

**Royal Arcanum  
News**

Winnetka Council 1131 meets next Monday night, Oct. 2, in the Community House. With a class of two or probably four initiates and other special features a good meeting is assured. Further plans of the R. A. basketball league of the north shore councils will be discussed. Officers from Grand Council will be present. And the refreshment end of the program will be well taken care of also, it is promised. Dues are payable at the meeting and members are requested to come and pay there. Come and pay yours and enjoy meeting. The Royal Arcanum is alive and growing.

**A Good Crate**

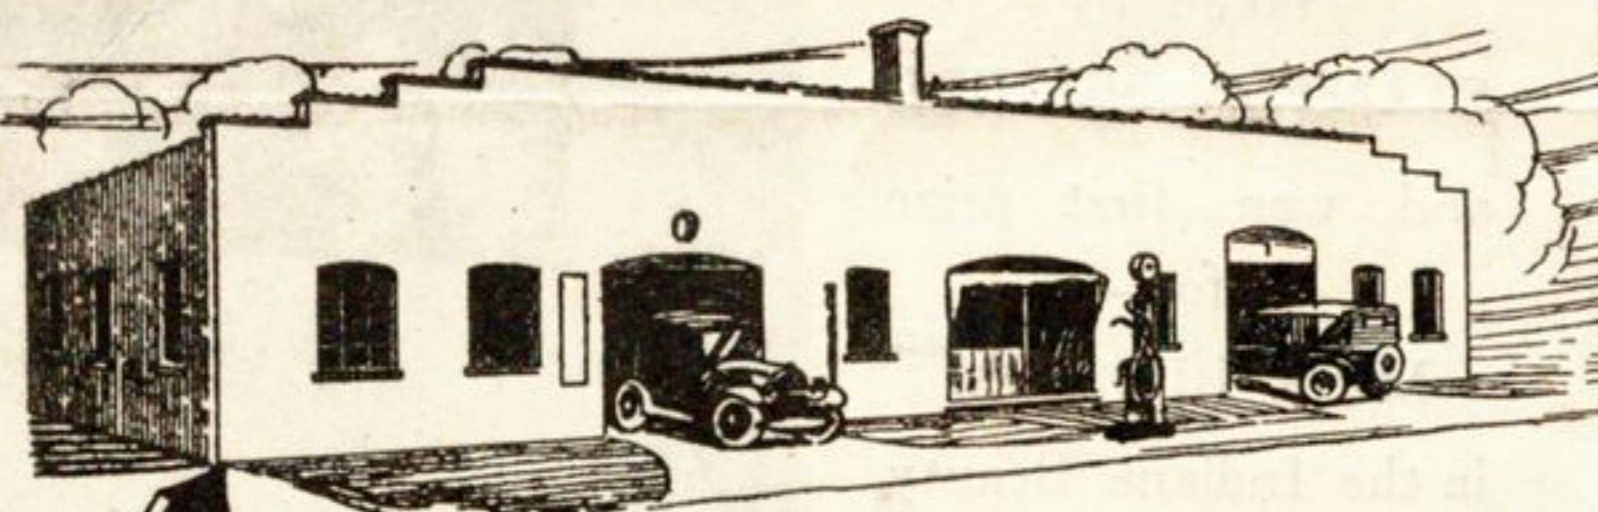

has to be made by men who thoroly understand their business—the job is by no means as easy as it sounds.

For instance, there are six common ways of forming the corners; two of them are right, and only one is really good. The sides and bracing are just as important.

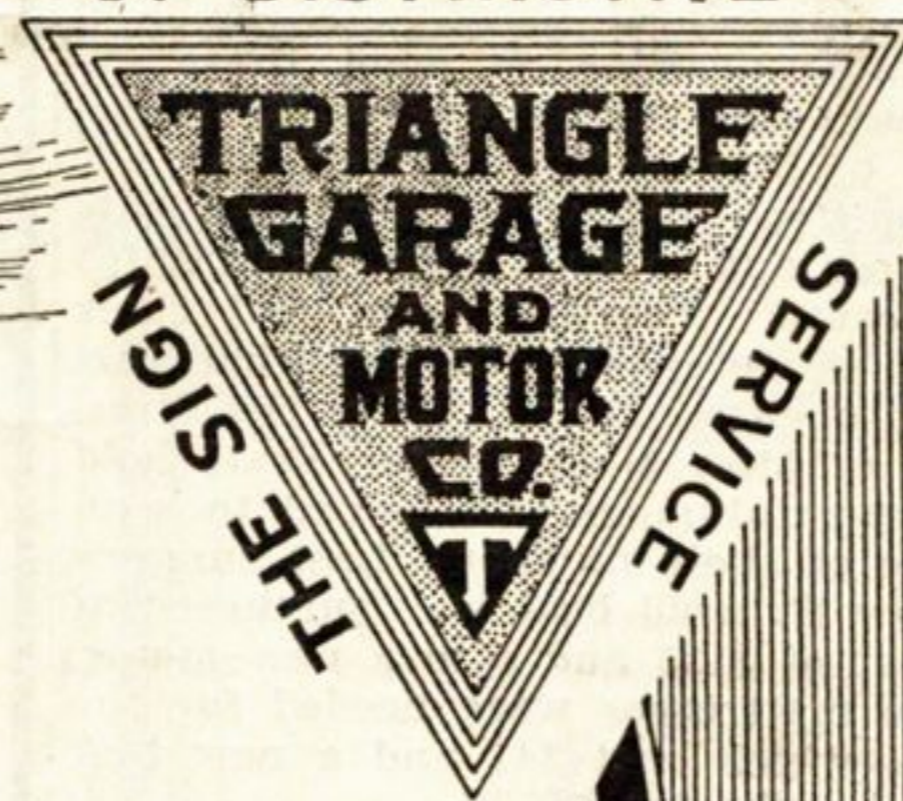

When you have a job of crating to be done, have it done RIGHT; it pays!
