

### XMAS SEALS, HEALTH BONDS NOW FOR SALE

Gross Point Health Center Opens Campaign Today; Funds Aid Work on North Shore and in Chicago

### BATTLE ON WHITE PLAGUE

Sale of Christmas Seals and Health Bonds Sole Source of Revenue for Tuberculosis Institute

Recognizing the wonderful results acquired by the Chicago Tuberculosis Institute in its Tuberculosis and General Health campaign in Cook County, the various communities are prepared to proceed in earnest with the Tuberculosis Christmas Seal campaign, which opened today.

The Tuberculosis Institute with its Medical Director, seventeen Public Health Nurses and Educational workers, is functioning in twenty-two cities and villages in Cook County.

The decrease in the death rate from tuberculosis in Cook County since 1915, at which time the Nursing Service of the Institute was inaugurated, is an indication of the great value of the work made possible through the sale of penny Christmas Seals.

#### Boost Welfare Work

The educational propaganda put forth by the organization has been responsible for a large percentage of the interest in general health matters in these communities. It has been responsible for the installation of school nursing work, infant welfare work, and the employment by various communities of general public health nurses.

The sale of penny Tuberculosis Christmas Seals and Health Bonds in denominations of \$5 and over is the sole support of the Tuberculosis Institute.

The drive in Wilmette, Kenilworth and Gross Point will be handled by the Gross Point Health Center Com-

mittee, Mrs. John Hoffman, general chairman.

Every Health Bond or Christmas Seal purchased will help to guarantee a continuation of this necessary Community Health Service during the year 1922.

Miss Mable Newton of Genesee, New York, who has been visiting her sister, Mrs. G. C. Kingslie, left last Saturday. Miss Newton will visit some friends in town before returning home.

### DEBATERS AT NEW TRIER PONDER ARMS PROBLEMS

Questions arising before the disarmament conference at Washington are to be considered as well, at New Trier Township High school, where the school debaters, recently organized with Dwight Chapman as chairman, are planning to hold regular sessions and debate the many questions as they are brought before the statesmen now in conference. Each

week certain members of the club will be selected to lead the debates.

The organization meets every Tuesday evening after school hours in the Science lecture room at the school. Four members of the faculty, Miss Payton, Miss Ulrich, Mr. Hutchens and Mr. Pifer are the sponsors. The club hopes to enter interscholastic debates later in the school year.

Mr. and Mrs. Myron Lucknow spent Thanksgiving with relatives in Indianapolis.

# a new JORDAN Sedan—drive it!

If you love a light-weight, flexible, compact Sedan—powerful, with rare comfort and distinctive beauty—then drive this new Jordan car.

Its snug body is a step in advance of motor car styles. It is quite the most substantially built enclosed car produced in America.

