The usual Saturday and Sunday afternoon programs will be given and at all such concerts, including Monday nights, all seats in the pavilion will be free. There will be no reserved seats, no extra admissions and only the gate admission will be necessary. There will be dancing in the Casino. Further announcements in this regard will be made in a few days.

Children's Programs Begin June 29

The Thursday afternoon programs for the children will begin on June 29, at 3:15 o'clock promptly. All children under 12 years will be admitted without charge. The first half of the opening program will be given by the Chicago Symphony orchestra under the direction of Jacques Gordon. The orchestral numbers given on the first Thursday will not be included in the Music Memory Contest which will be given at Ravinia later in the season. All other numbers on the following programs will be included in the contest which will be one of the most unique as well as musically helpful features ever given on the Thursday afternoon programs.

Folk Dances Feature

The last half of the program on June 29 will be given over to the delightful folk dances under the direction of John Dewar, assisted by Norman Dewar, the Bagpiper. The folk dances of the different nations given below:

Scotch: Highland Fling, Reel,

O'Tullah, Saeon Trews.

Irish: Irish Jig, Irish Reel, Irish Waltz Clog.

The Ravinia club asks that the ticket sale still be carried on. Many of the towns have not been fully canvassed as new summer residents are pouring in and, though the committee have worked splendidly, it is almost impossible to solicit everybody. Call up your nearest chairman and let her know if your subscription has not been asked for and if you are a new subscriber the committee will appreciate it if you do the same.

"Everybody Knows Taylor's!"

Whenever hardware is mentioned, one naturally thinks of Taylor's. If you want some house help, like kitchen knives, you think of Taylor's. It's because Taylor's have always sold good wares and good service.

It's a big store and full of the countless kitchen needs that every housewife prizes. She loves to look at the shining array of aluminum pots and kettles; many a husband has had to use strong arguments to persuade his wife to leave Taylor's.

Are there holes in your window screens?
Better get some screening? They'll cut
it for you.
