See the Victor Oil Burner in Operation in This Wilmette Private Home!

SOLD UNDER A GUARANTEE

We want you to see the VICTOR OIL BURNER in operation in a typical home. Only by a personal inspection, and the proof of your senses, can you be convinced that the VICTOR is the perfected oil burner for heating plants which we all knew would come—eventually—to insure perfect home heating.

So we offer you this opportunity to see the VICTOR in operation. Phone, or mail the coupon for appointment. Satisfy yourself that this new day heater is the long-hoped-for solution of heating problems.

A PERFECTED OIL BURNER

Oil burners have been used successfully for years in factories, on big and little steamships, on railroad locomotives. The VICTOR is the first and only home-heating oil burner adapted from the proved successful commercial type burner.

For two years it has been under practical

test in typical homes. It is no longer an experiment. It is a proved success. Mind you, these were not factory tests, under the supervision of experts, but home tests, under the same conditions you will encounter. It is now proved practical, efficient, free from annoying features developed by early, imperfect oil burners.

NOISELESS AND EFFICIENT

The VICTOR is noiseless. It is automatically self-regulating. It makes no smoke, no dirt, no dust. It does not "burn out" furnace grates. It consumes cheap fuel oil, not kerosene. There is no unpleasant odor from it. And it insures you perfectly moderated heat to suit your demands.

No one questions the immense advantages of oil heating with a perfected oil burner. No one doubts its convenience, its comfort. No coal to shovel. No ashes to drag out. No dust,

dirt or smoke. No rising at the crack of dawn to shake down the furnace that the house may be warm enough to dress in. Always a delightful temperature, regulated to your taste, without effort on your part.

The Victor Oil Burner is equally adaptable to steam, hot water or furnaces.

WE ASK YOU TO INVESTIGATE

We don't ask you to believe our claims. All we ask is the opportunity to PROVE THE FACTS. Make an appointment to SEE THE VICTOR IN OPERATION.

Not a factory, or store installation, but the VICTOR in actual operation in a typical home. If you are not convinced, by your own knowledge, you will be under no obligations.

And when you are convinced—so that no doubt remains—then take advantage of this special offer we are making NOW.

USE THIS COUPON

VICTOR OIL BURNER COMPANY
111 West Washington St., Chicago.

I want to arrange for a demonstration of the Victor Oil Burner, as shown in operation in a Wilmette home. This request in no way obligates me.

(Name)

(Address)

(Phone No.)

**Write or Phone Today for Appointment to Inspect
the Victor in Operation**

USE THE COUPON attached. Give us your name, home address or business address, and phone number, and we will arrange to give you a personal demonstration of the VICTOR in the Wilmette home of a user. See it work. Note how noiseless it is. Note

how every drop of fuel is consumed. Inspect the method of firing. Note how easily the house temperature is regulated. Note how spotlessly clean everything can be. Do it NOW.
