

DR. E. E. BURTON IS MEN'S CLASS SPEAKER

Discussion of Sermon on the Mount Tomorrow

Dr. Ernest E. Burton of the University of Chicago Divinity school, will be the speaker this Sunday at the Sunday Morning Men's Class of the Congregational church. His subject will be, "The Choosing of the Twelve, and the Sermon on the Mount," dealing with the organization of the Messiah's Kingdom and its Bill of Rights.

Recognized Authority

Dr. Burton is Professor of New Testament Greek at the University of Chicago Divinity School and probably one of the best known scholars on the New Testament in this country today. He will discuss in detail the choosing of the twelve disciples and Christ's sermon on the Mount, and the significance of Christ's life from these two vantage points.

His broad knowledge of Christianity and the viewpoints of people throughout the world toward Christianity gained from actual contact with them, enables Dr. Burton to speak in a very interesting and very logical way.

The class will start at 9:30 a. m. and, with such a drawing card, those planning to attend are urged to come promptly so as to be assured of a good seat.

Dr. Burton, it will be remembered, spoke before the class last year on the Modern China.

AID OLD PEOPLE'S HOME

The Windsor Chapter, Daughters of the British Empire, will hold a "Mother Goose" fair at the Glencoe Masonic Hall this Saturday in aid of the British Old People's Home. There are to be several Mother Goose novelty booths.

BUILD HEAT PLANT AT COUNTRY DAY SCHOOL

Among the building permits issued last week by the department of public works is one which authorizes the construction of another building in the series provided for by the expansive program of the North Shore Country Day school.

The new building, located on the property of the school bounded by Forest, Garland, Diller and Church streets, is to be the central heating plant. At a cost of \$17,000 a basement boiler room and concrete stack will be installed. Recently the school started construction on a \$55,000 hall, the first of the series of extensive improvements.

Building permits authorizing the erection of buildings valued at \$22,000 were granted to the Winnetka Improvement Company by the village authorities. One permit is for a \$12,000 two-story brick veneer house at 1149 Cherry street. The other is for a \$10,000 residence at 1176 Oak street.

A. P. Canning, 881 Sheridan road, received a permit to add a sun-parlor and garage to his house at an estimated cost of \$3,000. Building permits for the past week totaled \$42,000.

A Personal Recommendation

IN selecting MARATHON MOTOR OIL to handle, we well knew the importance of choosing the best obtainable—for our customers are the kind who "come back."

After thorough investigation of the oils on the market, we found "MARATHON" to be scientifically prepared to fit the lubrication needs of the motor. The proper grade for each make of car or truck is listed in the Marathon Guide, and when so used, satisfactory results are guaranteed.

MARATHON MOTOR OIL is produced by a thoroughly responsible oil company—one which controls every operation from the derrick to the dealer.

Not every dealer is permitted to distribute "MARATHON." The makers were equally interested in investigating us as distributors, for every Marathon distributor must be suitably equipped to give efficient helpful service commensurate with the quality of the oil itself. Our personal recommendation goes with MARATHON MOTOR OIL. We know that it is "Best in the long run."
