### Winnetka Legion Post Inaugurates Bowling Tourney

With the Boy Scouts as their guests, the Winnetka Post of The American Legion saw on Tuesday night the Navy Department pictures of the flight of the N C-4. Lieutenant Beeze, Chief Engineer on the N C-4, and a resident of Winnetka, gave a detailed account of this first trans-Atlantic flight. His description of the journey from Canada to Plymouth, England, with all the interesting and humorous sidelights, made the meeting of the Legion one of the best this year. Lieutenant Beeze is a member of the Winnetka Post.

Before the close of the meetings in June, the Post will have as their guest, Colonel Siqueland, who has in his possession the films taken by the German Government on board submarines during the most active period of the war. Colonel Siqueland had an internationally known experience in getting these films, and he knows more about submarine warfare, probably, than any man in the country. The date of this event will be announced.

#### Start Bowling Stunt.

A very novel bowling tournament called Blind Bogey Bowling was started at the Tuesday meeting, and will continue through until the close of the season in June. In the first evening's play C. Clague bowled 225 and T. Brown had second high score of 215. The winner of the tournament will be the Legionaire who bowls an average score nearest the combined average of all men entered. Ten games will be bowled with the finals on the 13th of June. At the Executive Committee meeting held Monday, plans were completed for the post's participation in the annual grave decoration of Winnetka men who died in
