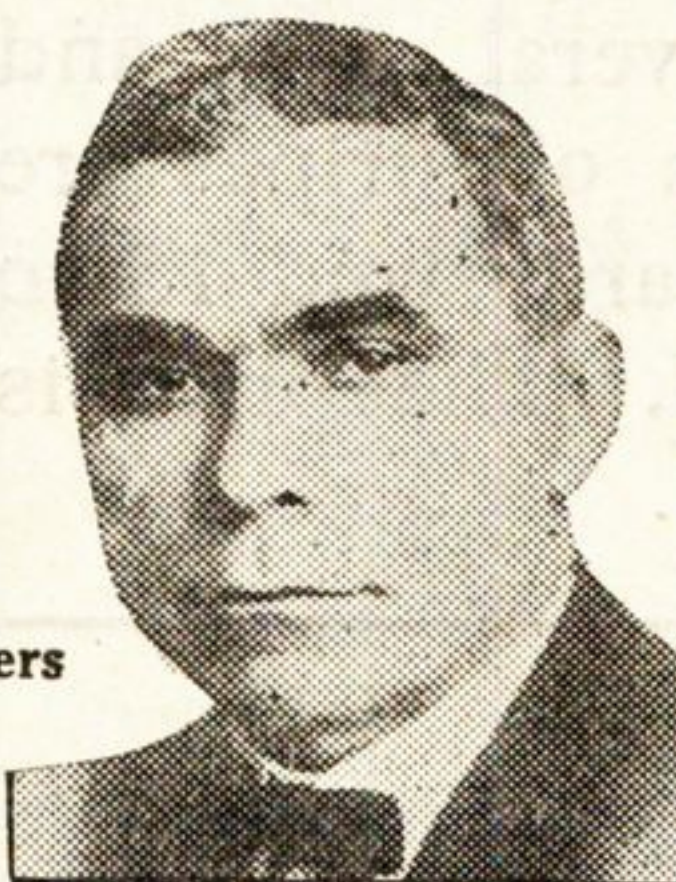

This makes all the more important the fact that Silvertown Cords are included in our re-adjustment of tire prices which took effect May 2nd.
