

ANNOUNCING

The Opening of a NASH Sales and Service AGENCY

This great car—the finest automobile C. W. Nash ever built—is without question the value leader in its price field.

It surpasses its field by an even wider margin than any former Nash Six triumph.

It brings a new degree of beauty, a vast development in power; and riding comfort heretofore found only in the most expensive cars of much longer wheelbase.

See this car—stand off and regard its beautiful body; the long, straight, slim lines with gently tapering hood; the low set of the top; the smart tilt of the windshield.

Then come close and observe the choice coach-work of the body finish of deep Nash blue; the bright contrast of the silver on outside door handles.

Drive this car. Feel the instant response the amazing power and flexibility of its famous Nash Perfected Valve-in-Head motor, refined to the last degree.

Now ride in comfort—experience the ease with which this Greater Nash Six travels the roughest roads at good speed, its remarkable new type springs absorbing the shock, whether of big bump or short jolt, with equal surety.

Value Leadership is apparent in every detail of this remarkable car.

The well known NASH SERVICE, combined with our service with a smile will be a combination well worth while
