K. of C. FEATURE DANCE
 Quilmette Council, Knights of Columbus are preparing for the banner event of the season Friday evening, November 18, in the council dance to be held at the Deerfield-Shields high school, Highland Park. Arns' orchestra, well known to every dance lover of the north shore, will provide the music for the event. Those purposing to attend the affair may reach the dance auditorium by taking a Chicago, North Shore and Milwaukee Electric train to Vine street, Highland Park, and walking one block east.

Remove Grease Before Lacquering.
 It is possible to protect polished metal surfaces by applying several coats of cold lacquer or celluloid varnish. The lacquer should be applied with a brass camel's hair brush, after the metal has been highly polished. There must be no trace of grease on the brass or other metal when it is lacquered.

MICKIE SAYS

SMILE FOR \$25,000 IN GOLD CHRISTMAS AWARD

All Chicago and its neighboring communities are smiling—for \$25,000 in gold!
 Smile and be happy! Smile and receive a small fortune, just for smiling! Hundreds of thousands of men, women and children, not only in Chicago, but in this village also, are smiling daily to share in the great award of \$25,000.

There is no contest or work attached to the award. There's no red tape. The Herald and Examiner, beginning this Sunday, will print complete details of how you may share in this great Christmas award free.

With this edition there will be given away free an eight-page book of magic pictures, drawings and paintings, printed in black and white, but which, when a touch of water is applied to them, spring with lifelike reality into wonderful paintings of all colors.

And then there will be full details on how the boys and girls can obtain absolutely free the wonderful Alfred Johnson ice skates and shoes—racing or hockey—for gathering a few subscriptions to The Herald and Examiner.

Make a Writing Pad.
 A writing pad, to be successful, must be solid and of good size. A board half an inch thick, nine by twelve inches, makes the best pad. Buy half a yard of black elastic, half an inch wide, the strongest you can get, overlap the ends and sew firmly together into the form of a belt. Slip this over the end of the board. It will keep in place both blotting and writing paper and can be moved up and down the board as you need it. On a windy day it is invaluable, setting both hands free.

NEW TRIER LEADERS SEEK VOICE IN COUNTY AFFAIRS

Representatives of the various north shore villages in Cook county met Thursday of this week at the Wilmette Village Hall to effect preliminary plans preparatory to the launching of an organization in New Trier township which will have the purpose of securing better representation of the township in the Cook county government.

New Trier township, these leaders declare, is not now adequately represented in either the county or state, and it is essential that men who actually reside in the township and whose first concern is its welfare be placed in offices where the rights of New Trier will be accorded proper attention.

Red Ink for Emperors Alone.
 The Roman emperor used a very expensive red ink in writing signatures, and its use was prohibited to all others except that their sons, if of adult age, could use it; otherwise they must have recourse to green ink.

BURGLARS FLEE WITH LOOT AS OWNER ENTERS DWELLING

Burglars entered the home of William R. Castenholz, 145 Melrose avenue, Kenilworth, Saturday evening. Jewelry and silverware valued at \$500 was stolen.

Mrs. Castenholz had been in Chicago all day and when she returned in the evening noticed a flickering light in the house. When she entered the thieves fled. Kenilworth police were immediately notified but found no trace of the looters.

CLASSIFY YOURSELF.

We have found it convenient to classify prospective Ford owners, according to their knowledge of the car, its usefulness, adaptability, riding comfort, etc., and again according to the amount of energy we must expend before they buy a New Ford Car. The grades follow:

- A—Present Ford owners and their intimate friends, who actually know the car and would buy nothing else. No effort on our part required.
- B—The next door neighbor or acquaintance of a Ford owner, "people of means" or those who now own several cars, are easily convinced and appreciate the value of the Ford Car.
- C—The man who has never had a car and invariably is misled by the talks of the imitation car salesman. When he learns from Ford owners and hears of Ford Service he forgets the other car unless the information comes too late.
- D—"D" stands for many things, but to us it means the class of people who know they should drive a Ford and yet do not. They are trying to support an "imitation" or an "in between" or with false pride and meagre income they deceive themselves, trying to deceive their friends. When they see through that folly it means the delivery of another Ford Car.

IN WHICH CLASS DO YOU BELONG?
