

Gobbler and Two Men in Combat; Feathers Remain

Lost: one perfectly fattened Christmas turkey.

Found: a handful of fine turkey feathers.

Mrs. Duncan C. Macintyre, 822 Humbolt avenue, saw the turkey Wednesday evening as it perched high in the branches of an elm in the Macintyre gardens.

Later in the evening she heard a commotion in the garden and discovered a group of determined men in desperate combat with an equally determined turkey.

Early Thursday morning Mrs. Macintyre found a scattering of tail feathers on the scene of combat.

Now, did they, or did they not capture the turkey?

No, this is not a prize guessing contest.

COMMUNITY HOUSE CALENDAR

WEEK OF DECEMBER 11, 1922

On Saturday afternoon, December 16, at 3 o'clock, and Sunday evening, December 17, at 8 o'clock, the Christmas play, "Eager Heart," will be presented by the Community Drama Players. The Saturday presentation will be for the children of the village (except very young children) and the one Sunday evening will be for the grown-ups. These are open to the public without admission fee, as a Christmas offering from these players to the village.

On Thursday evening, December 14, at 9:30 o'clock, in the Gymnasium, Mrs. Edward Ellis has arranged for a class in Folk Dancing from Hull House to give an exhibition of its work, under the direction of Mr. Barborg. Any who are interested are cordially invited to attend.

Monday, December 11
All Day—Meeting of Walden Road Circle, Rooms 9, 10, 11.

Afternoon—In the Gymnasium. Two classes for small boys, at 3:45 and 4:30 o'clock. Blue Bird Groups, Rooms 4 and 9 at 4 o'clock. Kindergarten, Room 6 at 1:30 o'clock.

When Winter Comes

that roof you have neglected to take care of will be leaking.

Now is the time to reroof your home and stop the leaks that will cause dampness and decay to rot the supports and roof boards. Asphalt roofing s laid by Becker is everlasting. The preservative qualities and permanence of asphalt as used in the Becker process make it unnecessary to ever reroof your home.

Give us the opportunity to explain how this process has been the means of successfully making and laying 200,000 Barco roofs, some of which are in service twenty-three years.
