

**Kenilworth Happenings**

Mr. and Mrs. Hugh Foresman, Mr. and Mrs. Grant Ridgway, Mr. and Mrs. Mark Cresap and Mr. and Mrs. Sidney Y. Ball left Thursday to attend the Yale-Princeton game at New Haven Saturday. While in the east, Mr. and Mrs. Mark Cresap will visit their daughter, Helen, who is attending Vassar college. Mr. and Mrs. Foresman will spend a few days with their daughters, Emily and Dorothy, who are at Smith college, Northampton, Mass.

Miss Madelon Shidler, who has been the guest of Miss Virgene Maltby for the past week will return to her home in South Bend, Ind., Wednesday. Among the affairs given for Miss Shidler were a theatre party, followed by a supper party at the Edgewater Beach hotel, Saturday last, a tea Sunday evening, and a dinner and theatre party Monday afternoon.

Mrs. Thomas C. White will give a theatre party this afternoon in honor of Mrs. C. F. Ames, who is the guest of Mr. and Mrs. Edwin Hedrick.

Mr. J. Ellis Slater of 320 Melrose avenue, announces the engagement of his daughter, Catherine Louise, to Walter Wylie, son of Mr. and Mrs. O. C. Wylie of Evanston.

Mrs. Edward Parmelee will be a hostess at a bridge party Friday afternoon in honor of Mrs. Walker, sister of Mrs. Sidney Corning Eastman, who is visiting here from Pasadena, Cal.

Dr. and Mrs. Frank E. Cheeseman entertained Saturday evening last at a movie and supper party in honor of their daughter's son, Eugene's fifteenth birthday.

Mr. and Mrs. Leon Allen are leaving Thursday for Colorado, where they will spend several weeks.

Elizabeth McCloud, daughter of Mr. and Mrs. Bentley McCloud has left for New Orleans.

Mrs. William F. Freudenrich will entertain at a tea Thursday afternoon, November 10, in honor of her sister, Mrs. Scott, who is visiting her, from Portland, Maine.

Mrs. John Rogers, who has been a guest of Mrs. J. K. Farley for the past week will return Wednesday to her home in Philadelphia, Pa.

Mr. and Mrs. Edwin Hedrick of 304 Melrose avenue were hosts at an informal tea last Sunday evening.

A large attendance listened to a very interesting talk on "Community Welfare" by Professor Graham Taylor of Chicago Commons.

The Neighbors will make a tour of the Art Galleries Thursday afternoon. They will have luncheon at the College club.

Mrs. S. S. Holden will entertain the Sewing club on Wednesday, November 9.

Mr. and Mrs. Mark W. Cresap moved into their new home, 329 Essex road, this week.

Mrs. C. F. Ames of Rochester, N. Y., will be a guest of her sister, Mrs. Edwin Hedrick for about ten days.

Mrs. Charles G. Macklin entertained the Sterling Bridge club at her home Saturday last.

Miss Dorothy Cannon of Jacksonville, Ill., is visiting Mr. and Mrs. Oliver Barrett.

The Luncheon and Bridge club will meet Wednesday at the home of Mrs. Ralph S. Gromann.

The Dinner Bridge club entertained at their regular meeting with a dinner and dance at the Sovereign hotel Saturday last.

The Sewing club met at the home of Mrs. Frank W. Cherry last Monday afternoon.

Mrs. John C. Carpenter entertained the Embroidery club at luncheon Tuesday last.

Mrs. Frank E. Cheeseman entertained a foursome at luncheon and bridge Tuesday last.

