

# HOLD FALL FESTIVAL AT NORTH EVANSTON

Big Recreation Feature  
There Next Week

The week beginning Monday, September 11, is to offer unusual diversion for those residents of the north shore who are to join with the North Evanston Business Men's Association in celebrating a great Fall Festival in that thriving commercial center.

While the festival proper begins Thursday, September 14, features of the autumn carnival will be ready for the frolickers on Monday, so that an entire week of fun is in store. Beginning Monday, there will be the merry-go-round, ferris wheel, whip and other similar thrill producers in full swing.

**Band Concerts, Dances**

Beginning Thursday there will be nightly band concerts in Ackerman park, McDaniel and Central streets. Street dancing on the thoroughfare at Central avenue and Broadway, just east of the "tracks" will be another nightly feature. Then there will be numerous refreshment stands providing coffee, sandwiches, red hots and other delicacies, as well as a generous consignment of festival novelties.

Saturday afternoon there is to be a championship baseball game at 3 o'clock at Northwestern university athletic field, in which the Evanston Boosters and the Chicago Boosters will clash. No admission will be charged.

**Crown Festival Queen**

Saturday night at 8 o'clock North Evanston will crown the Queen of the Festival now being selected in an interest-compelling popularity contest in that section. The lucky girl will be awarded a Ford car and granted the privilege of taking an air journey in one of the Burmeister planes.

Along with the crowning of the queen Saturday night will be the time of the great Mardigras procession when every resident of the north shore is invited to appear in costume and vie for the attractive prizes.

**Holiday Attire**

North Evanston stores will be decorated and the Central street business district will be converted into a miniature fairyland of lights and color for the feature recreation event of the year.

Next Thursday, Friday and Saturday are the three big days.

**Servant Wades to Death  
by Drowning Near Beach**

Preston Nealy, colored, 21 years old, employed by L. B. Sherman, 575 Sheridan road, as a butler, was drowned while wading in the lake at the foot of Spruce street, Wednesday afternoon.

The body was taken to the Hebblethwaite undertaking rooms in Evanston for the inquest.

