

LENT SERVICES HOLD INTEREST

Attract Wider Attention than
Ever, Report

The special Lenten services at the Winnetka Congregational church are attracting wider attention than ever before. On Sunday evenings Rev. James A. Richards is delivering addresses on the life of Christ, and drawing parallels and contrasts between his experience and our Members of the church quartet are singing solos each evening.

Tuesday mornings Mr. Richards is giving a series of talks on Christian Fundamentals. In this course Bosworth's "What It Means To Be A Christian" is being used as supplementary reading.

Tuesday evening a group of neighboring ministers are coming to Winnetka to speak on essential Christian themes. The speaker next Tuesday evening will be the Rev. Von Ogden Vogt, who has many friends in Winnetka. The subject will be "The Religion of One God."

The services of Holy Week will follow out the plan of recent years, and will presently be announced.

School To View Picture "From Tree to Tribune"

Winnetka school children will have an opportunity to see the film, "From Tree to Tribune," a five reel moving picture belonging to the Chicago Tribune, next Wednesday when Charles A. Kinney, director of shop work in Winnetka schools, brings a moving picture projector to Skokie from the Francis Parker school, Chicago.

A small admission fee will be charged in order to pay the deficit which the Christmas toy shop incurred. All of the proceeds above the amount necessary to pay this deficit will be turned into a fund to buy a moving picture projector for the Winnetka schools. Arrangements for the feature are being handled by Mr. Kinney.

The movie will be for the public as well as for school children.

Mr. and Mrs. Harry L. Street, 592 Sheridan road, have returned from a six week's sojourn in Florida.

SECOND GRADE PUPILS SCORE HIT WITH DRAMA

Second grade pupils of the Horace Mann public school, Miss Luella Schwartz, teacher, gave an excellent Arabian program in the Assembly room of the school Wednesday morning of this week.

The play, "The Merchants and the Camel," was the outcome of a study of Arabia and was costumed and participated in the entire class.

The children were spontaneous and enthusiastic in their playing, and, young as they were, acted as their own stage managers and made their own announcements.

The play is one of a series being worked out by Miss Douglass Whitehead, supervisor in dramatics in the public schools, and the teachers in the different schools of the village. An attempt is being made to use the geographical, historical and other social studies of the children as a ground work for the plays, and to weave in the art, music and dances of the countries studied.

The pupils of Soren Ostergaard, principal of Horace Mann school and of Miss Cleveland, teacher of the fifth grade at that school, have already given a number of plays based on American history and invention, and others are in course of preparation.
