Arden Shore Needs Dolls, Balls, Bats And Bathing Suits

THE annual basket picnic of the Arden Shore Association will be held at the camp at Lake Bluff on Wednesday, July 12th. On that day all friends of Arden Shore are especially invited to bring their lunch to the camp and eat it under the beautiful trees. There will be an opportunity to meet the members of the staff and hear them tell of the wonderful work that is going on at Arden Shore and to see the mothers and babies and the romping boys and girls who are having perhaps the first real chance of their lives to rest and play.

If any kind lady could bring a doll, even a pretty old one, she would win a radiant smile from one of the "Cinders," the little motherless girls who live in Cinderella Lodge, and who only need a doll apiece to make this the most wonderful time they have ever known. Some of them have never had any kind of a doll and it seems too bad to disappoint even one little Cinder.

Then there are about 75 boys in Boyville, every mother's son of them just itching to knock a home run or a three bagger. There is plenty of room for several games at one time but alas! there are not enough balls and light weight bats. Unless the Boy Scouts or somebody comes to the rescue with a few balls and bats some of those little fellows will have to go home without a chance to prove that he is every bit as good as Babe Ruth—or will be some day.

The most inspiring time of all is the swimming hour, but dear me! there is always the dreadful possibility that some little chap can't go in because there is no bathing suit for him. The sewing circles all along the line have been most generous in their help but still there is a shortage of bathing suits and towels because just about everybody wants to go in. A plunge in Lake Michigan is one of the greatest pleasures Arden Shore has to offer its guests, many of whom have never even seen the lake before.

Although everyone goes swimming, wash bowls and pitchers are needed in the tents and the supply is running low. Has anyone some old ones tucked away in the attic? They would be greatly appreciated at Arden Shore. The Milwaukee Electric has a station at the entrance to the camp. Motorists follow Sheridan Road a bit north of Lake Bluff to the sign, Arden Shore, a Camp for Mothers and Children.
