else to Lintsing. Either place offers boundless opportunity for work. Lintsing is in Shantung Province, not far from Tschow. Our summer plans depend upon the decision as to our station. Wherever we spend the hot season, we will have a teacher with us and will be working away at the language. We would like very much to go to Peitaho but living expenses are quite high there so we shall probably go to the Western Hills near Peking or else go over into Shansi near Fenchow.

'Tis a Small World Here are having a very pleasant year here in Peking. We constantly become acquainted with people who know friends of ours in America or have some other connection. On Tuesdays and Fridays I go to the Y. M. gym class and there I meet the men from the Peking Union Medical College, among them the Meleney brothers and of course the Winnetka Meleney is still another brother. Charlotte has met them also down at the P. U. M. C. and we expect to go over to tea some time soon. Just last week we were invited to the Woman's College for dinner one evening and there met Mrs. Murray Frame who has just returned from America. She visited Winnetka in the fall and spoke at a meeting or two. While in Chicago she was entertained at Mr. Frank Kimball's in Oak Park and there met Charlotte's mother. And so these delightful relationships grow and new ones are found.

Dr. Nehemiah Boynton has just come to Peking for three months as guest of the Union church here. The American Board folks are having a supper next Tuesday evening in honor of his coming and Mrs. Frame's return. His daughter Grace teaches here in the Woman's College of Peking University.

Appreciate Chinese People This is a wonderful year for us. It is so fine to have time not only for language study but also to begin to get acquainted with the people and to visit some of the places which speak so eloquently of the inner life of the Nation. Our knowledge is indeed very small but it is growing and our appreciation of this people is mounting daily. No doubt all this will save us from many a blundering mistake.

Our very deepest regards to all of you. We would be glad to have any or all of you write to us. Do not feel that we are too busy to enjoy your letters. Nothing would give us greater pleasure than to write individually to you all.

Sincerely yours, PAUL R. REYNOLDS.

New Trier Summer School Begins Sessions June 19

Summer school at New Trier High school will open June 19, the Monday following Commencement. According to announcement made this week.

This season the courses of instruction will be the same as those offered during the last session, with the addition of general science. This course is offered especially to aid pupils in working off physiology credits. The school library will be open during the summer session.

Principal Eston V. Tubbs will be in charge of the school.

You'll Be Sorry.

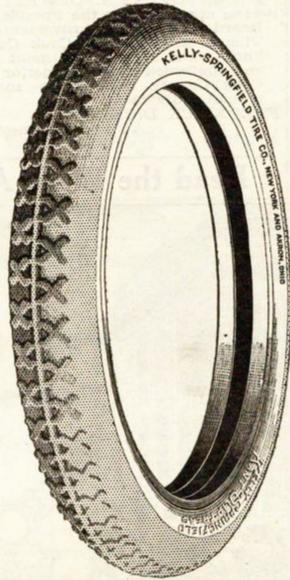

"Some o' these days," says a Georgia philosopher, "you'll see things so clearly that you'll wish you were back where you're located now, and you won't have a return ticket."—Atlanta Constitution.

There are two reasons why you should have KELLY-SPRINGFIELD tires on your car.

---the quality is better than ever

---and the prices have been drastically reduced.

You can now buy a high-quality, high-mileage Kelly for no more than you would have to pay for an ordinary tire.

If you are partial to some other make, your order for same in the morning will be filled before night
