Seeks to Raise Remainder of \$800,000

Directors of the Presbyterian home are seeking to raise \$800,000 as provided for in the plans for the new main building, which will be ready for occupancy April 1, it was announced today. Funds are also being raised for the endowment for the home, which will provide for operating expenses. The endowment is to supplement the contributions of the churches and individuals.

Construction of the main building is proceeding steadily despite the weather. There is a sufficient force of workmen in the different trades. The steel framework of the roof is all in place, and the pyro-bar base has been set, ready for the green tile. The window sash are being fitted, and the building will soon be enclosed, allowing the work on the interior to proceed.

The ninth annual meeting of the board will be held at the Kenwood

Evangelical church, Feb. 13, and reports of directors and managers will be submitted at that time. Applications for admission to the new building are coming in, and the space available will probably be spoken for before the building is completed, it is believed.
