

ASK UNITED PRAYER ON ARMISTICE DAY

Governor Small Issues Proclamation Calling Upon Citizens to Observe Anniversary of Close of Great War

Calling upon the citizens of Illinois to unite in observing Armistice Day, on November 11, by pausing for silent prayer for two minutes at 11 o'clock, and by holding appropriate exercises in commemoration of the victory won by American troops, Governor Len Small this week issued the following proclamation:

"WHEREAS, At its last session, the General Assembly of Illinois enacted a law, which received executive approval, providing for the observance of November the eleventh, the anniversary of the Armistice, as a holiday in commemoration of the victories of the United States armies in the great World War; and

"WHEREAS, On the eleventh day of November of this year there will be buried in the National Cemetery at Arlington, Virginia, the remains of an unknown soldier who was a member of the American Expeditionary forces in Europe, which remains will be representative of all unidentified American dead who, in the World War gave their lives that civilization and free government might endure, and

"WHEREAS, The President of the United States has by proclamation called upon the people of America to recognize by appropriate ceremonies on that day the loyal devotion and self-sacrifice of our valiant dead;

"NOW, THEREFORE, I, LEN SMALL, Governor of Illinois, in accordance with the aforesaid proclamation of the President do hereby call upon all devout and patriotic citizens of this state to pause from their accustomed duties and recreations on Friday, the eleventh day of November, next, from twelve o'clock noon to two minutes after that hour, Washington time (11 o'clock a. m. Illinois time) for a period of silent prayer and thanksgiving to Almighty God for the precious lives that were so willingly given in our country's cause, and I furthermore ask that appropriate exercises be held on that day by the people of Illinois in commemoration of the victories of our dead soldiers and sailors which so largely contributed to the cessation of hostilities in Europe on November the eleventh, 1918.

"I hereby further direct that the National flag be displayed at half-staff from sunrise until sunset on No-

vember the eleventh, 1921, on all State arsenals, armories, and buildings under the control of the administrative departments of the State."

TOM MIX COMING IN "BIG TOWN ROUND-UP"

"The Big Town Round-Up", in which Tom Mix, the Fox star, is to be shown at Community House next Friday evening, should be entertainment of the very best Mix brand, if one may judge by an outline of the story, written by William McLeod Raine.

Mix appears as a young ranch owner, with whom romance begins when he meets, through auto trouble, the pretty daughter of a wealthy father who is on tour seeking investments in the far west. The romance is developed in San Francisco, and of course culminates in the union of the lovers. But meanwhile Mix experiences—thanks to sundry foes—enough thrilling encounters to satisfy the most rabid trouble hunter.

Also, he rescues from imminent peril two girls—each of them twice—in addition to saving a child in a runaway. All in all, it is quite impossible to escape the impression that "The Big Town Round-Up" is a speedy and

nerve-tingling proposition.

The role of the heroine is enacted by Ora Carewe.

There will be three shows, at 4, 7:15 and 8:45.

Starting Signals. Professional sprinters start off at the report of a pistol, but the rest of us begin our sprint when we hear a motor horn.

WORTH READING

A PROMINENT WINNETKA CAR OWNER WRITES:

October 24, 1921

The Electric Storage Battery Co.,
Marquette Bldg.,
Chicago, Illinois.

Gentlemen:

The unusual quality of Battery Service which I have received at your Winnetka Service Station deserves a word of appreciation. Although I have a battery of another make, I have received the most willing and courteous service from the men of your station, particularly on two occasions on which they responded within fifteen minutes to a telephone call with a spare battery, and enabled me to use my car immediately. The charges for this service were not only very reasonable, but the men themselves refused to accept any additional compensation whatever.

This kind of service is such a contrast to that an owner of an automobile usually encounters that it is a pleasure to express some appreciation to your good Company.

Your very truly,

.....
