

Community House  
Rev. J. M. H. Davies, Director  
Winnetka, Illinois

November 8th, 1921

Editor of the Winnetka Weekly Talk

Dear Sir:

In a suburb such as Winnetka, with its divided interests with the city, with the importance of the daily newspapers, the local Home-Town paper has to give to the community something which nothing else supplies, that is local news and treatment of local issues. This the "Talk" is doing. It has improved very much in the last years and has become the one medium which keeps us in weekly touch with what is going on in our Village. The eagerness with which our young people desire the "Talk" when away from home is an indication that the paper has a real place in the life of the village because of its personal relationships. May its usefulness continue to increase.

Very sincerely yours,

**Food Sale Now  
On Schedule of  
Camp Fire Girls**

On Saturday immediately following Thanksgiving, November 26, the Winnetka Camp Fire Girls are planning to have a Food Sale in Community House during the afternoon.

There will be found there at that time, delicious cakes, pies, biscuits, candy, goodies of all kinds.

Last Spring when the Camp Fire Girls held their first cake sale, they gave a practical demonstration of one of their Camp Fire laws "Glorify Work," and through their work, established themselves in the minds of the community as remarkably fine cooks. It is safe to say they will live up to this standard, and that the products of their skillful

fingers will be both attractive and toothsome. One is sure to be repaid when one comes to buy their wares on November 26, and all are urged to come early on the afternoon.

The products will be judged by the Camp Fire Council, before being offered for sale and local honor beads will be awarded for the best products.

**"WHAT IS GOD LIKE?"  
SUBJECT FOR LECTURE**

"The Seeker: What Is God Like?" is to be the subject of the lecture by the Rev. James Austin Richards on Tuesday morning, November 15, in the neighborhood room of Community House.

This is the fifth of a series of lectures and discussions upon "The Influence of Jesus Upon Different Types of People and His Help in Answering Great Questions." Everybody is invited.

**H. L. WOOLHISER A LEADER  
AT MANAGERS' CONVENTION**

H. L. Woolhiser, Winnetka Village manager, is on the program at the eighth annual convention of the national City Managers' association which convenes at the Great Northern hotel, November 14, 15 and 16.

Mr. Woolhiser, according to the convention program, is scheduled to

preside at the fifth session on the subject, "Tact, Truth and the City Manager".

Manager of other north shore villages are planning to attend the convention.

**INGENUITY**

The Village hall, which every local official and office employe hopes will soon be a memory, is not the coziest

of places during the frigid season. Consequently Chief of Police Peterson and his intrepid guardians of the law have hit upon a private heating plant. It's an ordinary stove that radiates the old-fashioned heat considered all sufficient by our forefathers.

Mr. and Mrs. Montague Ferry have returned to Winnetka after an absence of some four years in the east, and are residing at 461 Maple avenue.

**"AT ECHART'S"**

Thanksgiving — Christmas — New Year are close upon us now. How is your kitchen stock—your roasters—cake and pie tins.

We have a complete stock of them—cake and pie tins.

By the way—Dad may need some sharp tools to carve that turkey that's ordered.
