**Wherein Ouilmette
 K. of C. Returns
 "Good for Evil"**

After losing a loosely played 13-1 game to Tonti Council Saturday afternoon Ouilmette Knights of Columbus were hosts to a crowded hall at the dance given under direction of William Hillinger in the evening.

It was one of the best social events given by the local fraternity during the past year. The music was of the best and the beautiful Kenilworth Assembly hall aided in making the affair a success.

The baseball game which ended so disastrously for Ouilmette was a close fight for six innings when the support of Pitcher "Bob" Greenslade went awry. Ouilmette was forced to play with a patched lineup, as five regulars failed to appear.

Columbus will greet the locals at Senn field tomorrow afternoon and, with the first team on the diamond, a real tussle is expected.

Garden Incubator

Perhaps for a majority of home gardeners the cigar box or "flat" in a south window answers the purpose of a hotbed or cold frame. It is a thoroughly-tried and tested device of century-long use.

If boxes have not been stored in advance with a supply of earth, it will be necessary to acquire them now and to go out with a pickaxe or mattock and pry loose some frozen clods of earth to place in the cellar to thaw.

SWIMS A MILE ON SIXTIETH BIRTHDAY

Man Shows Prowess in Tank at Three Score Years

George Ruby, 921 Sheridan road, came in for a bit of mention in the public print last week when he celebrated his sixtieth birthday by swimming a mile in the Illinois Athletic club tank. Norman Ross, famous I. A. C. swimmer, has the following to say about the Wilmette man in a recent issue of the Chicago Daily Journal:

"There are many ways of celebrating birthdays, but not many persons observe their sixtieth anniversary in the fashion George Ruby of the Illinois Athletic club plans.

"Tomorrow he reaches three score years. He plans to swim a mile at the regular noon meeting of the Otters, the I. A. C. business men's swimming club. From past performances he is well able to cover the distance, a feat well out of the reach of the majority of swimmers of any age.

"Mr. Ruby enjoys a dual distinction. He has twice been elected president of the Otters, an honor heretofore conferred on no other, and he is the most regular attendant at the noonday swimming classes. Every day he is in the water, swimming a few lengths, diving from the high board, and playing a rough game of polo with the younger members.

"His agility from the board is amazing; back flips, front and back jackknives and an occasional somersault being his daily routine. In the friendly polo matches his adversaries beware of his clutches, for he does not seem to have heard that aged bones are brittle. He is as careless of others' bones as he is of his own.

"How do I do it?" he said in reply to a question, "Why, it's simple. I have found that there is nothing like a dip in the old pool at noon to keep me in form. I am able to keep going at a faster clip all day, on account of my regular exercise."

"Mr. Ruby has not been swimming all his life, but became interested in recent years. He is one of the most enthusiastic of the followers of the sport who make the I. A. C. championship teams possible. His name appears at the head of every subscription list, whether it is to send a club team to China or to buy a couple of new teeth some star may have lost in a polo match."

Name Committee to Revise 1915 Customs Regulations

Washington.—The appointment of a committee to revise the customs regulations of 1915, was announced at the Treasury Department today. The committee will be composed of Mark P. Andrews, solicitor of customs at New York; Henry Blackwood, Deputy Collector at Seattle; John Ford, deputy collector at Chicago, and Miss Catherine R. Pike, of the Treasury Department.
