

LEADERS RE-VAMP OUR TOWN MEETING

Annual New Trier Township Session Brings Out En- couraging Attendance

VALUED SUGGESTIONS

Propose Means to Enliven with Publicity

The annual town meeting, as held on April 4 of this year at the Winnetka Community House, is no longer an empty form in New Trier township, for on that day, at 2 o'clock, a representative gathering of citizens was in attendance. This meeting, which comes but once a year and is set by law for the same date as the township election, is a continuation of the old Town Meeting as it is known in the New England States, and has had in New Trier township, for the past several years at least, no more than a bare corporal's guard present for the transaction of township business, which includes the power and authority to levy a town tax. Conditions have changed, however, and instead of the four or five township officers ordinarily attending, plus the janitor of the building and a stray voter or two drafted from an adjacent polling place, constituting the entire attendance, this year's meeting brought forth a goodly number of both men and women from all the villages in the township.

Penfield Is Chairman.

Frederick W. Penfield, of Glencoe, was chosen as the moderator or chairman of the meeting, and the presentation for approval of the annual statements of the Supervisor and of the Treasurer of the Road and Bridge fund was the first order of business. In the absence of the supervisor on account of illness, the reports were presented and explained by the clerk and the highway commissioner. As has been brought to the attention of the voters of the township a number of times, for the past several years the township has been more than self-supporting, including officers' salaries and all election and incidental expenses, which have been paid from the percentage received from the collector on taxes paid locally. This is a matter in which each voter may take just pride, as all expenses have been met, bills paid promptly, and a respectable balance left in the bank at the end of each year. Of the taxes collected last month, the township will receive in a few days the sum of about \$8,000 to be used in the ensuing year, without the levy of any township tax.

Saving in Road Fund.

The report of the treasurer of the Road and Bridge fund showed that during the past fiscal year the sum of approximately \$53,000 had been available for road purposes, and of this only about \$35,000 was used, leaving a balance on hand at the end of the year of close to \$18,000. The highway commissioner, who has under his control the entire disposition of this fund, was called on to explain how, in opposition to the more prevalent and customary practice of municipal officials by which all public moneys in their hands are expended, the reverse situation could exist in New Trier township, to such an extent that the road work had been properly carried on and still leave the above balance in the treasury. Mr. Sherer, the highway commissioner, stated that here again the township had refrained from levying an additional tax for hard roads, and that from the regular fund provided for the maintenance and repair of highways it had been possible to effect a considerable saving each year. As these savings accumulate from year to year it is the plan of the Highway department to construct a mile or more of concrete road in the township every second year.

Among other matters discussed and acted upon were several resolutions, one providing for the payment to the collector of a portion of his salary for 1921, which inadvertently had been turned into the township fund last April by him through an error in the printing of the law; and another for expense accounts for certain of the township officials.

Urges Better Publicity.

Mrs. M. L. Greeley, of Winnetka, one of the women present, brought very clearly before the meeting the need of more publicity being given to future town elections and meetings, and as a result of her remarks a resolution was adopted which it is expected will remedy this situation. The notices required by law, though published in the local newspapers and posted in each election district, are very seldom read by the average voter, and it was thought that if such matters of public interest can be printed as news items and be given "front page space" rather than be carried on the inside pages of our

newspapers, much more interest will be aroused.

The necessity of every citizen and of each of the village administrations in the township assisting the assessor in listing all property in the township on his books at its proper value, was suggested by George R. Horton, of Glencoe, who told of the valuable work that is being done at this time as well as of the future plans as to this matter, by the local real estate board members. It was explained that there is a movement on foot to collect back taxes from persons still owning the properties in cases where the assessments have been much below the proper amount.

The vote on the respective candidates, for Township Officials, as returned by the canvassing board, was as follows:

Gertrude M. Thurston for Supervisor	404
Leland V. Pierson for Clerk	406
George R. Harbaugh for Assessor	406
Herbert H. Sherer for Highway Commissioner	403
Hoyt King for Collector	407
Frederick B. Crossley for Justice of the Peace	401
John W. Selzer for Constable	404
J. Edward Maass for School Trustee	383

JANS-LAMKE JINX PIES PRICE LISTS

(Continued from page 1)

ones for which the prices were quoted properly.

The "Good" Maxwell, which ranges in price from \$965 to \$1595 and the Columbia Light Six, ranging in price from \$1078 to \$1495, two superb cars in their line, were the ones that got mixed up.

Jans-Lamke state that these prices quoted by them are for delivery in Evanston which means that you get the cars at the prices quoted and that you do not have a charge of from \$75 to \$100 added to get the car from the factory to where you want to drive it.

The "Good" Maxwell, correctly described, with standard equipment is as follows:

STANDARD EQUIPMENT

- 31x4 Oversize Cord Tires.
- Disc Steel Wheels.
- Alemite Lubrication.
- Genuine Leather Upholstery.
- Substantial Fenders.
- Turkish Cushions.
- Plate Glass Window in Rear Curtain.
- Drum Type Headlights.
- Wheel Base, 109 inches.
- Delivered at your home at prices quoted.

MODELS

- Roadster \$ 965
 - Touring 965
 - Coupe (4 pass.) 1485
 - Sedan 1595
- The Columbia Light Six, with the correct specifications and standard equipment is as follows:

STANDARD EQUIPMENT

- 31x4 Oversize Cord Tires.
 - Disc Steel Wheels.
 - 6-Cyl. 45 H. P. "Red Seal" Motor.
 - Timken Axles.
 - Stromberg Carburetor.
 - Borg & Beck Clutch.
 - Genuine Leather Upholstery.
 - Barrel Lamps.
 - Wheel Base, 115 inches.
- MODELS
- Touring \$1078
 - Coupe 1395
 - Sedan 1495
- Delivered at your home at prices quoted.

Wherein James Paterson Disproves Ancient Axiom

Everything has gone wrong with the time honored axiom that if a young man goes in strong for athletics at a university, he cannot become an honor student, for James J. Paterson, son of Mr. and Mrs. Morton L. Paterson, Wilmette residents, captain of the 1922 football team at Northwestern university, is announced as a member of the senior honor society—Beta Gamma Sigma—at Northwestern University School of Commerce.

This honor fraternity compares with Phi Beta Kappa honor fraternity in arts. Ever since registering at Northwestern "Jimmy" Paterson has been a hard worker both in athletics and at his studies. He played basket-ball two seasons besides participating in two years of football.

Word was sent to Paterson at his Wilmette home of the honor conferred on him and he replied that the news sounded cheerful to him, as he'd

**Telephone
Service Must Go On**

The blizzards of winter and the cyclones and thunderstorms of summer are the inveterate enemies of the telephone service.

Experience covering many years has enabled the Bell company to develop the best forms of protection and the best weapons of defense in this warfare. In spite of all efforts, however, the destroying elements sometimes have their way and the telephone lines go out of service.

In such emergencies the Bell organization is instantly on the job making repairs as quickly as possible and insuring the users the shortest possible period of interruption of service.
