Mrs. John Marshall Is To Take Part in the Forthcoming Theatre Guild Production

**Winifred Gets All Well! Is Honored By Real Party**

Mr. and Mrs. John G. Dewar, 797 Pine street, Tuesday of this week gave a party for pupils of the fifth and sixth grades of the Horace Mann school in honor of their daughter, Winifred, who recently recovered from serious illness.

Her schoolmates remembered the little girl with gifts of flowers.

**TO COLD FOR PERMITS**

The annual winter building lull, which was apparent in Winnetka for the first time two weeks ago, has continued through the last week. No building permits have been issued by the superintendent of public works since February 5. Permits valued at \$5,000 were granted the week before.

**Woman's Club**

At the regular meeting of the Winnetka Woman's club on February 8, in the absence of the president, Mrs. Willoughby Walling, Mrs. Taliaferro Milton, vice-president, presided. The following notices were given:

The next regular meeting of the club will be Washington's Birthday. It will be an open meeting and a musical program is to be given by pupils of the Winnetka schools and New Trier high school. Husbands particularly are invited to this meeting.

Mrs. M. H. Leiber will conduct classes in Parliamentary Law, the course beginning February 9.

The Illinois League of Women Voters have on sale pamphlets on social hygiene in the clubrooms.

Interesting reports were read by Miss Ruth Matz, and Mrs. Dudley French, who were representatives of the club at the recent meeting of the Federation of Women's clubs of the Tenth Congressional district. A motion was unanimously carried to send a resolution to our senator and congressman regarding the Pueblo Indians of New Mexico. The resolution was to the effect of the disapproval of the Bursum and Snyder bill now pending before Congress and the recommendation of the Jones-Leatherwood bill.

The Club vigorously protests against the encroachments on the land and water rights of these law abiding people and hope it may be made possible for them to continue as self-respecting and self-supporting communities. The meeting was then turned over to the Educational Committee. Mrs. Gottlieb, chairman, introduced the speaker of the afternoon. Mr. Beatty, acting superintendent of the Winnetka schools, during the absence of Mr. Washburn abroad.

"This Socializing Influence of Schools" was his subject. Mr. Beatty said in part: "In the past years all that was necessary in schools everywhere was the standard of the three

R's. All schools are changing: Manual training, domestic science, as well as dramatic work are becoming necessary parts, all of which make for social development. The children of to-day have too much done for them at home so that they face life with no responsibility. The attitude of challenging authority is not popular in the present school. Work and service is the price of happiness which grows out of paying respect to the rights of others. Our schools must, above all, prepare our children for life as citizens if our democracy will succeed. Children should be taught to form definite and just opinions which should always be expressed to lead them to a life of service and personal responsibility."

The hostesses of the afternoon were Mrs. Earle S. Barber, Mrs. Lawrence Janney, Mrs. Ezra S. Taylor and Mrs. Walter F. Wallace.

**PREACHES IN EAST**

Rev. James Austin Richards, pastor of the Winnetka Congregational church, left Thursday on a brief visit to speak at Wellesley college, Walnut Hill school, and at his former church in Boston.

**Stores and Stores**

Perhaps you've thought of drug stores as being all alike.

They're not; good service in one may be coupled with an incomplete stock. A good stock in another may be joined with poor service.

We are earnestly trying to give you both in this store. Come in and let us prove it.

Smiling Service

**What does your washing cost?**

A laundress would cost you about \$200 a year, yet a Thor can be had for \$115. It's more costly to do without a Thor—even if you do the work yourself.

The Thor returns its price every year in the saving on clothes alone. Thor dissolves the dirt—does not pound or rub it out. There's great satisfaction, too, in having the clothes washed under your own sanitary, home conditions.

Let us show you why over three-quarters of a million women use the Thor. Come in today.
