

NEWS of the NORTH SHORE CLUBS

Name Mrs. Hines Auxiliary Head For St. Francis

MRS. EDWARD HINES of Evanston has consented to act as president of the newly formed women's auxiliary of St. Francis Hospital and Mrs. Harry B. Burd as vice president, it was announced this week. The following officers have been elected: Mrs. Edward Hines, general chairman; Mrs. Paul Hullhorst, vice-chairman, Rogers Park; Mrs. Harry B. Hurd, vice-chairman, Evanston; Mrs. I. H. Chilcott, vice-chairman, Kenilworth; Mrs. Albert H. Roler, recording secretary, Evanston; Mrs. Ralph Konle, corresponding secretary, Rogers Park; Mrs. B. E. Fillis, treasurer, Winnetka. Organization: Mrs. George W. Boot, Evanston. Publicity: Mrs. Edson B. Fowler, Evanston.

This organization has been formed by a number of women prominent in philanthropic and civic work in response to an urgent appeal from the doctors of the staff and the sisters who conduct the hospital. It will aid in the handling of the proposed drive for funds for a new wing to the hospital.

The first objective of the Women's Auxiliary which will be outlined tonight will be the presentation to the women of the community of the crying need for more hospital room.

"It would be a splendid thing for Evanston and the North Shore," said Mrs. Hines, "if this new wing were named 'Maternity Wing', and dedicated to mothers. Serving as it does, people of all creeds and races, it is entirely fitting that an appeal should be made to everybody to protect those who are about to become mothers.

"It is startling and pathetic to think that we have not sufficient maternity hospital room on the North Shore—that we do not begin to supply our needs in this direction.

"Especially is this true of the so-called 'charity' cases. There are many worthy people in our region who can pay nothing or perhaps only a part of the sum necessary to safeguard their lives, and the lives of their little ones, with proper obstetrical and medical care.

"I find on investigation that St. Francis Hospital is especially generous in its charity work. On an average of 50 per cent of the cases are wholly or in part charity cases. And I find further, that no distinction is made in the wards, between the treatment of 'pay' cases and of charity cases. The people whose means will not permit hospital care are not made to feel that they are beggars, or unworthy recipients of an undeserved attention."

Mr. James Weber Linn of the English Department of the University of Chicago will give three lectures on "Modern American Fiction" on the evenings of March 16, 22 and 27, at the Winnetka Woman's club, corner of Oak and Maple streets, Winnetka. The hour will be 8 p. m.

Your woodwork just hates lye and strong soap—give it a chance with Blue Devil. Ltg18-1tc

Mr. Linn is a brilliant writer and lecturer and is giving these same lectures under slightly different titles in the city for the Radcliffe foundation. They promise a delightful and interesting opportunity. Anyone wishing to buy tickets may obtain them by telephoning Mrs. John Olmstead, Winnetka 1433 or Mrs. W. B. Moulton, Winnetka 1007.

The MacDowell Musical Club of Winnetka, presented the program at the Woman's Library club of Glencoe, on Thursday afternoon at the regular semi-monthly meeting. Mr. Edward Collins, the visiting guest composer, played a group of his own compositions; Mrs. Charles Cooley, contralto, accompanied by Mrs. Clifford Ewart, gave two groups of songs; Miss Clara Harsh, pianist, rendered a number of selections. A paper on "Composers of Chicago," was read by Mrs. Charles Byron.

Mrs. Frank W. Van Dusen will open her home Tuesday, March 14, at 2:30 p. m., for the D. A. R. regents of Chicago and the north shore, and the executive board of the New America Shop, to meet the foreign language women.

The North Shore Vassar Club met Wednesday afternoon at the home of Miss Barbara Erwin, 533 Roslyn road, Kenilworth.

Observe Annual Mothers' Day on Sunday, May 14

The meeting of the National Fraternal Congress was held last week in the Hotel Sherman, Chicago, and a resolution was passed that all fraternal organizations observe Mother's Day, and hold special Mother's Day programs on Sunday, May 14, of this year. It was decided that Mother's Day be the second Sunday in May.

The same customs will be followed this year and in the future to the effect that those whose mother still lives shall wear a bright flower in her honor, and those whose mother is dead, shall wear a white flower in her memory.

Two to One For Soldier's Compensation—Referendum

Adjusted compensation won a decided victory in the nation-wide referendum conducted by the U. S. Chamber of Commerce—4,116 chambers voting favorable, 2,657 voting against the measure.

"From the U. S. Chamber's point of view," said John Thomas Taylor, vice-chairman of the American Legion's

legislative committee, "the referendum was a flat failure, for that body represents the most highly organized opposition to the bonus. By trying to separate the cash features from the more productive provisions of the bill, and by other means, it has done everything in its power to influence its constituent members against the bill. In spite of this fact, the vote shows almost 2 to 1 favorable.

