

Penfield hails from Glencoe, where he is president of the Village Board, and has been for several terms. He is a capable administrator, and has an excellent record in community affairs.

We of the north shore can depend on this man and McLean to represent our interests on the county board, fairly and acceptably.

Roads, better roads, and golf interest him and he knows they interest us. New Trier folks say they can depend on him, absolutely!

He is the 'new blood' we want.

WILLIAM BUSSE
MOUNT PROSPECT

This man Busse lives out in Mount Prospect. He is a farmer, merchant and banker.

Busse was president of the Board of County Commissioners from 1907 to 1910, and is the member of longest service now, except one. During his presidency the present County building was completed and the great Oak Forest Infirmary was built. In both of these proud operations, 'Economy' was the watchword. He is chairman of Public Service on the Forest Preserve board.

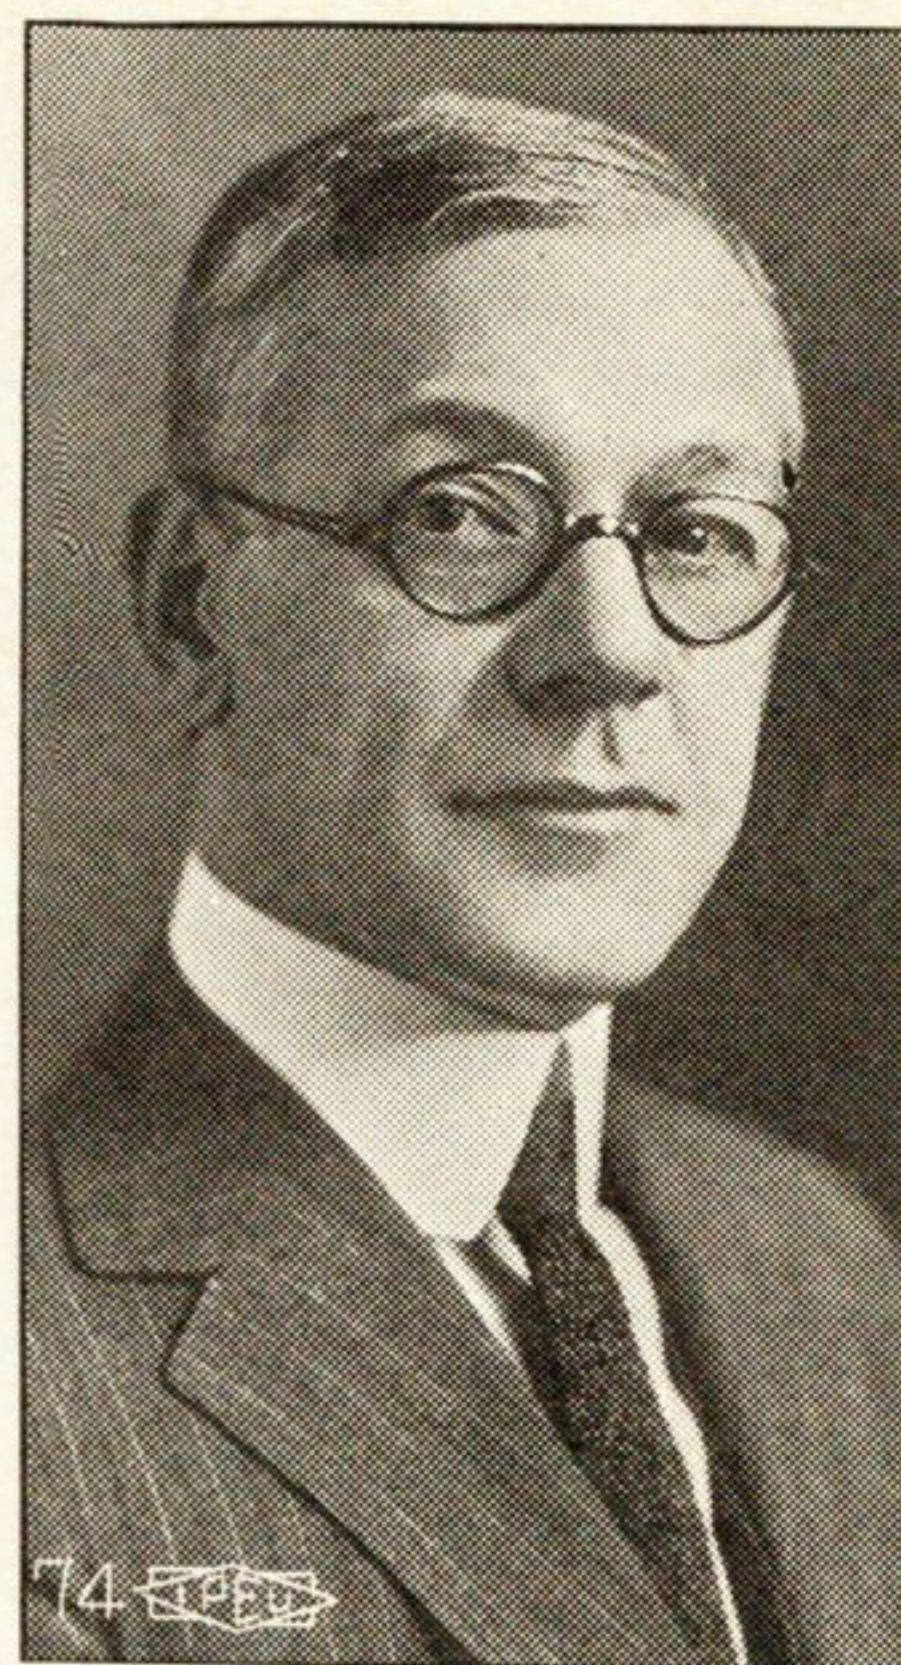

He has had valuable experience on County affairs—experience we need again!

The other north shore representative is William H. McLean of Kenilworth. He is a lawyer and law-maker, having served a term in each house at Springfield. The law creating the Forest Preserve was passed during his term.

His hobbies are flowers and fruit, as he farms on the side. Small wonder he is enthusiastic on the Forest Preserve, but he is no less energetic in legal work and has served the county with great credit.

He is a neighbor. We can rely on him to play for the north end.

DUDLEY D. PIERSON
CHICAGO HEIGHTS

Pierson is known around home in Chicago Heights as "Uncle Dudley"—a nickname that sounds mighty friendly. He is a building contractor and never forgets it! As a builder he is A-1 and as a buyer for the county he is hard to beat. To him, great credit is due, for the permanency and completeness of many county structures. He believes in using the Forest Preserves as well as preserving them.

As a practical man he is a type we need. His word carries lots of weight.

Miller is an Oak Parker and one of the three lawyers on the present board. He has a reputation of being a hard worker, always on deck.

He has served two terms in the state legislature, and several in Oak Park administrative affairs.

His legal work for Forest Preserve and County boards has been brilliant and valuable. This experience is something we should not overlook.

Oak Parkers said he was O. K. when they sent him to Springfield. His record proves they knew him pretty well.

Republican Candidates for County Commissioners

Four of these men are up for re-nomination on their records. The fifth is a man the North Shore vouches for, unreservedly.

The primary is your opportunity, your duty, to choose the men to represent your interest in county affairs. You can do no better than O. K. these men.

Experience is an asset in any position. You don't employ green help on an important job, do you? You don't want untried men on this board either.

Aspersions and customary criticisms notwithstanding---