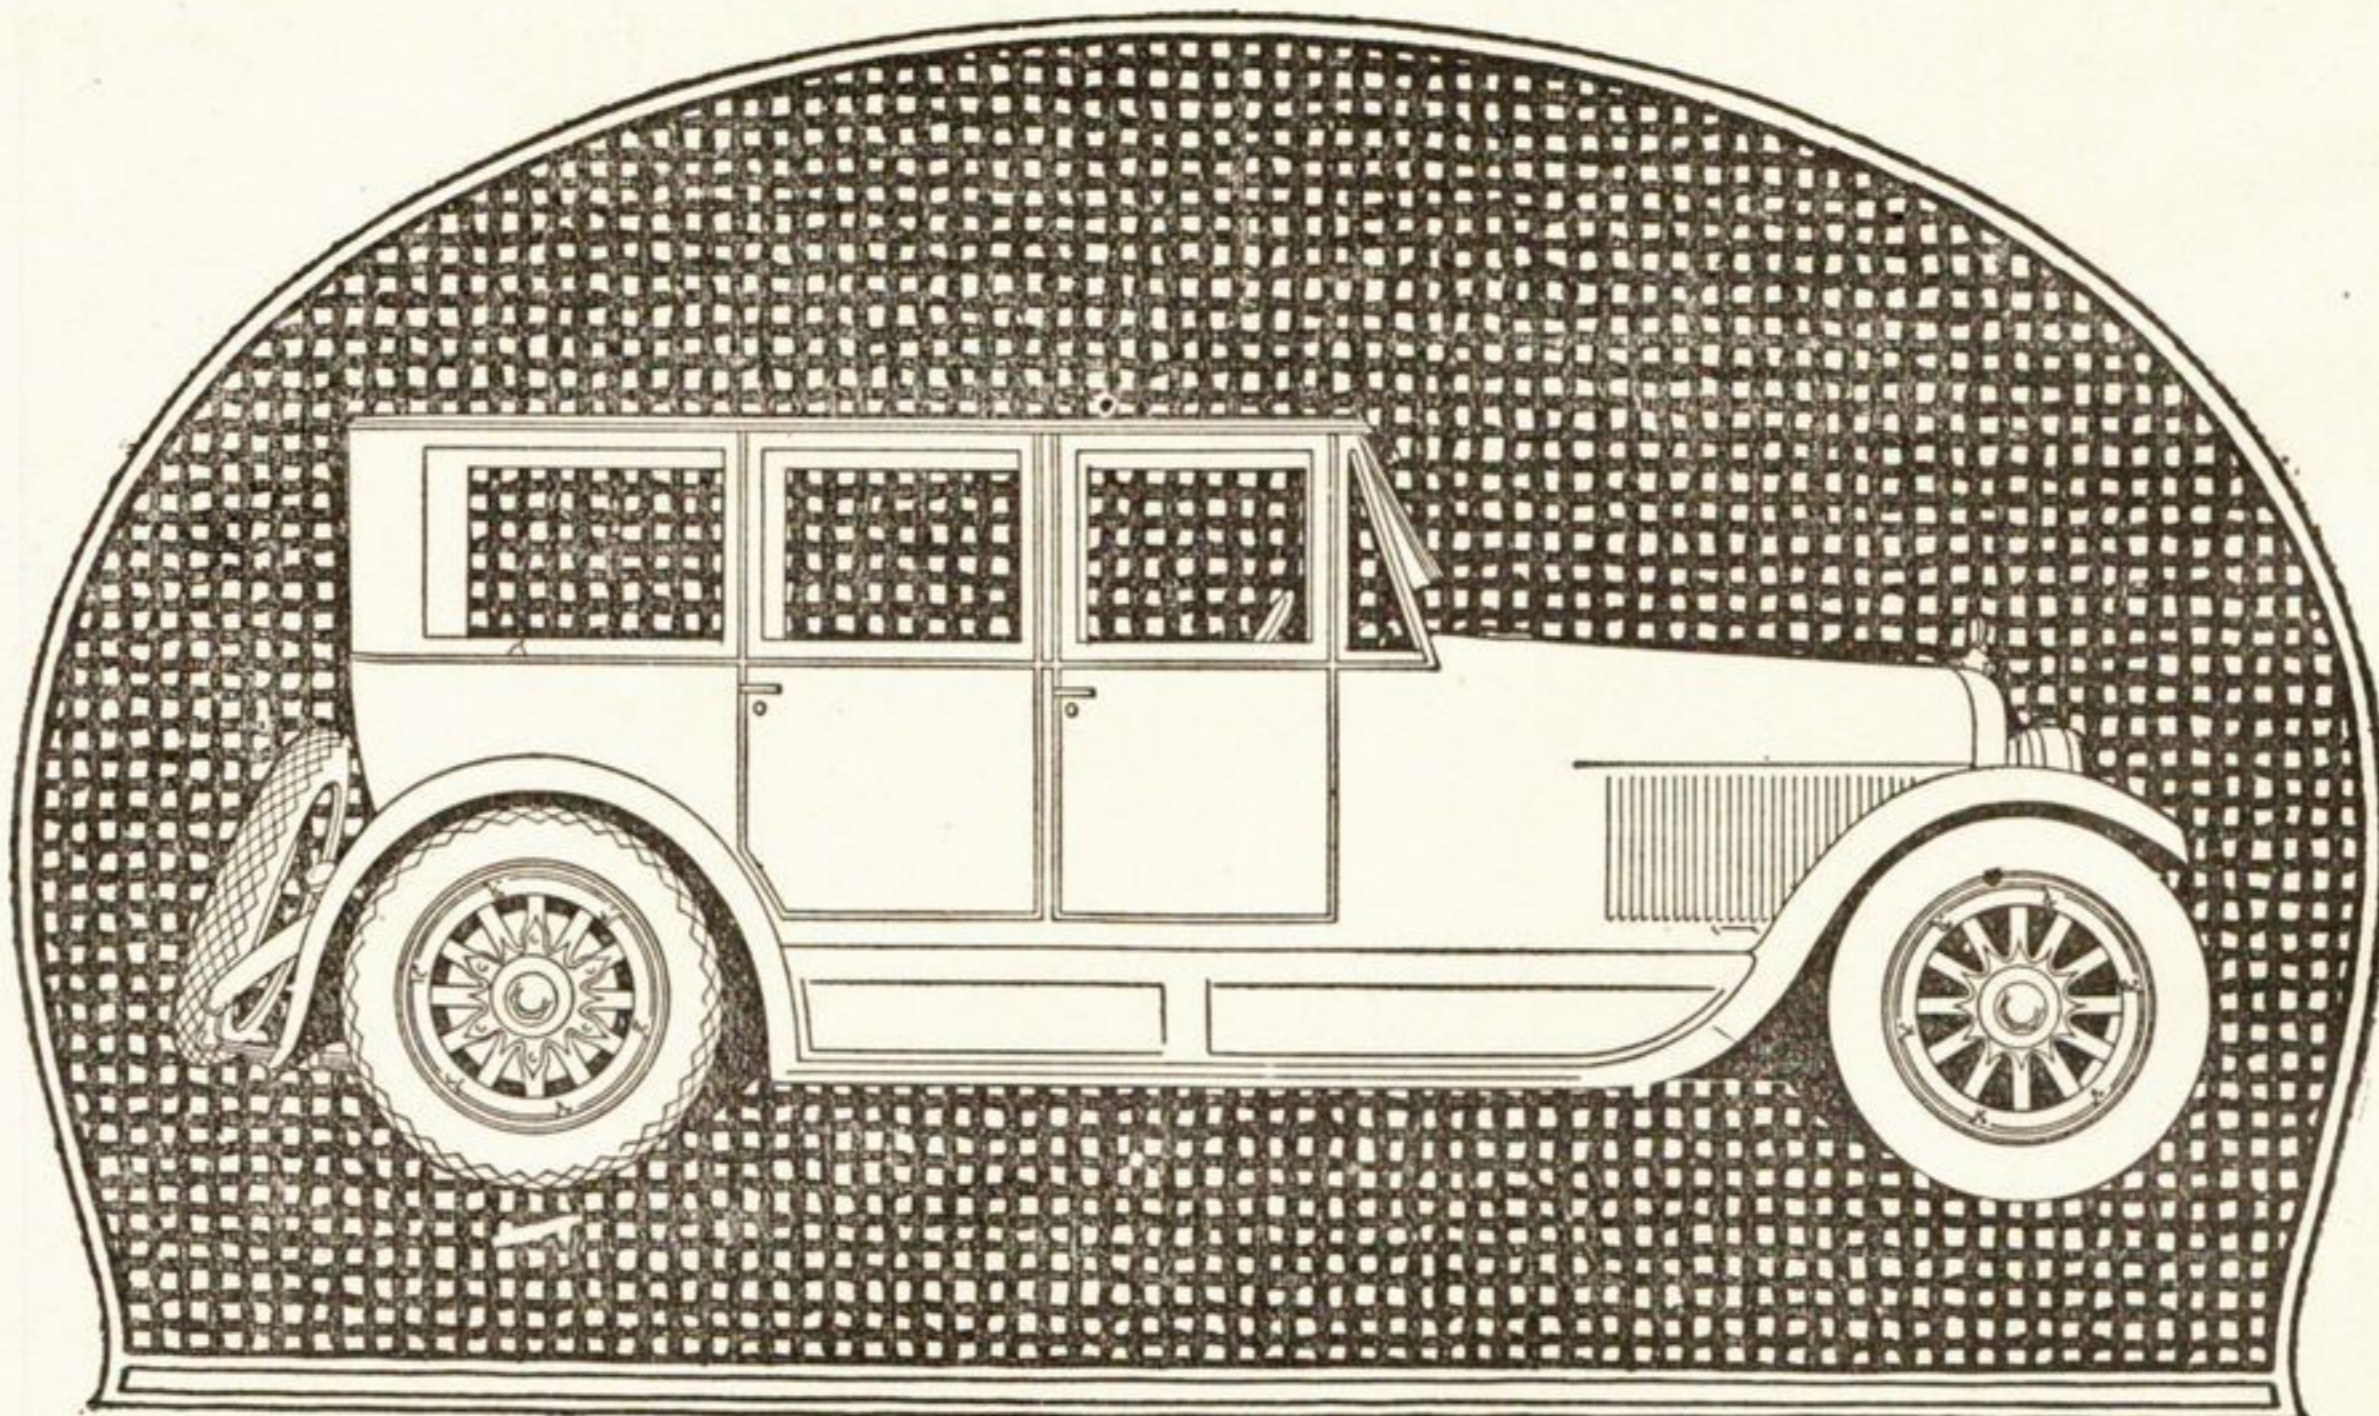

Equipped with the new, and exclusively built Jordan motor. There's power in abundance. At the wheel there's a feel women appreciate—that's ease of handling.

It's a silent car. It's a rustless

car. It's a car of such fine personality and faithful performance you quickly love it as you would a thoroughbred horse or a pedigreed dog.

Drive it. Know first hand the meaning of complete balance, of flexible power, of perfect comfort.

It has been built for one thing only—Service! Nothing has been spared to make it the most gratifying of all cars to own. With reasonable care it will run 200,000 miles and last ten years. And the price is right. Buy now with confidence.

NEW JORDAN PRICES  
Silhouette, \$2095    Playboy, \$2095    Landaulet, \$2995    Sedan, \$3200    Brougham, \$3200

### Graceful Lines In a Comfort Shoe

Most shoes distort the foot because they are wrongly shaped. They bind the muscles, retard circulation, and frequently cause fallen arches, corns and bunions. Many physical ills and nervous disorders are directly traceable to incorrectly shaped and fitted shoes.

Without departing from harmony in line, the Cantilever Shoe conforms to the natural contour of the foot—gives correct space for each portion of the foot—distributes the body weight without strain over the heel, the ball, and outside of the foot—flexes with the instep, sustains the arch without use of appliances, gives firm, restful support to the small bones of the foot.

Because the foot is correctly fitted in Cantilever Shoes, one walks with an easy-swinging carriage—a natural charm of movement.

Come and see how good looking a correct shoe can be. We are the sole agents for Cantilever Shoes.
