Restitution

Ernest Lyons, the Evanston "expert" who is mixed up in the Thompson-Lundin-Faherty three million dollar Chicago scandal, is very busy these days. Together with the other defendants in the same case he appeared recently before Judge Kenesaw Mountain Landis, seeking immunity from producing his books, accounts and bank statements before internal revenue collector, John C. Cannon. Mr. Cannon is a Brundage Anti-Thompson-Anti-Small man who recently was appointed internal revenue collector by President Harding. Evidently he has been impressed by the large incomes which these men are supposed to have been receiving for the past few years and is busy now checking up to see if they have made the proper return to the federal government in their income tax reports. It is going to be hard on the "experts" if they are forced to pay additional income tax and penalties and then on top of that have TO MAKE RESTITUTION to the City of Chicago. Especially will this be hard if there is truth in the current belief that the major portion of the tremendous fees received have already been paid into the Thompson-Lundin campaign fund,—and most of it spent in the ill-fated and disastrous, from their point of view, June judicial election.

WORLD PRESS MEETING IN HAWAII NEXT FALL

Special Press Rates to be Arranged for in Connection With Congress of Newspaper Editors

Honolulu, Hawaii. — Arrangements which are expected to result in the establishment of special press rates from Hawaii to some forty countries during the sessions of the Press Congress of the World at Honolulu next October are being made by W. S. P. Hawk, local manager of the Radio Corporation of America, it is announced.

It is expected that between 450 and 500 editors, publishers and newspapermen will come to the Islands this fall, and as a large number of them will undoubtedly desire to keep their respective publications informed by radio as to the Congress proceedings, the idea of special press rates occurred to Manager Hawk, and he is taking up the matter with the Eastern office. Later on the vice-presidents of the

Congress, scattered over the globe, will be consulted.

Plans are going ahead rapidly for the chartering of a special steamer in which the delegates will be taken on visits to all of the larger islands of the Hawaiian group. Special entertainment programs are being prepared by the residents of these islands, and there will be a number of interesting features aside from the general sight-seeing tours that will be arranged on all of the islands.

Delegates, while they are at Honolulu, will have time to enjoy the surf riding and swimming at Waikiki beach. Visits will be made to the big sugar mills and pineapple canneries, and there will be several old-fashioned "luaus", or native music and hula-hula dancing. Realizing the importance of the Press Congress, the people of Hawaii, including some twenty-six races and mixtures of races, are working hand in hand in an effort to provide for the visiting newspapermen as fine a program of entertainment as is possible. The recent Legislature appropriated \$25,000 to help cover the cost of entertaining the visitors, and the people of Hawaii are to raise a similar sum for the same purpose.
