

HEAVY ENROLLMENT FOR SUMMER SCHOOL

High School Sees Prospects of Banner Season

Suppose you've flunked a subject—U couldn't make it go—Mother and Dad are furious—Make things hot—you know—E're they dub you "the prize fool" Register for Summer School.

Suppose you want to get ahead—Cause you've got ambition—Here's the chance you're looking for—Observe the mild condition: Only come in mornings (cool); Leave the rest to Summer School.

—From New Trier News.
Early figures indicate registration in the New Trier Township High school Summer school will far exceed the enrollment in any previous year. Summer school sessions begin Monday morning, June 19, at 8 o'clock, and continues until August 11.

With minor changes a possibility, the tentative summer school curriculum will include full first year classes in French and Spanish, classes in Geometry and Latin, and general science subjects. Students are asked to select two subjects. The school sessions will be confined to the morning hours and will comprise three periods of one and one-half hours each. Two periods will be employed as actual class sessions and a third will be available for study.

One of the advantages of the Summer school is the opportunity provided prospective first year students, just graduated from the eighth grades, to prepare effectively for the sizeable advance from grammar to secondary school work, its primary value being to permit the student to become acquainted with methods of high school instruction.

Another value of the school is to permit students enrolled in the high school to progress more rapidly by reason of the additional session of study and to afford students who have fallen behind in certain subjects to keep apace with their classes.

New Paintings Enrich Art Collection at New Trier

The Art Gallery at New Trier Township High school has been enriched by the addition of three paintings selected this week from a collection of fifteen paintings. Students were the judges in making the choice.

The pictures were secured from funds left in the students' treasury by virtue of last spring's Pilgrim Pageant at the school. It is proposed to establish a permanent Art fund at the school, such student organizations as the Boys' Hi-Y club and the Girls' Reserve Co-operating in the enterprise.
