

Red Cross Gives \$310,000 to Aid 'Clean-Up' Drive

An appropriation of \$310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the Government to bring the claims of all disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of \$35,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau. The remainder of the appropriation was authorized for apportionment among the several Divisions of the Red Cross for carrying on that part of the "clean-up" work that falls directly upon the Red Cross organization.

Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year. The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totalled \$155,317.

America Succors Russians
Food, clothing and medical relief costing \$700,000 has been provided by the American Red Cross for the thousands of Russian refugees stranded last year in Constantinople and vicinity.

Wandering Gems.

I have observed that butterflies—very broad-winged and magnificent butterflies—frequently come on board of the salt-ship, where I am at work. What have these bright strangers to do on Long wharf, where there are no flowers nor any green thing—nothing but brick storehouses, stone piers, black ships, and the bustle of tollsome men, who neither look up to the blue sky nor take note of these wandering gems of the air?—Hawthorne.

Love's Itinerary.

J. B. thinks a novel idea for some novelist would be to begin a story with its hero and heroine meeting in Friendship, N. Y.; then have them journey successively to Love, Va.; Kissimmee, Fla.; Ring, Ark.; Parson, Ky., and finally settle down in Home, Pa.—Boston Transcript.

Refinishing Nickel Plating.

A new nickel-plating solution said to yield beautiful results is prepared by mixing the liquid obtained by evaporating a solution of one-half ounce nickel in aqua regia to a pasty mass and dissolving it in one pound of aqua ammonia, with that obtained by treating the same quantity of nickel with a solution of two ounces cyanide of potassium in one pound of water. More cyanide renders the deposit whiter and more ammonia renders it grayer.

Books in Our Time.

Of books in our time the variety is so voluminous, and they follow so fast from the press, that one must be a swift reader to acquaint himself even with their titles, and wise to discern what are worth reading. It is a wise book that is good from title page to the end.—A. Bronson Alcott.

Boost Your Booster!

Every one loves a booster, but every one is not always ready to boost for his booster.

The booster is supposed to boost because he likes to do it—and in a great measure that is so.

The greatest booster in history, however—the home town paper—must combine with the natural liking for the boosting game, the rewards the simplest rules of business requires for the continuance of the boosting spirit.

The editor of your home town paper likes to be appreciated just as you like to be appreciated.

And how better may your appreciation be expressed than by the amount of money that goes through his cash register?

Every one in this town and community will have an opportunity to show appreciation for the home town paper during the week of November 7-12, which will be observed in every state in the Union as
