

LOCAL DELEGATES TO ATTEND GOOD ROADS CONGRESS

ROAD MACHINERY EXPOSITION, COLISEUM, CHICAGO

Cook county is being urged to make suitable provision for sending delegates officially to the Twelfth American Good Roads Congress and Thirteenth National Good Roads Show to be held under the auspices of the American Road Builders' association at the Coliseum in Chicago, January 17, 18, 19 and 20 next.

The mayors of more than 5,000 American and Canadian cities and the boards of commissioners in 3,000 counties have each been asked to appoint from three to five delegates. In many cases the delegates will be headed by the mayors and the commissioners themselves.

An exhaustive program dealing with the latest methods developed in the construction of all types of roads and streets, safety on the highways, road taxes, street assessments, highway

bond issues, road administration and maintenance, traffic regulation, highway transportation and numerous other subjects of vital interest to the officials who deal with public thoroughfares, as well as contractors, engineers and good road advocates generally, has been prepared. Twenty thousand delegates are expected to attend the congress.

The big exposition of labor saving machinery, methods and appliances, which will include many things that are new, will be the greatest of the kind the world has ever known. Enough space has already been engaged by exhibitors to fill the Coliseum and Annex, breaking all previous records for this exposition and making it necessary for the Road Builders' association to lease adjoining buildings in order to house the overflow.

"Nest Egg" Brings Forth Real Saving

Ex-Senator Depew Finds That His Original "Nest Egg" Had Become Substantial Sum.

Saving money is not so hard after a person once acquires the habit. The United States Government makes it easy for every man, woman and child to practice Thrift. The start can be made with a dime invested in a Postal Savings Stamp or \$1 will open an interest-bearing Postal Savings account or pay for a Treasury Savings Stamp. Twenty of these \$1 Treasury Savings Stamps, with a few nickels added, or a postal savings deposit, can be converted into a Treasury Savings Certificate, paying \$25 at maturity. These Savings Certificates are also sold in maturity denominations of \$100 and \$1,000. They yield interest at 4 per cent, compounded quarterly, when held until maturity, and can always be converted into cash on short notice at more than their original cost.

Chauncey M. Depew, erstwhile United States senator from New York, put \$100 in a Peekskill, N. Y., savings bank in 1860. It was his first \$100. Maybe Senator Depew found, as many do, that the first \$100 proved to be the hardest. Anyway, in spite of strenuous temptation, he refused to draw upon that \$100, and, as a result of later prosperity, finally forgot about it. Not long ago Senator Depew entered the Peekskill bank to greet some old friends and they reminded him of his "nest egg." On computing the interest it was found that the original deposit of \$100 had grown to \$800, and owing to the long period in which it had lain undisturbed had achieved the distinction of being known as the bank's star account.

NO REDUCTION

Training allowances for sick and wounded ex-service men will not be reduced twenty per cent, according to C. R. Forbes, director of the Veteran's Bureau, who has informed the American Legion that this move has never been considered.

Ninety per cent of the 100,000 disabled men now being trained receive \$100 a month.

TO GET AIRPORT

Kansas City is soon to have a municipal airport as a result of the interest in aviation aroused by the recent successful air meet, held in connection with the American Legion convention. Action is now being taken by a committee of members of the Flying Club of Kansas City to find a suitable field.

FIFTEEN CENT MEALS

Fifteen cents buys a meal for needy ex-service men and families at the American Legion restaurant, Toledo. The menu includes steak or chop, potatoes, bread, butter, and coffee. The difference between the cost of the food and the price at the counter is made up by employed Legionnaires.

B. W. BLOW'S PLANS FOR GARAGE FIND OPPOSITION

The prospect of a garage at Elm and Locust streets, has aroused the residence property owners in that section to the extent that a representative group appeared at the Village council meeting Tuesday evening of this week to enter formal protest against the granting of a permit to B. W. Blow for the erection of a building at that location for the purpose of storing and repairing automobiles.

Householders viewed with disfavor any effort toward commercial development in what they consider a purely residential area and which, they pointed out, is zoned "A" Residence in the tentative Village Zoning ordinance.

While the petition recently circulated by Mr. Blow contained more than fifty per cent of the requisite frontage consents, a considerable number of signers subsequently withdrew their names and joined the opposing home owners.

The council took no action in the matter, but announced that no permit would be granted without first giving both sides an opportunity to be heard.

FAVORS EX-SERVICE MEN

Ex-Service men of the World War who want to be first, second or third class U. S. postmasters are to be given a five percent advance on their civil service ratings and credit for time spent in service. President Harding's executive order putting the provision into effect was recently promulgated at the instance of the American Legion.

LEGIONNAIRE-POLICE

Following a series of shooting scrapes in and near Wichita, in which two men were shot to death and four others dangerously wounded, 500 members of the American Legion volunteered to aid in preserving order in case of emergency. The legionnaires will be available for police duty immediately if the trouble with the gangsters becomes acute.

Mrs. Robert Smith entertained at bridge yesterday afternoon at her home, 310 Fairview avenue. There were four tables. On next Tuesday afternoon Mrs. Smith is giving an informal tea.

MODERATE PRICE HOMES FEATURED IN PERMITS

Building permits for new residences, aggregating nearly \$80,000 in property valuation, were issued by the Village department of Public Works this week.

Of particular interest was the granting of permits for five residences to be erected by George F. Gonsalves at a cost of \$8,000 each. Permits for three residences were issued to I. Whiteson, the homes to cost \$7,000 each.

Permits granted were as follows:
I. Whiteson, at 608 Willow street, \$7,000.

I. Whiteson, at 611 Fir street, \$7,000.

I. Whiteson, at 607 Fir street, \$7,000.

Charles Kristoff, at 1086 Cherry street, \$7,000.

C. F. M. Miller, at 936 Elm street, \$4,000.

Clarence Happ, 306 Walnut street, \$5,000.

George F. Gonsalves, 283 Ridge avenue, \$8,000.

George F. Gonsalves, 284 Forest avenue, \$8,000.

George F. Gonsalves, 290 Forest avenue, \$8,000.

George F. Gonsalves, 296 Forest avenue, \$8,000.

George F. Gonsalves, 803 Foxdale avenue, \$8,000.

All Due to the Women.

In a lecture before the Royal Institute, Prof. Arthur Keith, an eminent biologist, gave the credit for American success to the women who came over with the Pilgrim fathers. The fact that these Englishmen brought their wives with them is responsible for the remarkably sturdy condition of the American people; whereas the Spaniards who went into Central and South America left their wives behind, and the result is a hybrid race which is not the equal of the original Iberian.
