Cool days and evenings are here. Wool is the only material that keeps cold out and warmth in. That is the reason for the popularity of the under wraps that we have such hard time keeping in stock.

SWEATERS and VESTS

Sweaters, big hefty boys, built to laugh at the zero weather. Colors and weaves, as well as sizes are complete.

Vests of soft knitted material, just right to wear under the under coat, plenty of pockets, and cut to fit. Suitable for business or dress wear.

Under wraps in all colors, the Tom Wye line, with and without sleeves, two and four pockets. Warm as toast, these, without being the least bit heavy or uncomfortable. Great for sport wear, business wear or just knocking around in, and are at their best out on the links.

MUFFLERS

The soft wooly ones, comfortable up around the neck when the wind whistles through that bare space between collar and hat.

SPORT HOSE

Direct importations from England and Scotland, the newest colors. Worn with knickers, which are becoming more and more popular every day, they supply warmth and a lot of comfort.

WOOL HOSE

The day of the high shoe is about past with fashionable dressers. Wool hose go with the low shoes. We have them in all weights, the Interwoven Brand, in cashmeres and silk and wools.

FURNISHINGS OF ALL KINDS

Collars, shirts, hose, underwear, scarves, everything necessary for the well dressed man's wardrobe will be found here-- up to the very minute.
