**Modern Girl Not So Bad As She Is Painted, Declares New York Bishop**

New York.—Bishop Thomas F. Gaylor, head of the Protestant Episcopal Church of America, today took up the cudgel for the flapper.

In an interview he declared the modern girl is not so bad as she is painted, speaking both literally and figuratively.

As for the modern woman — — —

Since Methuseleh's Time

According to Bishop Gaylor, women had reformers het up over the things they did to their faces and the way they wore their skirts even in the days when Methuseleh was a boy.

"Woman is a new mystery every day," said the Bishop.

"But she has not changed through the centuries. The woman of today is no different from the woman of our grandmother's day or of the woman who lived before Christianity.

"Read Matthew Arnold's translation of the Fourth Idyl of Theocritus, who lived 400 years before Christ. You find there two women conversing while they dress for a concert. They talk dress and discuss ways to humor and wheedle their husbands exactly in the same way as women do today. wear short skirts because it is the way they might be New York women of 1922.

"Women the Same as Always" "No," continued the Bishop, "women are the same as they ever were. You can't change them and you can't lay down general rules for their conduct."

Speaking of the flapper, the church leader said:

"It is silly to charge mere kids with deep, dark immoral emotions and motives. There is nothing wicked about a girl who bobs her hair. If she wants to do it, why shouldn't she? Perhaps it is more becoming to her than long hair.

"You do marvel at the amount of paint you see on girl's faces. Why, I often wonder how some of them open their mouths without cracking their faces.

"But I never worry about the foibles of the young. Girls rouge and fashion. People are like sheep about following fashions. Young people are particularly so. When I was in college it was a fad for a time for the boys to wear mustaches and we all wore them. Then some one cut his off and we all followed suit.

"If it were fashion to go around with shoes unlaced, all the girls would be doing it.

Youth As Good As Ever

"Our young people of today are as good as young people ever were."

Bishop Gaylor criticized the present day system of education, declaring that utilitarianism one of the "troubles" with America.

"Men are less educated than they were 20 years ago," he said. "Why, I get letters from big business men whose spelling shocks me.

"Utilitarianism—that's the trouble. There's too much specialization in education nowadays. Mere boys are educated only for the special professions they are to follow and don't

get the education that gives a man culture and breadth of vision.

"That's because we live in an age of systematization. We are systematizing everything. Efficiency, efficiency—as if human beings were machines. Human beings are not machines and you can't make them machines.

"We are living on our nerves in America," Bishop Gaylor continued, "in no country of the world do people go in for amusement with such ferocity as we do here in America. We have been living on our nerves for years.

"America is obsessed with the notion of 'Get there.' Look at the young people who pour every morning into the factories and office buildings of this great city. They are all imbued with the 'make good' spirit. We hear too much of the 'make good' spirit—it encourages materialism."

DAISIES BRING HIGH PRICE

Before sunset of the first day, 500,000 daisies were sold in the American Legion's "Daisy Day" drive throughout Massachusetts for funds to help unemployed ex-soldiers. Four daisies brought \$125.

"APPEAL TO REASON"

Charging that the bonus is attacked "not by those who fought" but "by those who profited," the American Legion at Marion, O., home of President Harding, has appealed to Congress to look at the facts "in the light of pure reason."

**BIG MEMBERSHIP GAINS**

On March 4, 1922 American Legion membership was 108,000 more than on March 4, 1921. New members have joined at the rate of 6,600 a day since January 1. These figures have been given out from Legion headquarters to refute the statement that the organization is losing members because of its stand on adjusted compensation.

**CHARGES POLICE ARE CRUEL**

Arrested for a minor offense, Gordon Seybold, Oneida, N. Y., ex-service man, says State troopers swung him up by his wrists and pummeled him to get a confession. The American Legion has engaged counsel to probe the charge.

**BLOODLESS BULLFIGHT**

Armed with fence pickets, doughty ex-soldiers staged a bloodless bullfight in the Jersey City stockyards to raise funds for the American Legion. The nimble matadors had to jump the fence on several occasions.

**\$1.00 PACKAGE OF GENUINE YEAST VITAMINE TABLETS** from your druggist today.

If you are thin and emaciated and wish something to help you put on flesh and increase your weight, Yeast Vitamine Tablets should be used in connection with organic Nuxated Iron. Without organic iron, both food and Vitamines are absolutely useless, as your body cannot change inert, lifeless food into living cells and tissue unless you have plenty of organic iron in your blood. Organic iron takes up oxygen from your lungs. This oxygenated organic iron unites with your digested food as it is absorbed into your blood just as fire unites with coal or wood, and by so doing it creates tremendous power and energy. Without organic iron in your blood your food merely passes thru your body without doing you any good.

Arrangements have been made with the druggists of this city to give every reader of this paper a large \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free with every purchase of a bottle of Nuxated Iron.
