

NORTH SHORE'S \$275,000 DAY SCHOOL PROJECT UNDERWAY

Proposed group of buildings to supplant the present structures of the North Shore Day School at Winnetka. The 14½ acres of ground the school has under lease are now the school property by recent purchase, the directors announce.

SCHOOL LAUNCHES BUILDING PROJECT

Country Day School Has New Plans

North Shore Country Day school has been incorporated and announces the purchase of the 14½ acres of ground it has been using in Winnetka and construction of the first of a group of buildings to cost \$275,000 to supplant the present structures.

The first unit is an upper school building to cost \$80,000 and ground has already been broken.

"The North Shore Country Day school at Winnetka, after two years tentative operation has now been incorporated as a permanent institution not for profit," the directors announce.

"Negotiations have been concluded whereby the corporation will acquire title from Francis King Cooke to about 14½ acres of land and the buildings thereon, located between Forest avenue and Church street, Winnetka. The school has been operating in the old buildings on this site during the formative period," the announcement continues.

First Unit Underway

"The purchase of this valuable property and the new buildings planned, permanently assure to the residents of the North Shore a modern and beautiful institution comparable to the best preparatory schools of the country.

"Ground has already been broken for the erection of the first unit, an upper school building, which is part of the comprehensive plan.

"About three years ago a group of Winnetka men persuaded Perry Dunlap Smith to consider the development of such a school, and the offer was finally accepted. Since its inception, in spite of inadequate equip-

ment, the growth of the school has been remarkable, the enrollment of pupils last year amounting to 285 with a waiting list of 175.

Directors Praise Public School

"Organized as a corporation not for profit, non sectarian in character and administered by a large staff of competent teachers, the school will round out and supplement the excellent but already crowded facilities of the public schools on the North Shore. The association between the faculties of the North Shore school and the neighboring public schools has been a source of benefit to both groups.

"The board of directors responsible for the business management of the school comprises the following Winnetka residents:

Frederick H. Scott, Calvin Fentress, Cornelius Lynde, Agyes Boal, Robert H. Ripley, Willoughby G. Walling, Robert Stevenson, jr., H. Spaulding Coffin, and Charles T. Mordock.
