

# Social Happenings in Winnetka & Hubbard Woods. by Ruth Risley

**A**N WEDNESDAY, December 14, Mr. Herbert Hyde will give a talk on "The Activities of the Civic Music Association of Chicago" for the members of the Winnetka Woman's club. Mr. Hyde is one of Chicago's prominent musicians and is a director of the Civic Music Association, which is an important factor in Chicago's musical life.

Members of the club and their friends will welcome this opportunity to hear Mr. Hyde.

A most delightful program of American music has been arranged to take place after Mr. Hyde's talk.

The program is in charge of Mrs. Harvey I. Brewer, a member of the Music committee of the Woman's club.

Mrs. William C. Boyden and Mrs. Stephen A. Foster are giving a tea-dance on Wednesday, December 28, from 4 to 7 o'clock, at the Ambassador, for Miss Margaret Boyden and Miss Rachel Foster, who will be home from Bryn Mawr for the Christmas holidays.

Mrs. Robert B. Gregory and Miss J. L. Floyd have sent out cards asking their friends to hear Miss Muriel Valentine of Soissons tell of the work she and her fellow laborers have accomplished in the reconstruction work in the Department of the Aisne. This includes some of the most devastated regions in the war zone—Rheims, and the Chemin des Dames right up to the famous Hindenburg line.

Miss Valentine has worked in France for over three years and has been decorated with the Croix de guerre.

The American Committee has given all sorts of relief to the returned peasant—house furnishings, medical care, looking after children, forming co-operative building societies, purchasing tractors for farm use, and establishing the little libraries the French asked for, where, as they said, "the young could gain courage and hope, the old, comfort and forgetfulness."

Only five per cent of the homes have been definitely rebuilt, forty-nine per cent are temporarily repaired, and the rest of the inhabitants are living in corners of their old homes, in abandoned quarries and dugouts and cinder heaps. Mrs. Gregory and Mr. Turnley Lightner visited part of these regions last summer and saw these quarters which did not seem habitable for human beings. Yet Miss Valentine told them of a peasant who, in being asked why he did not take other arable land which the Government would give him, replied: "Madam, we have lived here seven hundred years."

The lecture is to be illustrated by moving pictures. The public is cordially invited to come to the Elm street auditorium on Monday evening, December 5, at eight o'clock.

Mrs. R. E. Durham, of Winnetka, Mrs. Gregory's daughter, and Mrs. Andrew MacLeish of Glencoe, are leaders of a group of women in the north shore villages who are greatly interested in this work.

On Tuesday, November 29, between the hours of three and five o'clock, Mrs. L. Brackett Bishop will open her beautiful home at 4329 Drexel boulevard, Chicago, for an entertainment to be given under the auspices of the Woman's Christian Temperance Union. One interesting feature of the afternoon program will be an address by Mrs. Bishop on "The Beads of All Nations," which she has collected on her many trips abroad. Solos will be rendered by Mrs. A. A. Bryant and Mr. L. D. Bishop. An offering will be received for Cook County work.

Glengables is planning a series of varied assortments beginning next Thursday, December 1, at Glengables, from 9:30 in the morning until the same hour in the evening.

A particular feature of the sale will be the elaborate leather goods booth, where leather things for men may be purchased very much below cost. There is always a big question in one's mind as to what to purchase for the men folks in the family for birthdays and Christmas, and right here is a wonderful opportunity to make an excellent selection. That these articles may be sold very much below the wholesale price is made possible through the interest of a loyal Glengables friend.

A nice selection of Christmas cards have been put in as well as booths containing fancy baskets, table runners, handkerchiefs, and general utilities.

The proceeds of these sales will be used in paying the incurred expense for the decorations and improvements made this summer and fall on the building.

On Friday evening, December 2, the Forty Club will give a dancing party at the Winnetka Woman's club.

