

**POLICE HOT ON TRAIL OF ELUSIVE STRAY DOGS**

In compliance with last week's Dog Muzzling proclamation issued by president John S. Miller, Jr., the police are hot on the trail of the elusive stray canines in the village.

Superintendent of Public works Gibbon turned his inventive genius to practical use this week in converting a dilapidated village refuse wagon into a dog pound with the consequence that the police now boast a veritable kennel at the rear of the Village hall.

Police will continue in the business of capturing stray dogs, impounding them, and putting them to death in the event the owners fail to make claim within four days following capture. The proclamation is in force until December 1. It was prompted by an incident two weeks ago when a rabies-infected dog attacked a villager.

**WILLIAM MARGERUM, LONG A RESIDENT HERE; DIES**

William Margerum, 654 Ash street, resident of Winnetka for many years and well known in the village, passed away, Wednesday, November 16 following a brief illness. Death was due to heart failure and bronchial pneumonia.

Mr. Margerum was one of the veteran telegraph operators at the Chicago Board of Trade. He was 69 years of age.

He is survived by his invalid wife, a daughter Grace, and a son Percy.

**WHO LOST THE STAMP**

A punch stamp bearing the initials "C. A. D.", found in the Elm street business section, is awaiting the owner at the Winnetka offices of the Winnetka Talk, 556 Center street. Besides we're interested in knowing what "C. A. D." stands for.

*That Over-worked Word Again!*

We really hate to keep harping on that word "Service". It is used so much and frequently so misleading, that it has lost most of its kick.

Yet how else are we to describe our unusual proposition?

**RIDGE ACRES**  
 IN SOUTH-WEST WINNETKA

Adjoining Indian Hill Golf Grounds and surrounded by many of the choicest homes in Winnetka.

The former owners of this tract of land, as a whole, have repeatedly refused to divide and sell any portions for which there has been a great demand but now the opportunity is offered, for the first time, to secure one of these most attractive home sites (150 feet or more front) in this new subdivision, formerly known as the Syme Tract.

Those familiar with the present great scarcity of choice residence property, especially in this popular South West Section of our village, will appreciate what an opportunity this is and will act quickly to select a lot in "RIDGE ACRES".

Opening prices are far below those at which adjacent property, and lots nearby on the same street, have been sold within the last sixty days.

Hill Road Frontage (approximately 200 feet deep)	\$65.00 per foot
Chestnut St. Frontage	\$60.00 per foot
Birch St. Frontage	\$50.00 per foot