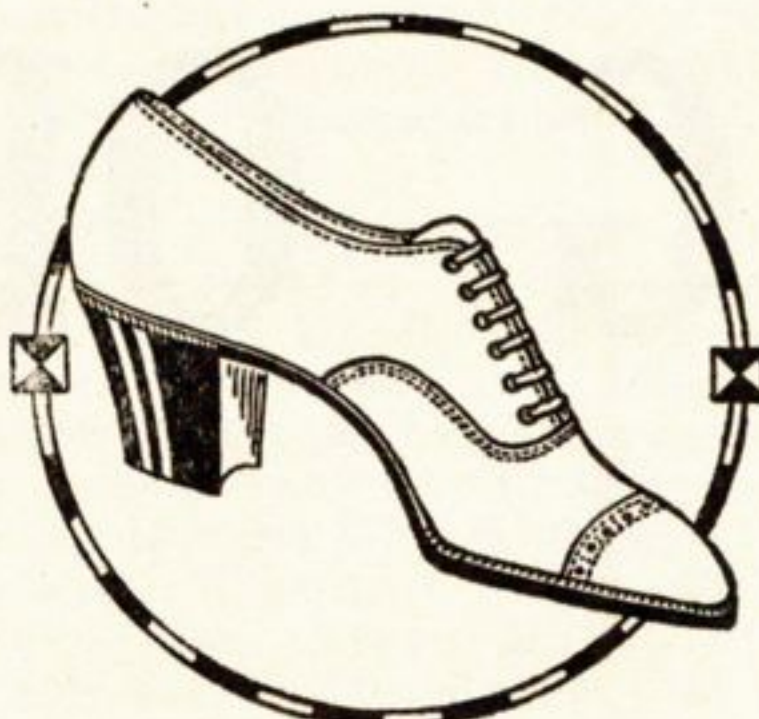

The Luncheon and Bridge club met at the home of Mrs. Robert O. Berger, Friday last.

Mr. and Mrs. Lee Ellis will stay at the home of Mr. and Mrs. Grant Ridgway while they are in the east.

Mrs. Howell Keith was hostess at the regular meeting of the Tuesday Afternoon Bridge club.

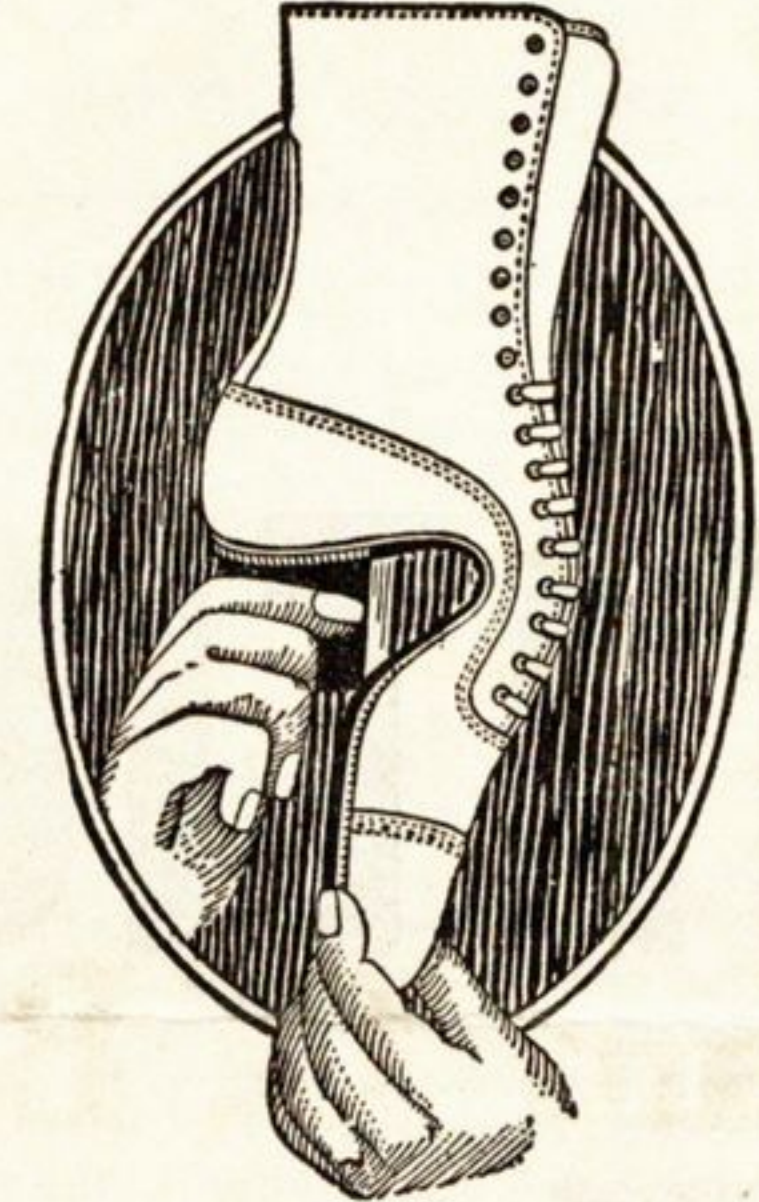

**Not True.**  
The photograph of a boy never looks like him because no one ever saw a boy look as clean as he is in a photograph.—Pearson's Weekly.

