"Courteous reader, if you would have my advise, I will give it to you in short; for a "word to the wise is enough" as Poor Richard says: "if you would be wealthy, think of saving as well as of getting."

The originators of the monthly payment mortgage plan which we offer must have been inspired by some of the savings in Franklin's Poor Richard's Almanac for this plan affords an unparalleled opportunity to save easily and consistently. We will gladly furnish full particulars.

CADILLAC SHOW MODELS

Please North Shore Motorists — —

THE show models of the Cadillac cars now on display at the Evanston branch have been the center of interest in North Shore motor circles during the past week. They will remain on display for a few days longer. The exhibit includes several cars in special body designs, colors and upholstery, as well as the standard designs and finishes.

Of special interest from a mechanical angle are the improvements on Cadillac Type 61. Among them is the thermostatically controlled carburetor which automatically adjusts itself to meet changing atmospheric conditions.
