New Subdivision Opened Near North Shore Links

After months of negotiations A. H. Kraus of the Lake Shore Realty company has acquired from ten different owners forty acres west of Ridge avenue, in Gross Point, for a reported \$100,000. This is adjacent to other property acquired last year, and gives the company approximately seventy-five acres between Elmwood, Greeley and Linden avenues.

Part of this was recently subdivided and sold. The balance is to be put on the market within thirty days, with lots 50 and 100 feet frontage and 122 feet deep. Of course, flats will be barred, and the minimum cost of houses will be \$5,000. Lots will sell at from \$1,200 up to \$2,000, the average being \$1,500. The new subdivision is just west of the North Shore Golf club and south of Indian Hill Golf club, and is west of Kenilworth and Wilmette. It will be called Lake Shore Highlands.

Striving to Achieve Greatness by Pluck

Dr. D. H. Cornell pastor of the Glencoe Union church addressed the students of New Trier Township High school last Friday on the subject "Pluck versus Luck."

"Striving for a great ambition is like fishing," Dr. Cornell said. "The desired objective can be attained not through luck, as is popularly believed, but by pluck, by good, solid application to overcoming the difficulties that separate you from your desire. It takes real work and thorough application to conquer all the dangers that abound on the road of life," he declared.

New Trier Tank Squad Captures 3 Dual Meets

New Trier's heavy and lightweight basketball teams are having a very strenuous season. So far they have suffered only two defeats. Next Tuesday, January 31, at 4 o'clock, both teams will meet Waukegan at the New Trier gym.

Waukegan has a very strong team which defeated Evanston, although they were beaten by the local heavies two weeks ago. Rockford and Evanston are the only

teams that boast victories over the north shore lads. Rockford will be met in a return game on February 4, and the most exciting encounter of the season is anticipated.
