The North Shore Theater Guild is announcing its first tea and reception of the season to be held on Sunday afternoon, November 13, from 3:30 to 5:30 o'clock. The guests of honor at this reception will be Miss Edna Ferber, author of "Twelve Hundred a Year", the Guild's first production, and Mr. Frank Bacon, author and star of "Lightnin'", the most successful play in American theatrical history. Both Miss Ferber and Mr. Bacon will make addresses. This tea and reception will be given for members of the North Shore Theater Guild exclusively.

As has been stated before, membership in the Guild is open to anyone, anywhere, who is interested, and who pays the membership fee of \$5 for the season of 1921-22. This entitles the members to (a) two tickets to each of the three performances to be given in 1921-22; (b) two tickets to the play to be given to members only; (c) two tickets to the tea and reception to speakers and guests.

The first play of the season is to be given Thursday and Friday evenings, November 10 and 11, at the Winnetka Woman's club, "Twelve Hundred a Year", written by a Chicago woman and acted by a large cast of well-known and prominent players. It is a play of humor and human interest.

Tickets for these performances will be on sale after November 5, at the Winnetka Pharmacy and Adams Pharmacy. Checks for membership in the Guild may be sent to Mr. Emory Cobb Andrews, 785 Willow road, Winnetka.

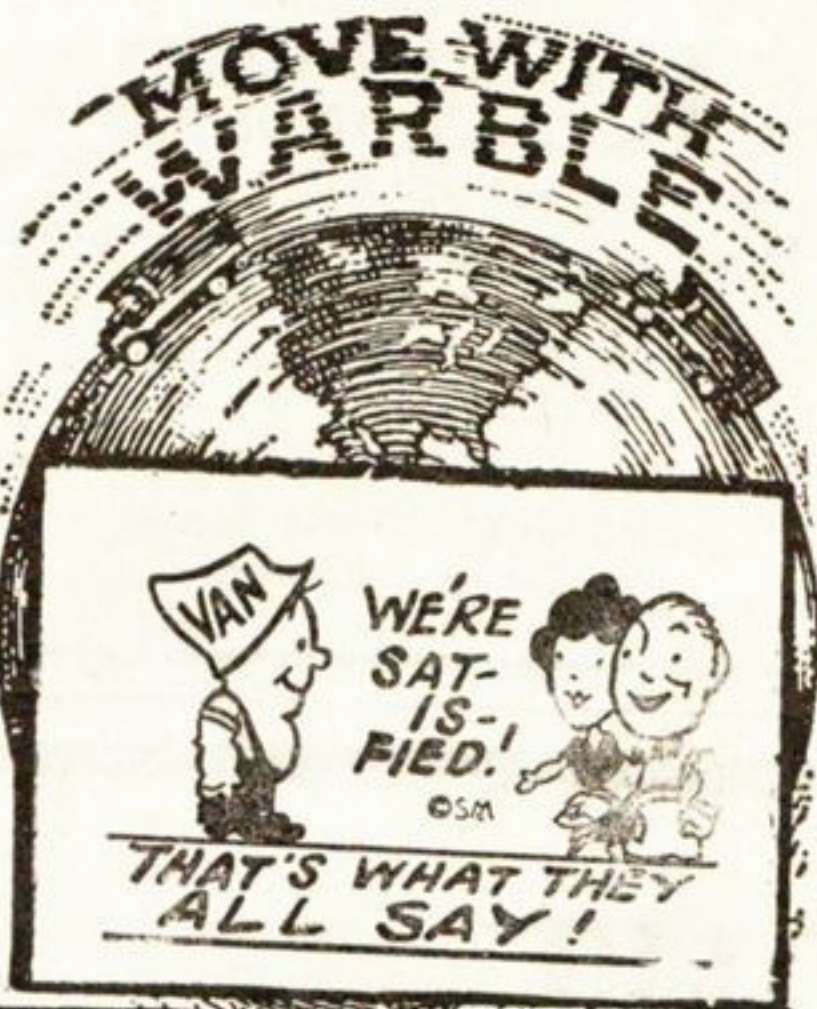

Professor Andrew McLaughlin of the University of Chicago was the speaker at the meeting of the Winnetka Woman's club on Thursday afternoon, his subject being apropos of the Disarmament Conference to be held in Washington, D. C., beginning November 11, one of the most vital subjects of the day.

