

## NEW TRIER MEN TO BE N. U. GRID STARS

Captain Paterson, Wienecke and Other Ex-High School Stars in Line-Up

### A STRONG NUCLEUS

Thistlethwaite Builds for Future Seasons

Under the captaincy of James Paterson, son of Morton L. Paterson, 925 Chestnut avenue, Wilmette, the Northwestern university gridiron squad will assemble on the fifteenth of next month, to do their best to annex the conference title.

Paterson, better known as "Jimie Pat" has been spending the summer getting the hardest subjects out of his way for the fall grind, in Northwestern summer school, has been playing a great deal of golf, and has taken on weight. He looks to be in prime condition to start the season. He left this week for a two week's stay in the woods of northern Wisconsin.

Before making his departure he spent a great deal of time with Coach Glenn Thistlethwaite in lining up material for the coming season.

#### Other New Trier Stars

Bob Wienecke, of Glencoe, captain of last years' freshman squad, now in the Canadian woods, will be one of the men on whom captain Paterson will place a great deal of the brunt of the campaign. The former New Trier star will take care of one of the backfield positions. Tony Varney and Don Calhoun, also from New Trier are expected to be in togs for the start of the season.

But five regulars were lost to the squad, with last years' graduation. Chuck Palmer, backfield ace, will return, as will "Bill" McElwain, "Henny" Penfield, elephant weight tackle, Redding Putman, his side partner, Dwight Mills and Wright Erwine guards, Rembe, a quarterback who played at Washington under Gilmore Dobie, Shearon and Taylor, end men, Blumenthal, erstwhile quarterback is on the ineligible list.

Coach Thistlethwaite is making no prophecy as to the outcome of the conference this year. All he can be made to say is that he is building on the future, that he is going to try to have a better team this year than last, and to keep on building up.

However, he says that he will do his best with the material at hand this year. There are few times in the conference who enter the season of 1922 with as good material as there was on hand in 1921. Chicago has lost Romney, McGuire, King, Crisler and Halliday. Iowa lost the Devine brothers, Slater and Belding. Locke the great fullback will return, however. Illinois loses Captain-elect Don Peden, as well as Walquist and Crangle, together with all the men who played in the Carlinville game. Ohio loses Huffman and Myers, having one Workman brother returning.

It looks like Wisconsin will have the same great material they had last year, minus Sundt, Elliott and Bunge. However, Rollie Williams will captain the Badgers, Gus Tebell, premier end, will be back, and it is rumored that "Shorty" Barr, for three years quarterback, will return. New Material, including Pearse at center, with Pollock and Nolte at guards and tackle, and "Kibo" Brumm, if he recovers from his automobile accident, will make the nucleus for a great line for Coach Richards.

As Northwestern does not play Wisconsin, it would seem at this early stage of the game, that she enters the field in as good shape as any of the schools she tackles. A strict system of confining the school activities strictly to football for three months, it is hoped will bring the Purple school from the position near the cellar, which it has occupied for the past few years.

### Royal Arcanum News

Winnetka council held its weenie-roast and meeting as scheduled last Monday on the beach at North ave. To say the least the affair was a success from all points, eats, meeting and all. Brother Clark was the cook of the evening, and hot dogs, corn, coffee, etc., were to be had galore, and to see Brother Clark hopping around you readily realized that the one-armed paper hanger with the hives had found a keen rival. Due thanks for the evening is due from the council to Brother Clark for his well-spent efforts. A meeting followed supper. A large membership was present and five members from Highland Park council were present.

Our next meeting will be held in Community House in our regular meeting place, probably the second or third Monday in September. Announcement by card later.

### McIlvaine Fire Facts—

In order to correct the numerous statements contained in the sensational but fictitious front page report in the August 22 issue of the Chicago Tribune, regarding the fire at the McIlvaine residence on Green Bay Road, it is desired to present a brief statement of the real facts.

The fire, which was caused probably by defective wiring, and not by thieves, was not discovered until it had gained considerable headway on the third floor. The fire department reached the building within four minutes after the alarm was given and the quick response received considerable favorable comment. The fire was handled in an unusually effective manner by the department, the damage being confined to a small portion of the building, with a loss not exceeding \$3,000. Damage to contents by water was held to a minimum.

No burglary whatever was committed and no call was sent in to the police department. The statements of the Tribune that the building was looted and then destroyed by fire, that the police responded in a commandeered car, and that the fire department took thirty minutes to reach the fire are therefore without foundation.

### No Bids on Hubbard Woods Paving—

The call for bids on the paving of Scott avenue, Asbury avenue, etc., in Hubbard Woods resulted in no action at a special meeting on Tuesday evening, August 22, held to facilitate the progress of the improvement. Because of the impossibility of securing delivery of sand, gravel and cement, no contractor was willing to undertake to start the work at the present time. The Board decided to readvertise in hope that conditions will be improved by the next meeting. Considerable doubt exists, however, as to the possibility of completing the work this Fall in any event, and as to the wisdom of disturbing the streets for drainage and grading unless the pavement can be laid before winter.

### Mother of Mrs. C. Happ Dies in Webster City, Ia.

Mr. and Mrs. Clarence Happ, 306 Walnut ave., returned early this week from Webster City, Iowa, where they attended the funeral of Mrs. Happ's mother, Mrs. George R. Crosley, who died on August 17 following a lingering illness.

Mrs. Happ had been staying with her mother for several weeks. Mr. Crosley returned to Winnetka to remain at the Happ residence for some time.

### When Your Feet Tire

When your feet tire, you feel tired all over. And when you feel tired all over you look tired. Isn't that more than you care to pay for wearing shoes that restrain the natural flexibility of your feet and that distribute your weight incorrectly?

The Cantilever Shoe has a flexible arch like the arch of your foot. No steel shank-piece hidden away in the arch hinders the necessary exercise of the muscles of your foot. You don't feel tired too soon.

Cantilever Shoes are designed to carry your weight properly. Physicians say that headache, backache, irritability and other more serious troubles are caused by shoes that tilt your body out of balance.

Cantilevers are not merely comfortable; they are good looking. They are the type of shoes smart women wear with daytime costumes and with sports clothes.

Slip your feet into a pair of Cantilevers. Learn the joy of wearing shoes that improve your circulation, increase your vigor and make you feel at your best.

**TRIANGLE GARAGE AND MOTOR CO.**

*In Our Line of Business*

(and in many others, for that matter!) the word "service" has been used and abused to such an extent that it is almost meaningless.

At the same time, we would like to say that we offer to our patrons an attention and an earnest desire to please; a courteous and conscientious endeavor to satisfy, and a little more. That to our mind is actually real service.

We will let you be the judge!
