

**THE PUBLIC FORUM**

**BEWARE THESE "SHARKS"**  
The Lake Shore News.

Dear Friends:  
It is widely rumored that many unscrupulous efforts are being made to induce holders of 1918 "War" Savings Stamps to part with them for unstable investments or for considerably less cash than these stamps are actually worth. Vigorous effort is accordingly necessary to conserve the public interest.

You would therefore render a distinct service to your community by warning and strongly advising all owners of 1918 War Savings Stamps, which mature on January 1st, 1923, to accept not less for them than their face value of \$5 per stamp.

Please impress upon your readers the fact that, commencing at once they can exchange their War Savings Stamps for the 1923 issue of 4% "Treasury Savings Certificates," thus extending for five years longer the investment of their money in another profitable Government security, which likewise cannot possibly depreciate in value; or, if preferred, the said 1918 War Savings Stamps can be redeemed for their full face value, pay-

able in cash on January 1st, 1923.

These exchanges and redemptions can be readily effected now at any money-order Post Office or by application to the Federal Reserve Bank of Chicago, either direct or through local banking institutions. The Secretary of the Treasury has written full particulars to all the Banks and the Postmaster General has issued detailed instructions to the Post Offices covering conditions and necessary procedure.

A growing inclination of the people to save, and their desire to find a

safe re-investment for their money, leads Treasury officials to believe that a large part of the \$600,000,000 in War Savings Stamps soon to become due will be exchanged into Treasury Savings Certificates.

We are requesting all Bankers and Postmasters in the Seventh Federal Reserve District to cooperate in this important movement, and earnestly hope that you will join us. Thanking you in anticipation, I remain

Yours very truly,  
Wm. B. Bosworth,  
District Director.