The Woman's Christian Temperance Union will meet with Mrs. William Carey, 883 Oak street, Winnetka, on Monday, November 7, at two-thirty o'clock.

"The Task of Congress" is the subject to be discussed by Miss Julie Ad-

The various district workers for the Young Woman's Christian association are meeting this month in their own communities to hear of the work that has been accomplished through the funds received during the drive last spring. Mrs. William P. Sidley and Miss Emma Folsom, district chairmen, have invited the workers of the north shore to meet on Tuesday afternoon, November 8, at the Sidley home, 739 Humboldt avenue, Winnetka.

The Test

Of Greater Holding Power

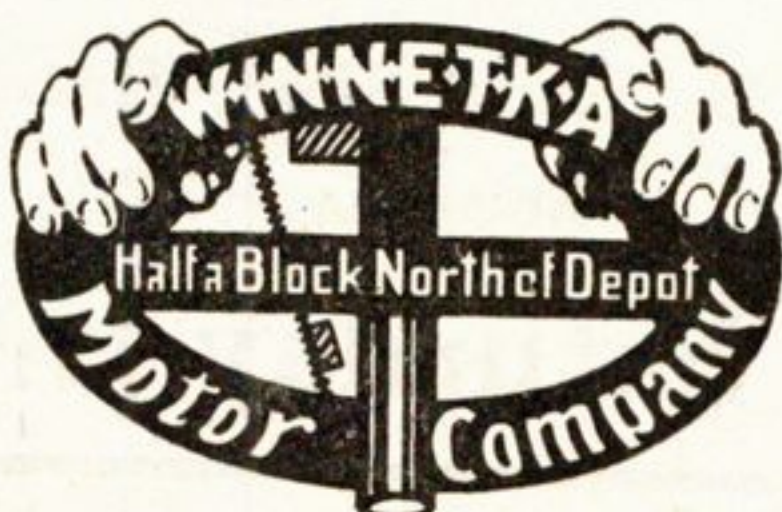

Scientific laboratory tests have conclusively proved that the holding power between layers of fabric in Hydro-Toron tires is 50% greater than in fabric not Toron-Treated. Toron treatment resists water and air—increases tensile strength—and practically eliminates inside wear.

Hydro-Toron Tires

are guaranteed for 10,000 miles against stone-bruise, rim-cut and blow-out. The Internal Hydraulic Expansion Process does away completely with skips, bulges, blisters and other hidden defects that cause tires to blow out prematurely. They are as big as cords, better than cords and sell at standard fabric prices.

Size	Hydro Price	Any Standard Cord Price	Saving
30x3	\$14.50		
30x3½	17.50	\$24.50	\$ 7.00
32x3½	21.30	36.40	15.10
31x4	24.50		
32x4	28.25	46.30	18.05

A Special Sale of Woolen Dresses at 19⁹⁵

Your eyes will fairly pop when you see them, as ours did when the dresses we are about to describe were brought into our advertising sanctum.

Ensued the following conversation:

"Did you say they were only 19.95? We asked the buyer--

Oh yes our buyer by the way, has an ambitious snap in her eyes when she's up to something of this sort--and there was the snap!

"That is all" she replied, "what do you think of them?"

Unanimously we replied

"They're Great"

Whereupon we took "pen in hand" to dash off a few lines to let you know what we know about them.

Brief Descriptions of four of them

French serge makes one—the neck is round, the sleeves short, wide braid around the neck wends its way down the front—a row of gold thread buttons flank it on either side, right down to the waist line. It is made chemise fashion.

This one is made of midnite blue French serge—it is a straight line model, with large pockets—and here is an intriguing bit—they're entirely covered with embroidery, blue orange, lavender and green floss with touches of gold thread.

Another one is a coat dress strictly straight lines, and the fabric is midnite blue with diagonal threads of tan through it.

Imagine a tricotine dress at this price. The skirt is slightly gathered to a semifitted waist—henna embroidery trims it.
