

BUSSES TAKE PUPILS TO CHURCH CLASSES

Provide Conveyance to Community House

Parents who are planning to send their small children to the Congregational Church school will be delighted to know that arrangements have been made for the use of the public school motor busses, for transportation both to and from Community House, where the sessions of the school are held. These busses are weatherproof and in charge of the same drivers who have proven their careful interest in the daily trips to the Skokie school.

The capacity of each bus is about 28 children, so there will be room only for children up to the fourth grade who are at least able to walk over the longer distances. Even then the busses will no doubt be crowded, and parents who have automobiles are asked to transport their own children at least until it can be ascertained how many children there are who must depend upon the busses for transportation.

The routes for Sunday are as follows:

- From and to the Northwest**
Starts at 8:45
North on Center street and Linden street to Scott avenue.
At 8:55
West on Scott avenue to Vernon street.
South on Vernon street to North avenue.
At 9:05
East on North avenue to Burr avenue.
At 9:10
South on Burr avenue and Rosewood avenue to Elm street.
At 9:15
East on Elm street to Lincoln avenue to Church.

- From and to the Southeast**
Starts at 8:45
South on Linden avenue to Hill road.
At 8:50
East on Hill road to Ridge road.
South on Ridge road to Winnetka avenue.
East on Winnetka avenue to Woodland avenue.
At 9:00
North on Woodland avenue to Willow street.
East on Willow street to Walnut street.
At 9:10
North on Walnut street to Elm East on Elm street to Lincoln avenue to Church.

These routes and time schedules are experimental and subject to change on following Sundays, due announcement of which will be made. Children are asked to gather at street corners along the route on the right hand side of the bus. Busses cannot wait beyond the time indicated. Return trips will be made over the same routes, leaving the Church school at 10:50 o'clock.

Oak-Ridge Park Tract Received Final Touches

The Oak street and Ridge avenue street intersection, south of the Elm street station of the Chicago and Northwestern railroad and west of the right-of-way, assumed an attractive appearance this week when workmen completed the grading and planting of shrubs on the triangular property formerly known as the Roach tract.

The plot is adjacent to the Winnetka Free Public Library and completes the park scheme at the important intersection.

COMMUNITY HOUSE WORK BEGINS OCT. 1

(Continued from Page 1)

Talk. As usual, there are to be classes for men, women and children. There is to be a morning gymnasium class for women, in connection with which Mrs. Ezra Taylor will instruct the members in indoor tennis.

Boys' and Girls' clubs begin their programs early in October, the schedule to be in the general Community House program.

Friendship Circle Resumes

Friendship Circle holds its first meeting early next month. This group comprises girls who are working in Winnetka homes. The club meets once a week for social recreational programs. Special parties are arranged during the season. Any girl employed in a Winnetka home and who is seeking wholesome companionship is welcomed into this friendly circle.

Classes in English for foreign men and women will be resumed the first week in October under the leadership of Mr. and Mrs. William B. Moulton and several assistants. Those who desire to enter these classes may do so by paying the customary Community House membership fee of \$2. There is no additional cost.

Winnetka Men's club dinners and meetings will be held at Community House again this season. The first meeting of the club is scheduled for early in October.

Seek Volunteers

Winnetkans who would like to render a distinct service to the community by assisting in Community House work, are requested to communicate promptly with Mrs. E. W. Wortley, assistant director, relative to entering some activity to which they feel best suited. Volunteer leaders are needed and Community House officials extend a welcome to those who have experience in directing group activity.

Alcohol Does Such Funny Things When Used in Motoring

R. C. Mower, ambitious Chicagoan, was assessed \$25 and costs in Winnetka police court this week for cutting up amusing capers with his automobile Sunday on the premises of the Porter estate in Hubbard Woods.

Mower landed in police toils after he had gee-hawed all over the spacious lawns. He was listed on the station house records as "drunk and disorderly."

He came under the traffic violators' list simply because he employed a car in his strange maneuverings.

LEGION AUXILIARY AIDS BLIND VETS

Subscribes \$50 to "Books for Blind Vets"

Blinded World War veterans, in the interest of whom the Chicago Chapter of the American Red Cross has issued an appeal for Braille transcribers and books, will be interested to learn that the Wilmette American Legion Auxiliary is especially concerned about their needs.

The auxiliary at its first meeting of the new club year this week voted \$50 toward providing "books for blind veterans." This sum is a portion of the receipts of a recent card party attended by many north shore women and which netted the auxiliary a neat fund for its hospitalization and other relief work.

The first appeal for "books for blind veterans" was published in The Lake Shore News early in August. Many telephone calls followed the appeal and written communications bore the suggestion that women's organizations in this vicinity refrain from the distribution of prizes to members for a brief period and convert funds accumulated into a fund for "books for blind veterans."

"The expense of press-made books for the blind is almost prohibitive," according to Red Cross officials. "The appropriation from Congress is comparatively small, so volunteer Braille transcribers are needed."

Funds for "books for blind veterans" are to be directed to the Chicago Chapter, American Red Cross, 58 E. Washington street, Chicago.
