## Triangles Drop Close One to Wheeling Lads

Take Small End of 5 to 3 Count; Hanselman Forced to Retire Because of Illness

The Winnetka Triangles took a slight drop in the North Shore league standing last Sunday when they were defeated in a close game by Wheeling at Wheeling, 5-3.

The teams were on even terms until the fourth inning when Jack Hanselman, local hurler was taken sick and forced to retire from the game. Mish Knox, his successor, pitched good ball for the remainder of the game.

Winnetka scored three runs in the fifth inning but a ninth-inning spurt by the hostiles copped the pastime. This week the home boys will entertain the Waukegan team at the local pasture. The Triangles now are in third place, and by playing consistent ball for the remainder of the season will be able to finish way up in the column. There is still plenty of room for more spectators on the sidelines. A large gang of friendly rooters always can improve the quality of the home team's playing.

## CHURCH AND CLUB LEADER TAKEN BY DEATH TUESDAY

Funeral services for Mrs. Paul F. Williams, 487 Ash street, were held Wednesday afternoon at 2 o'clock from Rosehill chapel.

Mrs. Williams met death Monday night or early Tuesday morning in Lake Michigan. The body was found early Tuesday morning at the foot of Willow street by Mr. Williams and their son, Pierson. Mrs. Williams, who had been suffering from ill health for some time, was thought to have wandered aimlessly to the beach and fallen off the pier. It was thought she was stunned severely in the fall.

Mrs. Williams was an active worker in Christ church and prominently identified with the Woman's Guild of that church. She was a member of the Winnetka Woman's club and of the McDowell Musical club.

## LOCAL PASTOR TO ATTEND CONGREGATIONAL SESSION

## AN APPEAL FOR CO-OPERATION

Village Manager Woolhiser Asks Winnetkans Help Keep Bathing Beaches for Use by Winnetkans

by H. L. Woolhiser (Village Manager)

Last year after careful consideration of the question, and with the advice and suggestions of citizens from all parts of the village, the Village Council adopted certain regulations concerning the use of the beaches, the primary purpose of which is to conserve the beaches for the residents of the village and their guests.

Without regulation here, and with restrictions on each side of us, Winnetka would soon be known as an "easy mark" and our beaches, both public and private, would be overrun with outsiders. Moderate restrictions will prevent this. These regulations are:

1. Bathing or picnicking at street ends is not allowed.
2. Bathing and picnicking on private property is allowed only on consent of owner.
3. Dressing or undressing, except in permanent bathhouses, is not allowed.

In addition to the foregoing, the public is requested not to park cars at street ends, as the presence of cars there attracts outsiders to the beach and greatly adds to the difficulty of proper regulation.

These regulations should be, but are not, receiving the cheerful co-operation of all Winnetka residents; therefore this appeal. The public beaches at Lake Front Park and at Elder lane are open to you at all times. Numerous Sheridan road property owners have repeatedly stated that they will be glad to give permission for the use of their beaches to any Winnetka resident upon request. A brief written permit or telephone notification to the police station is all that is necessary.

If spoken to by a police officer, bear in mind his difficult task of distinguishing you from a non-resident, and, remember, that he is merely endeavoring to do his duty by carrying out instructions designed ultimately to enhance your pleasure and safety. Please give your municipal authorities a little co-operation.

## GLENCOE ATHLETE KILLED BY HIGH VOLTAGE WIRES

Henry Sticken, of Glencoe, well known among local base ball enthusiasts as the star catcher of the Glencoe Athletic club team, was instantly killed Tuesday morning June 21, by electrocution when he grasped a high voltage wire while working on a pole in Tessville, west of Evanston.

Sticken was employed as a lineman by the Public Service Company of Northern Illinois. An inquest was held Wednesday at the Hebblewaite Undertaking rooms at Evanston.

## VACATION FROM MOVIES

Motion pictures at Community House have been discontinued for the summer months, but will be resumed on Friday, September 16. An excellent program is being arranged for next season, details of which will be announced later.

## RECEPTION OF MEMBERS

Sunday morning there will be the reception of members and celebration of the Lord's Supper at the Congregational church, the date being advanced from July 3 to June 26.

## BANK EMPLOYEES' PICNIC

For the fifth consecutive year, the employees of the Bank of the Republic of Chicago, will hold its annual picnic in Winnetka, today. The headquarters will be in the Winnetka Woman's club, and the guests will have use of the public courts and bathing beach.

## 'Twas Some Alibi But Too Flimsy For our Coppers

The only resemblance Winnetka's Indian Hill railway station bears to the great terminal at Madison and Canal streets, Chicago, is that they belong to the same company. Consequently a couple of 'boes' found loitering in the vicinity of our depot had no right to become offended at detention simply because they had spent the greater part of the past several months basking in close proximity to the aforementioned terminal.

These boys, Camner Memonski and Joseph Fisher, found patrolmen Balkow and Dergdorf not in the least bit hospitable at 1 o'clock Tuesday morning and were still more peaked when the minions suggested lodgings in the village "hoosegow."