"The Legion despises unfair discrimination—cash and the other features cannot be separated as the U. S. Chamber separated them in its referendum."

A NOTE OF PROGRESS

Appreciating fully that Spring is close at hand the Rennecker Drug company this week institutes some important alternations designed to facilitate business and add to the general appearance of the store. New cigar cases, new magazine stands, altered wall cases, are among the contemplated improvements.

It appeals to people of refined taste—Blue Devil. Ltg18-1tc

Watch Your Income

Every man is not sure of the source of his income, and how it comes to him, and whether or not it is tax exempt. With our services, it is a simple matter.

And Your Outgo

With our simple system, your own personal set of books, track of every transaction can be kept. We will gladly explain.

Ten Reasons Why YOU NEED Hydro-Toron TIRES

1. They are as big as cords.
2. They are better than cords.
3. They are inexpensive—selling at standard fabric prices.
4. They are guaranteed for 10,000 miles against stone bruise, rim cut and blowout.
5. There is greater holding power between the layers of fabric.
6. They resist oxidation on the dealer's shelf and on the spare rim.
7. There are no blisters, buckles, bulges, strained places or misplaced bead wires. Internal Hydraulic expansion practically eliminates hidden defects which cause blowouts.
8. Fabric is waterproof—the Toron treatment resists the action of water.
9. Fabric layers have greater tensile strength.
10. Hydro-Toron tires wear only on the outside.

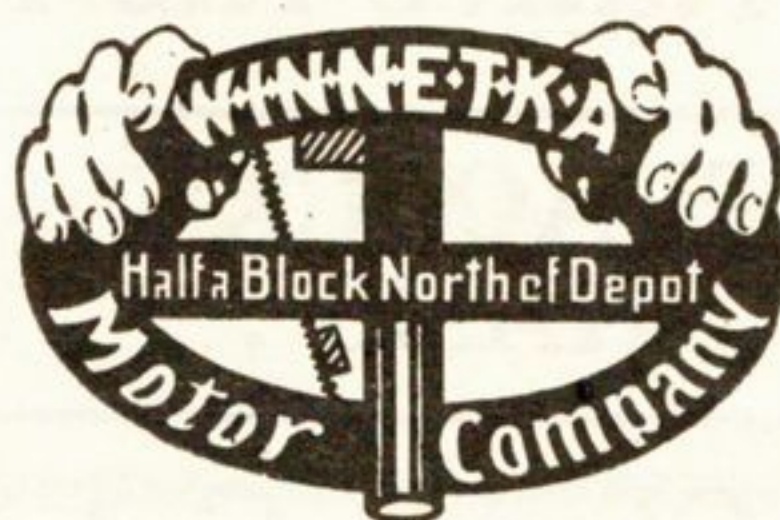

Internal Hydraulic Expansion Process

is a big step in advance of the old iron core process, with crushing pressure from the outside. Hydro-Toron tires are expanded into shape from within, producing a smooth, flawless, evenly built tire.

Toron (no-rot) Fabric

insures absolute protection against rotting by water action. Toron has an affinity for rubber, causing the fabric to absorb 10 percent more rubber than fabric not Toron-treated.

Junior Column

Kiddie Nook

The Store For Children

1160 Wilmette Avenue
Wilmette

Space is limited, but we are happy to print, in due time, all brief contributions to the Junior Column, concerning better apparel and diversion for children.

FIRST PRIZE

Dear Kiddie Nook: Your Column for the Kiddies is a splendid idea, and should appeal to every mother who is on the lookout for anything which may be good for her children. I, for one, am very particular how my children appear, no matter what may be the occasion. I shall watch the column for good suggestions.

P.S. Perhaps you would be interested to know what a brightly baby we have, only a few months old, and she can already say "Kiddie Nook!"

SPRING HINTS

Dear Kiddie Nook: I am a little girl, and I like everything my Mamma get from you. So does my brother. We both feel so proud of the nice things we buy from "the store for children." What have you ready for spring?

Answer: Here they are—Refreshing Frocks, all different, one for every girl, various materials, including high-grade Gingham, Crepes, Devonshire, Peter-Pan, and the like.

Sport Skirts, Tweeds, smart Plaids and checks.

Attractive Hats, of Milan and other fine Straw, with long Streamers of best Grosgraine Ribbons; also "dressy" Hats beautifully trimmed with dainty Ribbons and Flowers. Likewise, the boys will find a great assortment of jaunty Hats and Caps.

If you did not visit our Style Show at one of the Church Bazaars this week, you can still see many of the attractions at The Store For Children.
