

WOMEN ENTER PLEA FOR ARMAMENT CUT

Leaders of Various National Women's Organizations to Meet in Chicago January 8, to Unify Work.

A national mass meeting of women interested in the reduction of armament will be held Sunday evening, January 8, at the Auditorium theatre in Chicago, and at the same time similar meetings will be held in Tokyo, Japan, and in London, England. The object of the meetings is to bring together women who have been working for armament reduction to unify the work they have done, and offer their governments their unqualified support in such measures as the Disarmament Conference shall decide are practical, while requesting that the ultimate goal never shall be forgotten and war eventually declared outlaw.

The Chicago meeting is in charge of a committee of which Mrs. James W. Morrison is chairman. Women's organizations representing millions of women from all parts of the United States will send representatives to the meeting, and between five and ten thousand women are expected. Organizations that already have appointed representatives are: General Federation of Women's Clubs and National League of Women Voters, each with a membership of two million; Women's Trade Union League, Parent Teachers' Association, National Farm and Garden Association, National W. C. T. U., Women's Board of Missions, Salvation Army, National Baptist Missions, American Association of University Women, Women's Board of Missions, Baptist Foreign Missions, Congregational Women's Board of Missions, Catholic Welfare Council, Jewish Council of Women, Chicago University Women.

You Can Save Money!

by taking advantage of the free service we offer to automobile owners. The life of your battery can be prolonged, the cost of upkeep reduced and the power furnished made more dependable, if you will take advantage of our service.

If Your Battery Needs Only a Slight Repair —

we can save you money. Up-to-date equipment and experienced battery men enable us to do it better, quicker and cheaper. You can depend on us to give you honest advice, too. If your battery is in good condition, we won't suggest a repair merely for the sake of charging you; but if it does need repairing, we will prove before your eyes just why it is necessary. This holds good, regardless of the make of your battery or whether we sold it to you.

Installing a COOPER Battery in Your Car

is another way of saving money. Its five construction features and the guarantee under which it is sold assure you of "the longest length of battery service per dollar." Lower initial cost and lower maintenance cost prove it to be the most economical battery buy.

Give a Book

IT has often been said that a good book is the nearest approach to a good friend. If you wish to make sure that your gift will be a lasting reminder of your esteem—give a book.

Father will thank you as he settles down before the fire and meditatively tamps his pipe, preparatory to an evening of intense interest in "Modern Democracies" or "Flaming Forest".

Mother and sister will mentally embrace you for a fascinating story of "Beggar's Gold" and "Her Father's Daughter".

And the little tots will hug you with exuberant joy as they tell you of the wonders of "Orphan Ann" or the funny "Teenie Weenies".

Here, for your special selection, is the widest imaginable stock of good books to choose from. Old or young—we have books ideally adapted to their desires.

It is a simple matter to buy books at CHANDLER'S. Our corps of highly trained, thoroughly versed assistants are ever ready to serve you. If your mind is made up your book is quickly handed to you. If you seek help in reaching a decision, we will be glad to assist you.