Even the explanation that they were making connections at Indian Hill with the next train for Nebraska made no impression on the flint-hearted coppers. They were released and sent back to Chicago.

## IT'S—WELL ANNOYING TO HAVE A HORSE ON ONESELF

Report that a horse was grazing contentedly, untethered and unattended, in the west limits of the village, the while trampling gardens and parkways, was the signal for a hurry-up call for the police Wednesday afternoon.

When the police arrived upon the scene of promiscuous devastation however, there was none of the equine species to be found, albeit the arms of the law had turned cow-punchers in the meantime being armed with regulation lariats, etc. Was that a horse on the police?

## LOST ARE FOUND

Kenilworth and Winnetka Police were called into action Thursday morning when the two small children of Mr. and Mrs. C. R. Small of Abbotsford Road, were reported to the police of both villages as having been missing for several hours. The little tots were found later at Elder lane and Poplar street by Patrolman George Balkow. The family only recently moved into the neighborhood and the kiddies were out exploring the surrounding region.

## VALUABLE RING MISSING

The loss of a valuable platinum ring, with diamond and ruby settings, has been reported by Mrs. J. Allen Haines, 846 Prospect avenue. The ring disappeared sometime between Saturday and Tuesday last, it is said.

## BROKEN LEG

James Phillips of Kenilworth, employed by the Consumers Company, suffered a broken leg Friday afternoon, in a fall while working in the company's ice house on West Dempster street, Evanston. Phillips was taken to the St. Francis' hospital.

## POSTPONE BOND ELECTION

The Special Bond Issue Election which, as was announced, had been called by the Winnetka Board of Education for July 9, to put before the voters of the village the proposition of erecting an addition to the Greeley school to more adequately accommodate the primary grades, has been indefinitely postponed, according to word from members of the school board. Excessive cost of construction is given as the reason for the delay at this time.

## CARNIVAL NIGHT AT COUNTY FAIR

North Shore People will Hark Back to Childhood Days in Riot of Fun on Northwestern Campus

### MUSIC, DANCING AND FUN

Children Have Big Time Saturday Afternoon. Older "Children" Plan for Night of Joy

Saturday evening will demonstrate whether or not the north shore possesses the carnival spirit. It will decide the question, will the north shore lay aside its calm dignity, don the domino and the false nose and show the world that when it comes to a Mardi Gras, New Orleans is not the only pebble on the beach?

The world hears about the "Veiled Prophet" at St. Louis, the Rose Festival at Portland, Oregon, the Flower Carnival of Los Angeles, the Rodeo of Wyoming, the convention of the Ancient order of Hibernians at Conep Island.

Will the world hear about the north shore County Fair and the great carnival event of its closing day, Saturday, June 25?

### Kaleidoscope of Color

There will be fun, fun, fun. Laughing, jostling crowds will ramble through the gymnasium building and over the grounds, tossing confetti and streamers.

The Great Lakes band, the Daily News band, Benson's orchestra, organ music and songs will rise above the medley of happy voices, carrying on a continuous symphony of musical merry-making.

Lanterns and brilliant lights will enliven the kaleidoscope of ever-moving color. Costumes of any and every description will hide away the conventional garb of every-day humdrum, and dignity will be concealed beneath a ridiculous-looking domino.

Just for one night—one short little night—everyone will play, throw off the cloak of reserve to indulge in a Mardi Gras.

Frock coats, high hats, modist gowns, kid gloves—hide them all away, just this once. Here is afforded a chance to play. Will you take it?

### Kiddies in Afternoon

The program, music and stunts committee have planned a lively program in keeping with the occasion for Saturday afternoon and evening.

The kiddies will have their costume carnival in the afternoon. They are to be entertained by Belmont's mannequin circus, which is one of the biggest attractions offered for the "Club Room" during the whole three days of the Fair.

Saturday is the day when they will receive their prizes for the ticket-selling contest. "Dinadan", the prize pup, will go to his rightful owner. Some boy or girl will be presented with the first prize, which has been purposely kept a secret.

### Real Merry-Go-Round

They will be able to climb on the Merry-go-round—picture a whirling merry-go-round, filled with brightly costumed children, bouncing to and fro on the dashing horses, and waving streamers from the gilded coaches!

They can gather around the fishpond and angle for prizes in its shimmering depths. They can plunge their fists into the mammoth grab-bag and pull out—well, nobody knows yet, the variety of toys they will pull out.

When the sun goes down and night comes around, then the kiddies will be tucked away in bed and the elders will silently steal out to the Fair grounds and forget that they are elders, in the fun of being kids again.

They will go to the "jumpsies" in the Club Room and witness a high-class picture show; they will wander out into the auditorium and watch the lighted Indian club exhibit.

They will watch the dancing, listen to the singing, and then, when they are thoroughly warmed up to the occasion—unloose the streamers, toot the horns, let the confetti fly—The Carnival night is on!

The County Fair, which opened Thursday for three days, is sponsored by the King's Daughters, St. Mark's Guild and the Northwestern Settlement, and is held for charity. These three great organizations have a membership that extends throughout the north shore.