**Putting It in a Nutshell.**  
An ounce of prevention is worth a pound of cure; only we don't know when to apply the prevention and we do know when to apply the cure.

**No Need to "Break them In"**

Cantilever Shoes are comfortable, easy, the first time you put them on! No need to "break them in" slowly and painfully. No need to suffer till the newness wears off. In Cantilevers your foot is not compelled to assume the shape of a shoe. For the Cantilever Shoe is shaped like the human foot. It is built on the lines of good taste—graceful, sensible. It is made for perfect comfort.

The foot has freedom to arch and bend, to move and exercise, unhampered. The shank of a Cantilever is not stiff and unyielding. It flexes with the action of the foot.

The natural inner sole line and the well-set heel combine to encourage correct posture. Ordinary shoes, which twist the toes outward, cause all the weight to fall on the inner side of the arch, its weakest point. But Cantilevers distribute the weight properly; they correct and prevent flat foot. They enable you to walk or stand with less fatigue. And they are good looking. Sold on the north shore only by the

**Taste is a matter of tobacco quality**

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

of Turkish and Domestic tobaccos—blended

*"They Satisfy"*

**Ten Reasons Why YOU NEED Hydro-Toron TIRES**

1. They are as big as cords.
2. They are better than cords.
3. They are inexpensive—selling at standard fabric prices.
4. They are guaranteed for 10,000 miles against stone bruise, rim cut and blowout.
5. There is greater holding power between the layers of fabric.
6. They resist oxidation on the dealer's shelf and on the spare rim.
7. There are no blisters, buckles, bulges, strained places or misplaced bead wires. Internal Hydraulic expansion practically eliminates hidden defects which cause blowouts.
8. Fabric is waterproof—the Toron treatment resists the action of water.
9. Fabric layers have greater tensile strength.
10. Hydro-Toron tires wear only on the outside.

**Internal Hydraulic Expansion Process** is a big step in advance of the old iron core process, with crushing pressure from the outside. Hydro-Toron tires are expanded into shape from within, producing a smooth, flawless, evenly built tire.

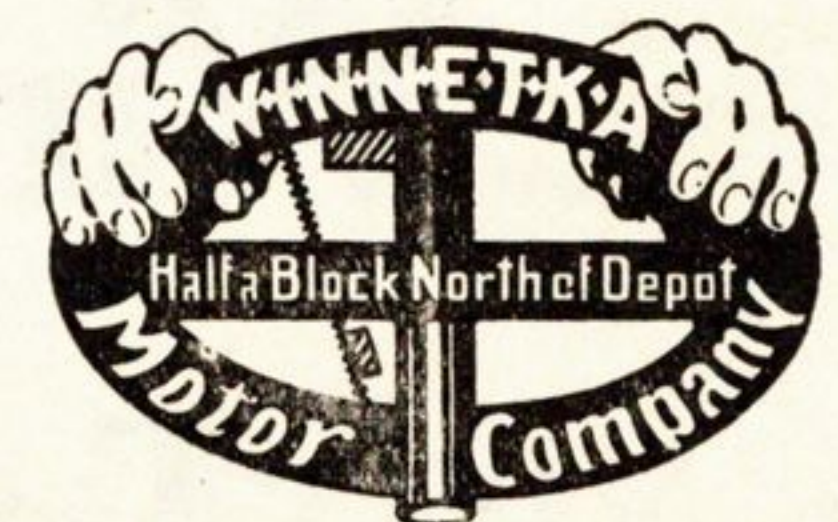

**Toron (no-rot) Fabric**

insures absolute protection against rotting by water action. Toron has an affinity for rubber, causing the fabric to absorb 10 percent more rubber than fabric not Toron-treated.

**Let Us Demonstrate Them To You**

Size	Hydro Price	Any Standard Cord Price	Saving
30x3	\$14.50		
30x3½	17.50	\$24.50	\$ 7.00
32x3½	21.30	36.40	15.10
31x4	24.50		
32x4	28.25	46.30	18.05
33x4	29.75	47.70	17.95
34x4	30.40	48.95	18.55
32x4½	37.85	52.35	14.50
33x4½	39.10	53.55	14.45
34x4½	40.30	54.90	14.60
35x4½	42.15	56.50	14.35
33x5	45.85	65.20	19.35
35x5	48.60	68.45	19.85
