

### Harold Loses Car; Misses Fire: What a Sunday Morning!

IF—after you had acquired a brand new Ford "Coop" and affixed thereto all the known accessories and experimental devices dear to the heart of the motor bug; and,

IF—for lack of garage space, you then placed the duly acquired and "fluently" bedecked motor buggy right beneath your window casement, within a few feet of your downy couch, so that none might come and molest:

If you had accomplished all these things and you were suddenly awakened by the fire gong, and being a volunteer fireman, leaped out of the open window to find—that your dear possession was GONE.

We ask you, what would you do? Harold Bohnen, superintendent of Water and Light distribution in Winnetka, experienced the aforementioned and what he has been doing about it would make the inconsiderate pilferer wish he'd taken up some honest profession. Harold is out with gun and powder horn and he's determined to pick out his car from among the myriad representatives of the Ford family of buzz wagons.

Harold bought his "Coop" last Friday. It looked like the proverbial million dollars, what with spot light, stop light, accelerator, patent lock, automatic wind shield cleaner, bumpers front and rear (he's a pessimist), snubbers and other accoutrement. He parked the treasure near his home, right under his bedroom window. At four o'clock he was roused from deep slumber by the fire siren. One leap and he was in his "bunkers," another jump and he landed alongside of—empty space. The car had been stolen, automatic lock and everything.

Yes, he didn't get to the fire. The Little Symphony Orchestra of Chicago will give the first of a series of concerts on November 14, at New Trier high school.

### Gift Shop Pleases Patrons at 'Opening' This Week

Miss Herbst, proprietor of what is characterized as "A Gift Shop that is Different," enjoyed an encouraging day Wednesday of this week upon the occasion of the formal opening of the shop at 554 Lincoln avenue.

Attractive gifts in surprising variety greeted the visitors and first patrons of the shop and it was the consensus of opinion that the Shop filled a distinct need in the village.

### Royal Arcanum News

Last Monday we conducted a snappy and enjoyable meeting. The meeting was run through snappy and games, song and refreshments which followed made us all feel we had a good time. The meeting was marked by the return of a number of our old bros. to the fold. As per our usual custom in order to be independent of our council fund for our little refreshment end of the program, we raffled a dollar and Bro. Martin proved to be the lucky one.

### TOWLES TOURS

Harrison 3599-3566

At the meeting the council furthered its plans for a card and Bunco party to be held the last days of November, probably the 28th, for the benefit of our basketball and indoor teams which are now in the field together with the bowling team. A large group of brothers are taking active part and pledging their support to make the affair a success. For benefit of all, the affair will be public and all are invited. Reserve the night and we promise a good time for all, young and old. Those who wish to dance will have the floor and we plan to

have some good music. Refreshments will be included with the admission price. No R. A. speeches will be made or anything to advertise the R. A. but we want a jolly time for all present.

## Words of Cheer and Comfort

If wife, mother or daughter is ill and you are obliged to be absent, what a comfort it is to talk home every evening by long distance telephone! Your own anxiety is relieved and your loved ones are cheered by the sound of your voice.

"Station-to-station" long distance service, developed recently by the Bell System, meets situations of this kind exactly. Just call your home by number and tell the operator you will talk to any one who answers.

When the call is answered, the "station-to-station" rate, which is about twenty per cent lower than the "person-to-person" rate, applies. You can then talk to all the members of your family, one after another, on the one call, if you wish.

Evening rates on "station-to-station" calls, which are about one-half the day rates, become effective at 8:30 p. m. After midnight the night rate, about one-fourth the day rate, applies.
