

Conduct Fund Drive For Women's Schools

Women of the North Shore Plan to Assist in Raising Funds For Schools in Orient

By Carrie B. Prouty

"The World was made for Women, Too."

A Woman's club in India! Yes, and their motto is "The world was made for Women, too." But they are turning to the women of the west to help make their motto more true.

A great opportunity is presented in the chance to build up seven international colleges: Union colleges for women with the backing of all the great denominations. Here in these colleges, already crowded with students, are being trained the leaders for the future.

The World Wants Leaders

More even than men, the people of the orient need trained women; women physicians who, alone can minister to their needs. Two of these colleges are medical colleges for women. One in Peking, one in Vellore, India.

We are developing the "international mind". Will not these seven Union Christian colleges, backed by the colleges and women of the Occident, develop such a mind in the Orient as well as the Occident?

Wellesley college has taken as its sister Teaching college, Peking. Smith college has Ginning in Nanking. Great Britain is joining with us in the Woman's college in Madras, India. Their women and ours are working to train the women of India. In the Madras Presidency the two first honors in science were given to women in the Woman's college. A girl from the Vellore Medical college outranked all the men in the government examinations in anatomy and the government of India struck a gold medal for her.

This is an international, interdenominational work, that is commanding the attention of educated women everywhere. Therefore the women of the north shore are taking up the matter.

CALL INDOOR BASEBALL PLAYER TO NEW LEAGUE

Indoor baseball players in Winnetka are looking forward to a record season this winter with the formation at this time of the Community House Indoor Baseball league.

Every Indoor player in Winnetka is eligible to enter the league ranks, according to Fred J. Eckart who is supervising the organization.

"Come to Community House gymnasium, Wednesday, December 7, and get signed up", Eckart suggests.

Burt Blow's All Stars are challenging the Winnetka American Legion Post team to a game to be played either next Wednesday or on Wednesday, December 14.

J. FRANK BAKER A BENEDICT

Friends of J. Frank Baker, son of Mrs. Magdalin Baker, 549 Provident avenue, were interested this week to learn that he has entered the ranks of the benedicts. The girl was Miss Ella Rahtjen of Brooklyn, N. Y. The wedding took place at Brooklyn, on November 23.

ELECT R. A. OFFICERS

William A. Hadley will speak before the Winnetka Council, Royal Arcanum, Monday evening, December 5, on the subject "A Blind Beggar as an Educator". The council will hold its annual election of officers at this meeting.

Modern Diana

Yes, thank you, life in and near Cadagen, Alberta, is everything the story books and tourist guides claim. If you don't believe it ask Mrs. Fred T. Richardson when she returns to Winnetka.

You guessed it. The fair huntress is none other than Mrs. Richardson, and the attractive bag of game was the work of a like tramp over the prairies. Looks like wild turkey and some prairie chickens.

Mr. Richardson will leave Winnetka shortly to join Mrs. Richardson in Canada. Later they will proceed to California for the winter.

VILLAGE TIME RECORDER IS NOT YET INSTALLED

Contrary to recent reports appearing in Chicago newspapers, the proposed blinking of lights in the village to record the time, does not go into effect this week, according to Village Manager Woolhiser.

While Village authorities expect to introduce the new time recording system, says Mr. Woolhiser, it is necessary first to conclude arrangements with the Western Union company for a time adjustment device, and to install special switch apparatus.

It is planned to "blink" the lights in the village at 9 o'clock every evening, thus recording the correct time for residents.

The Forty Club entertained at the Winnetka Woman's club last evening.

Woman's Club

The regular meeting of the Winnetka Woman's club took place on December 1. The president, Mrs. Gordon, being absent, Mrs. Willoughby Walling presided and made the following announcements: On Wednesday, December 14, the Woman's Guild of Christ church will give a tea at which Dr. Soper of Northwestern university will speak on "Women of the Orient". The women of the club are invited to be present.

On December 14, the Music committee will give a program of American music.

Red Cross seals were sold during the afternoon and may also be obtained at the drug stores. The Red Cross roll for Winnetka fell about one hundred short of last year and if there are any persons who have overlooked making their donations, they may send their money to Mrs. Willoughby Walling. It is desired that we may increase the amount to equal last year's sum.

Mrs. Ernest Ballard spoke of the Correspondence School for the Blind, which Mr. William A. Hadley has had so near his heart and which has already been started. It will be necessary for all to get back of it and raise funds to insure its success. The immediate need is for a Braille printing press, and to provide for this a benefit performance of "Daddy Long Legs", which was given so successfully recently, will be given at New Trier High school a week from next Saturday, December 10.

Mrs. Porter made a plea for the Emergency Drive which the United

Charities are to inaugurate next Monday. It is necessary to raise one million dollars to cover thirteen months' need as the treasury is now empty.

Mrs. Theodore Brown gave a report on two days of the Convention of the State League of Women Voters. Mrs. Chickering, chairman of the Education committee introduced Miss Alice Henry, editor of Life and Labor, and secretary of the Educational Department of the Woman's Trade Union League. Her subject was "College and the Working Girl-Bryn Mawr Experiment". She told of the success of an eight week's term, which was held at Bryn Mawr last summer. It was felt a splendid beginning had been made, when 82 girls from nineteen states employed in twenty-two industrial trades could take a course in Social and Cultural Studies, which would give them a broader outlook and teach them how to go on and learn more for themselves.

The following women were hostesses for the tea which followed: Mrs. H. Hervey Anning, Miss Ruth Matz, Mrs. Carrie B. Prouty, and Mrs. Charles Van Deursen.

Mrs. Henry Zeiss, who moved to Pasadena two years ago, has returned and taken a house in the village for a couple of months. Her son, Henry Zeiss, who has been residing at the University club, will be with her.

POULTRY—

Is the popular course at dinner. Our squabs and chickens are freshly dressed to your order.

Christmas Suggestions

We are equipped to serve the gifts buyers of the North Shore with one of the most complete stocks of men's wear north of the Loop.

Here you will find a real variety to choose from—and plenty of efficient and pleasant people to suggest to you the things that men like to wear.

Shop early and shop here. No Loop crowds will jostle you—no crowded trains to and from the more crowded stores.

Here are a few suggestions for you to think over:

- Ties
- Shirts
- Mufflers
- Handkerchiefs
- Gloves
- Sweaters
- Pajamas
- Hose
- Belts and Buckles
- Cuff Links

and many other useful, practical things

Make your selections as early as possible—stocks of desirable goods go quickly and are unreplaceable.

While they last we will give with the gifts purchased, Xmas packages free of charge. This is another reason for early buying.
