

## NEW TRIER GRADS FAR ABOVE AVERAGE

Ninety Per Cent Pass College Entrance Tests

Prospective residents of New Trier township often ask the question: Will New Trier prepare our boys and girls especially for college, or does it give them only a general knowledge, as so many high schools do?

Interested in giving a competent answer to this important question, The Lake Shore News called upon a New Trier High school faculty member, receiving the accompanying reply.

**70 Percent Enter College**  
"When parents learn of the large percent of New Trier graduates who enroll in the colleges and universities, they are convinced that some special stress must have been placed on the work to fit them for these institutions of advanced learning. Last fall 70 percent, and this fall 63 percent of the senior class entered college.

"This year special classes in Latin, English, French, Physics, Mathematics and American History and Civics are being conducted for those students who expect to take the college board examinations in June. During the past three years at least 90 per cent of those who took these entrance examinations passed and were admitted into the college of their choice. This is a much higher percentage than the average for the entire United States. Furthermore, some of these students

have received special recognition for the high school character of the work they have done in their freshman year at college."

## OLD DOBBIN LOSES REFUSE WAGON JOB

Village Secures Motorized Waste Disposal System

Arrangements have been made whereby a change will be made from the present horse drawn vehicles now used in the removal of ashes and garbage from the village, to an up-to-date motor service. This change was found advisable since it would soon be necessary to materially increase the equipment now in use. The cost of maintaining the new motor service will not exceed that of the old method, it is said, and may be less. Twenty-five per cent more customers can be served by the motor truck service than by horse and wagon.

**Have Efficient Service**  
Four two and one-half ton trucks, with a capacity of three cubic yards, are to be used; three for garbage and one for ashes. These four trucks will collect the ashes and garbage in the village, and a fifth and larger truck will be used between the village and the dumping grounds. Two men are to accompany each truck.

Both trucks and men are to be furnished by a contractor. In this manner the Village will not have to purchase any equipment except shovels and baskets. The horses, wagons and

carts now in use will not be sold but will be used in other departments, where they are needed. This plan will eventually eliminate about six horses.

The contract is to be given to Biederer Brothers of Glenview, who have been in this business for some time. Mr. Woolhiser has been authorized to sign the contract at once.

The refuse, it is understood, is to be hauled to the vicinity of Glenview, where most of it is to be used as fertilizer.

## Wilmette Youth Heads New Trier Senior Class

Richard Osgood of Wilmette was elected president of the senior class at New Trier High school at the annual senior class election Monday of this week.

## Two More Schools Enter Suburban League Debates

Two schools were added this week to the High Schools Suburban Debating league, of which New Trier High school is a member. Waukegan

and Deerfield-Shields high schools will compete for honors in the league, it is announced.

Other schools in the league are La Grange High school, Morton High school and Oak Park High schools.

## Social Calls By Long Distance

Keep in touch with your friends in other cities by means of the Bell Long Distance telephone system.

Long distance telephone calls have that personal touch which even the most personal of letters lack and are equal to two letters—the one you write and the reply. Besides, they tell in minutes what the written word takes hours or days to transmit.

Evening and night rates for "station-to-station" calls are lower than day rates. From 8:30 p. m. until midnight the evening rate of a little over one-half the day rate applies. From midnight to 4:30 a. m. the night rate of about one-fourth the day rate is in effect.
