

EVANSTON HOSPITAL ADDITION NOW OPEN

Public of North Shore Invited to Inspect New Addition Tomorrow and Sunday; Open for Use in Near Future.

DEDICATION DAY SUNDAY

W. W. Buchanan, Recently Re-elected President of Trustees Tells of Plans for Future.

The new addition to the Evanston hospital, which has been under construction for nearly two years will be dedicated Sunday, December 4, at 3 o'clock, it was announced this week. W. W. Buchanan, president of the board of trustees, stated that the building will be practically completed by that time, and that it will be open for public inspection by the residents of the north shore both December 3 and 4.

"The furniture will have been received," he said, "and distributed to all the rooms excepting those on the fourth floor, and any one interested will be able to get an exact idea of the arrangement and appearance of the addition in its completed form."

Open for Inspection.

Miss Ida B. McLeery, superintendent of the hospital, has extended a

cordial invitation to the public to visit the hospital on those days.

"We shall be in readiness to receive visitors from two to five and from seven to nine, both Saturday and Sunday of next week," she said. "Because of a few minor details pending arrangement, however, the annex will not be used for patients until a short time later."

Relative to the possibility of further developments at the hospital, Mr. Buchanan, last week re-elected president of the board of trustees, says: "The question frequently arises as to the possible further extension of accommodations of the Evanston hospital. This matter has been carefully considered by your board in order that the present addition should be laid out as to readily admit of enlargement."

"In going through the building you will be able to note that the corridors can be continued to the north, that the diet kitchens, supply rooms, etc., are so located that they will be easily accessible, and that the elevators are conveniently placed for a further addition."

The total cost of building and equipment of the new annex is \$564,407.93, as compared to collections of \$440,980.51. That leaves a balance to raise of approximately \$105,000. The raising of this money is the most important activity in prospect before the directors this coming year.

In her report, Miss McLeery stated that in the last year the hospital has cared for 3,427 patients, with a daily average of 96.

METHODIST CHURCH SHOWS BIG MEMBERSHIP GROWTH

The number of Methodist Episcopal churches with a membership of 1,000 or more has doubled in the last six years, according to Rev. Oliver S. Baketel, editor of the Methodist Year Book. In 1915 there were 163 such churches in the United States, as compared with 232 at present.

Philadelphia leads the list with eleven. Columbus, Ohio, is next with nine. Detroit has eight and Baltimore five.

Rev. Baketel used the statistics up to the Fall conferences of the denomination. According to conferences Northwestern Ohio has twenty-five churches with a membership in excess of 1,000, West Ohio seventeen

Pittsburgh eleven and West Va. five. colored conferences. The largest is at East Calvary, Philadelphia, colored, membership 4,320.

Ford

THE UNIVERSAL CAR

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires all around. A real family car. Anybody can safely drive it. It has all the conveniences of an electric car with the economy which goes with Ford cars, low cost of purchase price, small cost of operation and maintenance. Won't you come in and look at it?
