

COMEDY, MYSTERY, IN 'A SINGLE MAN'

Proceeds of Play to Provide Stage Equipment

Comedy and mystery are happily combined in the four-act play, "A Single Man," to be presented by the Community Players of the Community Drama club at Community House gymnasium Wednesday evening, April 19. Comedy, in the amusing situations into which a middle-aged bachelor finds himself involved by his vacillating amours; and mystery as to which who is to be "the one".

Dr. Davies Lazear is to take the part of the bachelor, Robin Worthington, as played by Mr. Cyril Maude in the original performance at The Playhouse, London, in 1910. The action, which covers a period of three weeks, takes place in Robin Worthington's house near Farnham, England, and revolves about Robin's perplexities in the midst of three marriageable young women whose qualifications and disqualifications as Robin's mate are alternately advanced by various relatives and friends.

Do You Buy Your Paint By the Gallon or By the Square Yard?

That's an important point when you are buying paint. If one brand of paint will cover several square feet of surface more than another and will wear just as well or better you would favor that brand, wouldn't you?

The above diagram shows the result of a little experiment we recently conducted to determine whether our brand of Devoe paint was as good or better than other brands for sale in Winnetka.

We bought three brands of paint from three stores. We weighed out exactly two drams from each sample. Then with new brushes we spread each sample on a new clean board. The first sample spread 16 inches; the second 18 inches; the third 23 inches, and our Devoe sample spread 35 inches!

The results of this experiment are on display at our store if you wish to investigate.

A full line of Devoe paints is ready for your inspection. Call or telephone.