**Royal Arcanum  
News**

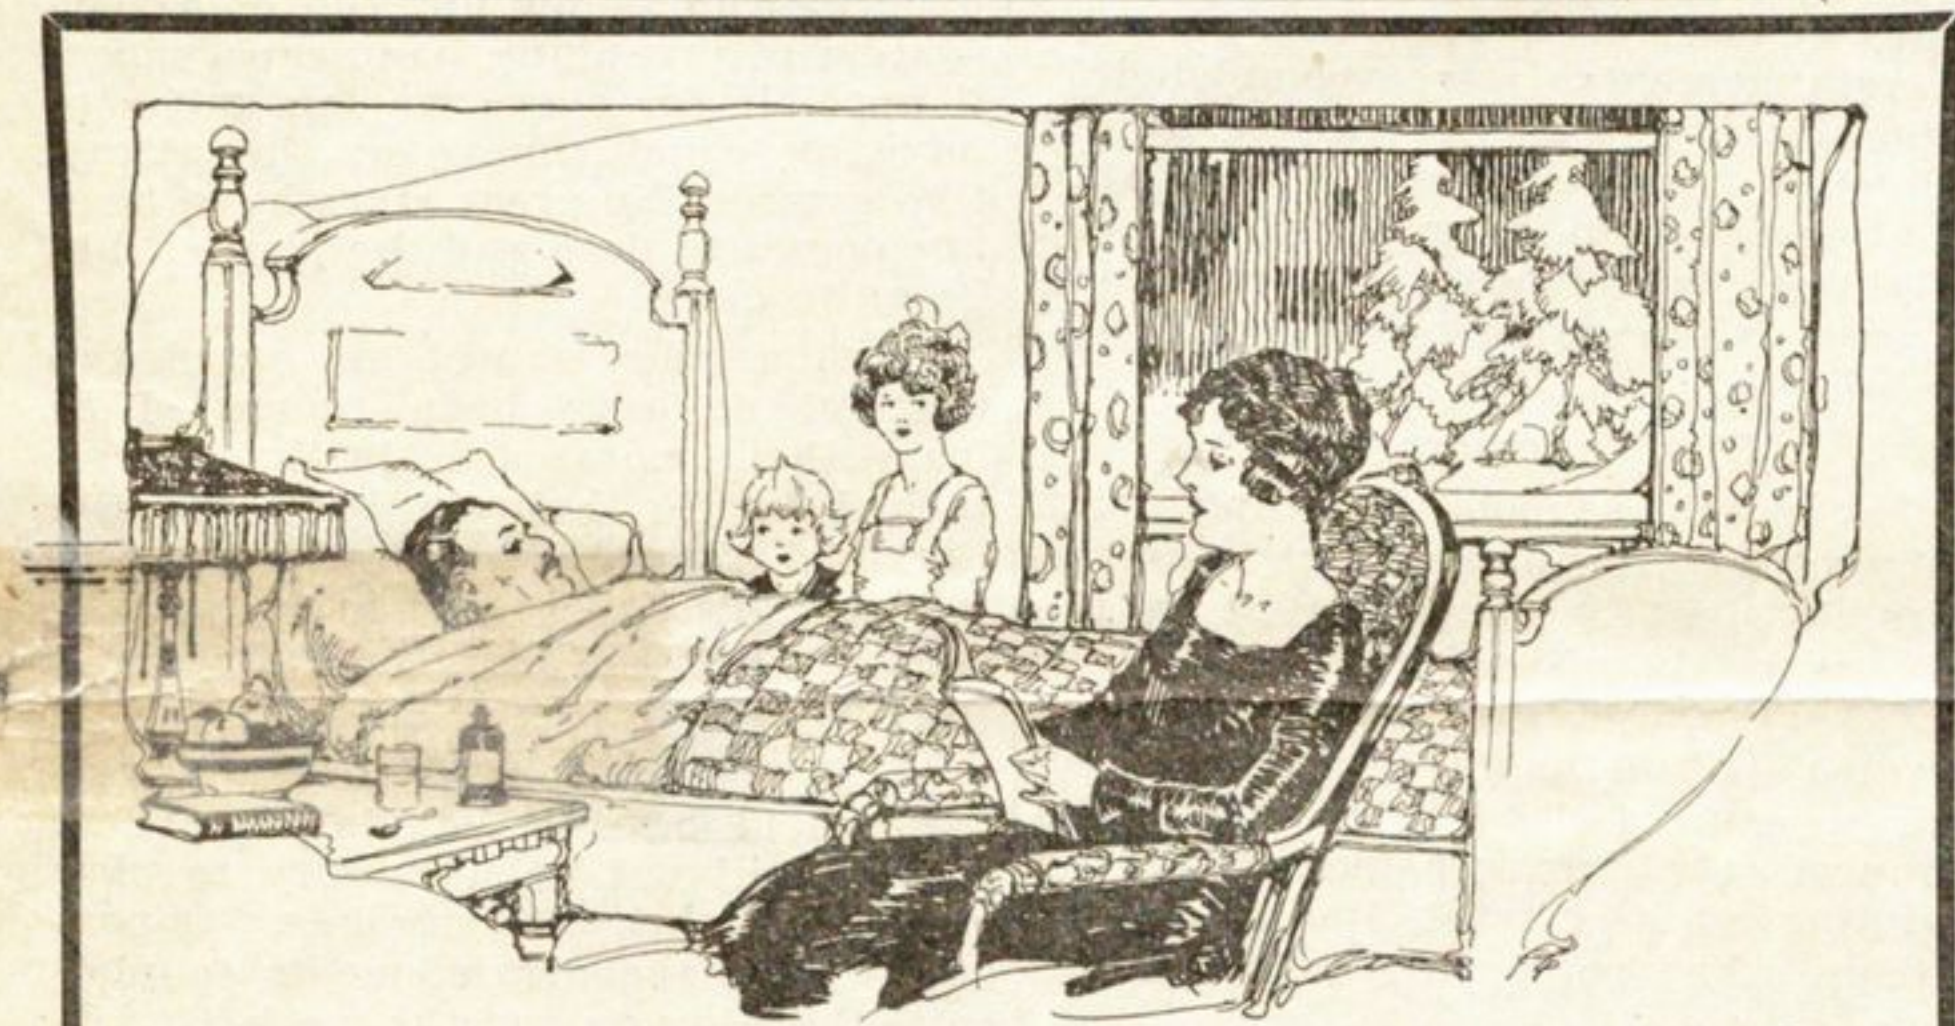

Winnetka Council meets next Monday, Sept. 11, at the Community House at eight o'clock. Important announcements forthcoming. Report of regent's meeting held in Chicago lately. Don't fail to be there!

**ONE MILLION PHONES**

The number of telephones in New York city has passed the million mark. There may still be some question as to whether New York or London is the largest city in the world in point of population, but there is no argument as far as telephones are concerned, for New York has nearly three times as many as London.

**"NO LIGHTS" BRINGS FINE**

Earl R. Ross, Chicago, was arrested by patrolman Johannesen for parking his car without lights. The fine was \$3 and the usual costs.

## No Fires to Tend!

Think of having June temperature throughout your home all winter.

Think of this ideal heat without fires to build or tend—coal or ashes to shovel—or drafts to watch.

ABC Oil Burner gives automatic heat—absolutely uniform automatic heat—in any type furnace—steam, hot water, vapor, or hot air. It makes your heating system more efficient than it ever was with coal.

ABC burns low-priced oil without noise, odor, soot or smoke—and requires no work or attention through the entire season.

The coal situation is bad. It promises to be worse. Now is the time to protect your family against the very real danger of a coal famine. Even if your bins are full of coal, it would pay you in comfort, money and labor to install ABC oil heat in your home.

Let's talk things over. We are here all day and every evening, ready to demonstrate the efficiency of ABC Oil Burner. Come in this evening or tomorrow—if it's only to satisfy your curiosity.

# ABC OIL BURNER

**IMPORTANT:** Don't buy an oil burner as a stop-gap. Some are that type. ABC is not. It is a permanent means to increase home comfort, eliminate work and reduce expense. A talk with ABC users in your neighborhood would convince you.

## "AT ECKART'S"

When you think of hardware---

Think of Eckart's.

Because Eckart's means---  
Hardware in every sense of the word.

**TRIANGLE GARAGE AND MOTOR CO.**  
THE SIGN SERVICE

### Women Have Trouble

with their cars more often than men; perhaps because they are not possessed of quite the mechanical turn of mind that most men seem to be endowed with.

It is a sure thing that a woman would not care to do all the jobs about her car that a man might like to do. The necessity of a garage where women will receive the right kind of service is self-evident. The Triangle Garage & Motor Company is such a garage!