The wedding of Miss Alice Ethloine Shurtleff, daughter of Mr. Wilford C. Shurtleff, to Mr. John Campbell of Milwaukee, took place on Saturday afternoon last, at the home of the bride's father in Wilmette. The ceremony at five o'clock, was performed by Dr. Solon C. Bronson of Garrett Biblical Institute, an old friend of the family. Mr. Howard Shurtleff, brother of the bride, served as best man.

The bride, who was given away by her father, wore a gown of white canton crepe, with cascades of Spanish lace. Her veil of tulle fell from a cap surrounded by a stiff little frill of the tulle, and was held in place by a wreath of orange blossoms. The bride's roses, shell pink sweet peas bridal bouquet was a shower of and lilies of the valley.

The two attendants, sisters of the bride, wore attractive frocks fashioned just alike, Miss Helen Shurtleff wearing a peach colored canton crepe, with a sash of contrasting turquoise green georgette and carrying an arm bouquet of Columbia roses and lavender sweet peas, and Miss Bernice Shurtleff, a turquoise green canton crepe, with a sash of white georgette, and carrying sunburst roses and lavender sweet peas.

The decorations in the home were lavender chrysanthemums and palms. Preceding the service, Mr. Harold Sanford, of Milwaukee, a young concert player of ability, rendered a selection, followed by the wedding procession.

Only relatives and most intimate friends of the bride were in attendance.

Mr. and Mrs. Campbell have gone to Biloxi and New Orleans on their honeymoon, and will be at home after January first in the Dudley Apartments, 211 Knapp street, Milwaukee.

A very unique and delightful entertainment will be given at the Winnetka Woman's club on December 5, at eight o'clock. Mr. and Mrs. Onogawa of Japan will give interpretations of Japanese art, songs, dances, character sketches and a Japanese play. They bring their own scenery and have a very beautifully and finished performance.

Photographic posters of the players may be seen at several of the stores in Winnetka, and the Winnetka Drug Company, Mr. Lee Adams' store, and the Hubbard Woods Pharmacy have kindly consented to sell the tickets. Tickets to the number of four hundred will be on sale next week. Further announcement and details of the entertainment will be given in our next issue.

### THAT SCOTT AVENUE CIRCLE DINNER SCORED A BIG HIT

The dinner given by the women of the Scott Avenue Circle, Friday evening, November 18, at Community House, was unanimously voted a great success.

About 100 men and women of the neighborhood attended in spite of a heavy rain. The dinner was reported excellent and bountiful, the entertainment sparkling, and the hospitality and good fellowship positively contagious.

Both men and women entered into the spirit of the occasion, and its purpose of uniting the community behind a going institution was thoroughly accomplished.

### ENTERS OWN BUSINESS

W. J. Moir, for several years associated with the Winnetka offices of McGuire and Orr, is soon to open his own real estate business in the village. Mr. Moir is well known to many residents of Winnetka.

### BUYS ISOM LOT

The Edward Isom 2-acre lot in the Indian Hill grounds has been sold to Mrs. Mabel C. Golding of Evanston, who will build a home on the property in the spring. P. W. Bradstreet was the broker.

### "HELL DIGGERS" FILM AT COMMUNITY HOUSE

Wallace Reid has driven almost every kind of vehicle in his Paramount screen offerings. In his recent picture, "The Love Special", he added a locomotive to the list and in the automobile race picture immediately following, he drove a fast racing car around the track at a speed of a hundred and ten miles per hour.

In "The Hell Diggers", his late picture written by Byron Morgan, which will be shown at the Community House, next Friday evening, the star operates one of the most unusual machines in the world—the giant dredger which is used to pan the precious metal from the earth in Northern California. On this occasion, however, he was unable to make more than half a mile a day.

This lack of pep in the speed of the big machine, however, is more than compensated for by a thrilling fight when the dredger is converted into a floating fortress and which it is up to the faction headed by Mr. Reid to storm and capture, and by many other unusual scenes and situations.
