Mrs. Walling announced the Garden club will meet at her home next Thursday. Miss Frances King will give a talk on "Color in Gardening."

Mrs. Porter announced the new organization, The North Shore Theater Guild. Their object is to promote the drama and its best development. The first performance will be given at the Woman's club on November 10 and 11. The play will be Edna Ferber's "Twelve Hundred a Year".

Mrs. Foster, chairman of the Civics and Philanthropy department, then introduced Prof. McLoughlin of the University of Chicago, whose subject was "The Disarmament Conference". His address was replete with sound and fair minded logic. The speaker said: "The World needs breaking away from all shackles of Bourbon diplomacy. We must stop spending money and human energy on armaments. You can do more by kindness than you can by force. The situation calls for Intelligence, Thought, Conscience and Good-Will. Great Britain and the other nations are looking to the United States for help in solving this great question."

At the close of Professor McLoughlin's talks, Mrs. Ballard introduced

the following resolution which was voted to be sent to our representatives at Washington.

"Whereas, the women of the Winnetka Woman's club believe that the success of the Conference at Washington for the limitation of armament will depend in large measure on the pressure of the public opinion of the peoples of the nations involved and are further convinced that this public opinion should be based on accurate information and not on ignorance fed by rumor, therefore, be it

Resolved: that the Winnetka Woman's club go on record—first, as being in favor of limitation of armament, and second, in favor, that full publicity be given to the progress of the Conference in its various stages and, be it further

Resolved, that the secretary be instructed to write to our Representatives in the House and Senate and to the State Department at Washington to that effect".

The following women were hostesses for the tea which followed the meeting, Mrs. Theodore Brown, Mrs. Harry Craig, Mrs. John Edgar Freeman, and Mrs. Vernon Welsh.

Parent-Teacher Activities

Under the auspices of the Winnetka Parent-Teacher association another step in our development of the public school was accomplished last week. Milk in the individual bottles, equipped with a straw is now being served in the morning to all who wish it, at a most moderate charge, owing to a most generous arrangement with the Bowman Dairy company.

The first of the teachers' monthly dinners took place in Community House Wednesday evening of this week. Twenty teachers were present and it is hoped the affairs may prove so popular as to become a regular monthly event.

Relief and Aid Society Notes

The annual meeting of the Winnetka Relief and Aid society was held October 10, in the Winnetka Public Library. The minutes of the last annual meeting were read and approved. Mrs. Victor Elting, president, in her report, spoke of the great amount of good accomplished generally during the year.

After the secretary's report the report of the treasurer, Mrs. Henry Gardner, was read. The total receipts for the year were \$3,713.68 and the total disbursements \$3,700.39.

Miss Garretson, visiting nurse, gave a very interesting report of the year's work, her many visits to families, calls to patients, her hours spent on the physical examinations of our public school children, children's dental work, attention to the weighing of babies at her office in Community House.

Mrs. de Windt, chairman of the Visiting Nurse committee, spoke most enthusiastically of Miss Garretson's work. Mrs. Odea, chairman of the Finance committee, reported an increase in the appropriation by the Village Council for our organization, and that the response to the November, 1920, appeal was not enough, so that in April reminders were sent to those who had not subscribed. Mrs. Otis, chairman of the Housing committee, reported that due to the very fine work of our Village Council, conditions were most satisfactory. Mrs. Stein, chairman of the Used Clothes committee, reported a profit of \$546.26 on the sale of used clothing donated by the people of Winnetka. Miss Kate Dwyer's assistance in the good work of this department is greatly appreciated.

After the election of officers and directors for the ensuing year the meeting was adjourned.

"NO INDUSTRIES" SAYS HUBBARD WOODS

(continued from page one)

opinion was expressed relative to the proposed establishment of an industrial area west of the village, but the speakers agreed on the principle points of discussion.

About 100 Hubbard Woods property owners attended the meeting which taxed the capacity of the council rooms. The Zoning commission announced before the session adjourned, that no definite decision on the questions raised would be made at present, but promised that every question would be given careful consideration.

Property owners in the Indian Hill section of the village will be heard at a meeting in the Village Hall, Wednesday evening, November 9.
