## RINGER SEES STRONG NORTH SHORE VOTE

The candidacy of Charles Ringer, at the present time a member of the Board of Assessors, for the Republican nomination to the office of county treasurer is continuing to threaten the harmony of the anti-City Hall forces. Attorney General Brundage continues to avow his staunch support of Ringer. And Ringer apparently is in the field to make the strongest race possible.

Records show that Mr. Ringer has always received a huge vote in the North Shore district whenever he was a candidate for public office. Republicans of this region are already displaying an eager interest in his campaign and the circulation of his petitions. According to his workers, the Ringer petitions were signed by over 20,000 names after four days circulation.

When Mr. Ringer was re-elected to the Board of Assessors in 1918, a recount was necessary due to a vote fraud. The courts finally declared him elected by a large majority. In this office, he has achieved a reputation for fairness and equity that is vouched for by all who know him.

Long and successful experience in business together with his work in public office gives him excellent qualifications for the office of county treasurer, an office transacting more business than any other in the county.

Miss Evelyn Steen, will entertain at bridge on Saturday afternoon, March 18, at her home, 233 Essex road.

## MANY PLEDGE AID TO HOSPITAL DRIVE

First Auxiliary Meeting Is Well Attended

Representative men and women from Glencoe to Rogers Park were in attendance at the first public meeting of the St. Francis Hospital Auxiliary in the ballroom of the Edward Hines' residence on Ridge avenue Tuesday night.

Mrs. Hines presided at the meeting. The early history of the hospital since its founding by two sisters of the order in 1901 until the present was outlined by John J. Barry, one of the early supporters of the hospital. A description of the crowded conditions, the pressing needs in the way of additional beds, more operating rooms, laboratories, new wards for the children, and orthopedic work, as well

as the need of more space for the care of the increasing number of maternity cases, was made the subject of addresses by Dr. Edson B. Fowler and Dr. Mary McEwen. Dr. C. L. Conroy, president of the old staff, supplemented the remarks of the previous speakers before introducing Fenton Kelsey, who outlined the plans for the drive for funds and a new wing of the hospital.

Dr. George Craig Stewart spoke briefly but to the point in a short address in which he declared himself quite at home in the work of helping hospitals and expressed his particular interest in St. Francis as a Christian hospital. Judge Bennett of New York city was called upon to speak from the audience and assured the auxiliary of his assistance in the new work.

Another meeting of the Auxiliary was held Thursday night of this week at the Hines home.
