in Famous Picture, "School Days"**

Wesley "Freckles" Barry

Every mother who has boys, every man who remembers his boyhood, will recall some delightful memories after seeing Wesley Barry in the Warner Brothers presentation of Gus Edwards' "School Days", which comes to Winnetka for a two day run at Community House, Friday and Saturday, May 5th and 6th.

the disappointments, and the glory of an untamable, irresponsible boy, Speck Brown, played by the freckle-faced star. And Speck fairly revels in his portrayal. He is first seen among rural surroundings, and later he gets a taste of private tutoring that is accorded children of wealthy parents in big cities.

There will be three shows daily—4, 7:15 and 8:45 p. m.

**Says One Night's Dancing Is Equal to 30 Mile Walk**  
Philadelphia.—Weston, the famous long-distance "hiker," has nothing on the modern flapper, according to Dr. Karl Heinstadt, noted Swiss physician, who is stopping here.

"The average fox-trotter covers a mile and a quarter every twenty minutes," Dr. Heinstadt says. "The waltz, being much slower, covers only half that. The young woman who dances from 10 p. m. to 5 a. m. with half an hour for midnight lunch, expends energy equivalent to that required for a walk of thirty miles."

**Concealed Energy**  
**A "Mysterious" Force**  
ELECTRICAL ENERGY, that mysterious force which starts your motor, lights your lamps, provides your car with other conveniences that add to the pleasure of motoring, is supplied through the power house of your automobile—the Storage Battery. Whether the power supplied is sufficient to meet the requirements of your electrical system, giving efficient lighting service and instant starting power, will depend to a great extent upon the construction of the battery.  
**A Battery of Unusual Construction**  
The COOPER Battery is built to give the maximum service. Its heavily pasted plate of a special composition enables it to stand a heavy discharge without breaking or buckling, and further assures you in the terms of a guarantee that it will render satisfactory starting and lighting service for a longer period than the ordinary battery.  
For the sake of safety, if for no other reason, you should have your battery inspected every 15 days. Stalled on a railroad crossing, or without lights on a dark road, etc. are misfortunes that may befall you at the most critical moment. Take advantage of the service we offer.  
Buy a COOPER Battery and buy guaranteed results.
